Living Justice Thomas Massaro, 2011-10-16 For over a decade Living Justice has introduced readers to Catholic social teaching. Grounded in scripture, theology, reason and experience, these faith based principles for promoting justice and peace in modern society have inspired a remarkable burst of social activism in recent decades. The second classroom edition has been revised and updated throughout while maintaining the book's accessible introduction to both the foundations of Catholic social teaching and social justice in the world today. Living Justice leads readers step by step through the building blocks of Catholic social thought including its central themes, sources and methods. Along the way, readers encounter great heroes of social change and prophets of peace and justice. Key updates to the second classroom edition include further reflection on the use of the just war theory in light of events in Iraq and Afghanistan, the revival of terrorist threats, the papacy of Benedict XVI, the social encyclical Caritas in Veritate, the recent financial crisis, business ethics today and ongoing environmental concerns. With its helpful resources including discussion questions and an annotated list of print and web resources on Catholic social teaching, Living Justice remains a perfect text for courses on social justice.

Sustainable Development Goals and the Catholic Church Katarzyna Cichos, Jarosław A. Sobkowiak, Ryszard F. Sadowski, Beata Zbarachewicz, Radosław Zenderowski, Stanisław Dziekoński, 2020-11-29 This book identifies both the consistencies and disparities between Catholic Social Teaching and the United Nations' UN Sustainable Development Goals (SDGs). With Pope Francis' Laudato si' encyclical, Catholicism seems to be engaging more than ever with environmental and developmental concerns. However, there remains the question of how these theological statements will be put into practice. The ongoing involvement of the Catholic Church in social matters makes it a significant potential partner in issues around development. Therefore, with the use of the comparative method, this book brings together authors from multiple disciplines to assess how the political and legal aspects of each of the UN's 17 SDGs are addressed by Catholic Social Teaching. Chapters answer the question of how the Catholic Church evaluates the concept of sustainable development as defined by the Agenda 2030 Goals, as well as assessing how and if it can contribute to shaping the contemporary concept of global development. Examining the potential level of cooperation between the international community and the Catholic Church in the implementation of the Agenda 2030 Goals, this volume will be of keen interest to scholars of Catholic Studies, Religious Studies and the Sociology of Religion, as well as Environmental Studies and Development Studies.

Globalization and Catholic Social Thought John Aloysius Coleman, William F. Ryan, 2005 Contributors to this volume assess the meaning of globalization and the capacity of Catholic social thought to understand reform and guide it.

Teaching Kevin Ahern, Bernard Evans, Anne Y. Koester, Thomas Massaro, Dawn M. Northwehr, Timothy P. O'Malley, Thomas Scirghi, Kate Ward, Catholic social teaching guides us in how we are to live the Gospel in today's world. Liturgy forms us in these teachings and sends us out into the world to give witness to the Gospel. Organized by the seven themes of Catholic social teaching as developed by the United States bishops, this resource explores the intimate connection between liturgy and Catholic social teaching. It provides insights for parish teams on how Catholics might better live what it is we celebrate each time we gather to worship God and express more fully consciously and actively what it means to be in right relationship with God and the world. With questions for discussion and reflection following each thematic chapter, worship teams, parish councils, and peace and justice committees will be able to evaluate and improve parish liturgical practices and ministerial outreach as rooted in Catholic social teaching. With penitential services organized by each of the seven themes, this resource also provides parishioners with the means to examine their own consciences, make acts of reparation, and resolve to be more committed to following the teachings of the Church. Liturgy and Catholic Social Teaching resource is sure to help build a world that more closely reflects the love and mercy, justice and peace of God.

The Catholic Social Teaching (CST) Rome Exchange Advanced Training Experience (CREATE) is the new initiative of the Faculty of Social Science (FASS) at the Pontifical University Saint Thomas Aquinas (Angelicum) in Rome. Currently focused on Central and Eastern Europe (CEE), it provides ways for students and experts in Catholic social teaching (CST) to access resources and training in Rome so as to develop their knowledge and their capability in using CST for resolving problems faced in their local reality. Catholic social teaching (CST) Rome Exchange Advanced Training Experience starts from two basic ideas:

1. Catholic social thought is a powerful resource in the mission of the Church today, but often it needs to be more widely known and better operationalised in practical situations.
2. Rome is a centre for the development of Catholic social thought by bringing students and experts to Rome for short or longer stays; we can help them to improve their knowledge of CST and practical skills in implementing it while ensuring that they stay connected with their home region.

CREATE is an integrated set of 5 activities:

1. Council EC: a network of professors and experts from different Catholic Higher Education Institutions (CHEIs) in the region meeting once a year in Rome.
2. CREATE Prize CP: an annual competition starting in 2021 for an original essay by a young researcher/student from the CEE on some application of CST to society.
3. Salamanca Process Scholarships (SP): doctorate scholarship and post doc scholarships for Dominican candidates (sisters and brothers) from Central and Eastern Europe as part of the Salamanca Process of the Dominican Order.
4. Laudato si Scholarships (LS): doctorate and post doc scholarships for young people from the CEE region to develop their research in their home countries and institutions with support from FASS professors. Laudato si scholars will come in Rome regularly over a 2-3 year period in order to take advantage of the resources provided by the FASS and the central Catholic institutions in Rome.
5. CST Toolkit Scholarships (TX): a semester-long programme of courses in CST.

January to June starting in 2022 for CEE students at the masters or doctorate level
