Globalisation And The Asia Pacific Contested Territories:

Globalisation and the Asia-Pacific Kris Olds, 1999 Most books that analyse the crucial subject of globalisation only look at it from a western perspective This is the first detailed study to look at globalisation specifically in the Asia Pacific region An impressive collection of leading interdisciplinary scholars explore various dimensions of globalisation and their relationship to development processes in the region *The Asia-Pacific, Regionalism and the Global System* Christopher M. Dent, Jörn Dosch, 2012-01-01 Dent and Dosch have put together a superb volume that explores new dimensions of the world events for the past five decades and take decrypting the processes of regionalism global system and world society to a new height The contributors have enhanced our understanding of how regionalism has been changing when a world society will be created and why East Asia s centrality matters in this unfolding drama Policymakers academics and mass media opinion makers will find the book useful provocative and refreshing Eul Soo Pang Institute of Southeast Asian Studies Singapore Ever since the Asia Pacific transformed from an institutional desert into one of the most networked areas in the world questions of the region s future and the future of the global system have become closely intertwined This volume explores the key issues of regional co operation economic and political integration security relations and international affairs within and across the Asia Pacific The expert contributors shed critical light on how significant developments are impacting on the global system In particular they consider emerging forms of global governance and how the Asia Pacific as a region individual countries such as China Japan South Korea and the US and regional organisations and forums like APEC are shaping the world Uniquely the discussion is not limited to East Asia but also takes Latin America prominently into the equation This timely book will prove to be a stimulating read for academics students researchers and policymakers with an interest in Asian studies development and agriculture economics international studies **Interconnected Worlds: Tourism in Southeast Asia** K.C.

Ho, 2001-07-05 Examines the political discourse behind tourism presenting some questions regarding the tensions associated with the interconnections This title focuses on deterritorialisation and the development of fresh regionalisms paying specific attention to collaborative efforts in tourism development **Work and Employment in a Globalized Era** Yaw A.

Debrah, Ian G. Smith, 2014-03-18 Looking at the change in work brought about by globalization this text examines how global competitive pressures in Asia are transforming workplace relations and impacting on strategies of managers as well as the responses and behaviours of trade unions and employees The volume brings together research from Australia and New Zealand as well as from China Japan Malaysia and Singapore to illuminate our understanding of what is actually happening to organizations workforces employee groupings and individual employees as a result of globalization and the intensification of global competition in Pacific Asia **Asia-Europe Cooperation After the 1997-1998 Asian Turbulence** Chyungly

Lee, 2017-11-01 This title was first published in 2000 When the second Asia Europe meeting took place in London in April 1998 the EU s economic motivation of building strong links with Asia was challenged by the ongoing Asian economic crises

that broke out in mid 1997 The political and social turmoil that ensued in many East Asian economies not only urges the re examination of the East Asian economic miracle but also reprioritizes the regional agenda and thus embarks on a new environment for Asia Europe co operation The impact of this Asian turbulence on the establishment of the long term Asia Europe equal partnership in general and the ASEM process in particular are addressed in this book based on the conclusions of the 1998 Asia Europe Co operation Forum The aim of this book is to examine the background causes responses prospects and lessons of the first wave of financial crisis in Southeast Asia and to then move on to an analysis of developments in Asia Europe co operative relations after the onset of the crisis It examines the importance of continued interregional economic co operation between ASEAN and the EU looks at the economic impact of the 1997 98 East Asian financial crisis on the EU and analyzes the economic fabric of ASEM In the final chapter the book explores how the ASEM process has furthered the development of interregionalism in world affairs and discusses how the crisis has led to uncertainty for the organization s future development

Globalization, Regionalization and Business M. Schelhase, 2008-10-01 The book provides new insight into the role of organised business interests It supports the concept of political economy and demonstrates how it transcends the limitations of CPE or IPE to form a coherent whole The book maps the conflict convergence and influence of organized business interests in the context of regional integration

Landscapes of Globalization Philip F. Kelly, 2012-10-02 In this critical and sophisticated analysis Philip F Kelly challenges the conventional definition of globalization as an irresistible and inevitable force to which societies must succumb By tracing the consequences of global economic integration in the Philippines he argues that global processes are constituted accommodated mediated and resisted in social processes at multiple scales from the national economy to the village and the household

Heteroglossic Asia Francis Chia-Hui Lin, 2015-01-09 *Heteroglossic Asia* presents an analysis of geographic historical cultural economic spatial and political factors underlying Taiwan s maritime urbanity by means of case studies based on Taipei and Kaohsiung two cities which represent the multi accentual character of Taiwan s urban environment and its recent changes and development through architecture Focussing on the concept of a heteroglossic Asia Pacific exemplified by the analysis of Taiwan s urban transformation the study argues that Taiwan s urban environment shows a form of intended fuzziness which cannot be described as resting on either a simplified nationalist base or chaotic societal anxiety Rather this form lies between binary poles autocracy and democracy nation state and day to day life top down and bottom up orientations orthodoxy and hybridisation

Tourism and Gastronomy Anne-Mette Hjalager, Greg Richards, 2003-08-27 In recent years a growing emphasis has been placed on tourism experiences and attractions related to food In many cases eating out while on holiday includes the consumption of a local heritage comparable to what is experienced when visiting historical sites and museums Despite this increasing attention however systematic research on the subject has been nearly absent Tourism and Gastronomy addresses this by drawing together a group of international experts in order to develop a better understanding

of the role development and future of gastronomy and culinary heritage in tourism Students and researchers in the areas of tourism heritage hospitality hotel management and catering will find this book an extremely valuable source of information

The Chinese Diaspora Laurence J. C. Ma, Carolyn L. Cartier, 2003 In this first book to explore the Chinese diaspora from geographical perspectives leading scholars in the field consider the profound importance of meanings of place and the spatial processes of mobility and settlement for the Chinese overseas They trace the Chinese diaspora everywhere it has become a significant force from Southeast Asia to Oceania North America Latin America and Europe Providing an important historical perspective the contributors analyze the sharp differences between sojourning Chinese prior to the 1960s and the transnational Chinese of the current era especially in terms of spatial distribution mobility economic status occupational structure and identity formation Anyone interested in the powerful phenomenon of Chinese migration will find this comprehensive work an invaluable resource

The International Political Economy of Transformation in Argentina, Brazil and Chile Since 1960 E. Pang, 2002-09-06 This book is about how the three most important countries in South America have responded to the challenges of globalization since the mid 1960s the first OPEC price hike the Third World debt crisis leading to the lost decade for the continent and finally bold but often ill planned neo liberal reforms of the 1990s Latin America will experience another cycle of structural changes in the coming decades as the reforms of the 1980s and 1990s failed to produce the desired effects social justice fair income distribution sustainable growth and consolidation of democracy

Banking on Knowledge Diane Stone, 2003-09-02 Banking on Knowledge is one of the first studies of how the World Bank is reinventing itself as the Knowledge Bank The book addresses how international organizations and governments are developing partnerships with think tanks research institutes and other knowledge institutions in the hope of informing and improving policies for reform and development around the world The book focuses on the recently established Global Development Network GDN The GDN is a new and ambitious initiative sponsored by the World Bank which is possibly the largest worldwide non governmental enterprise aimed at producing knowledge as a public good on a global scale Timely original and provocative this book is essential reading for students researchers policy makers and professionals with an interest in the future of the World Bank the strategies of think tanks and the changing nature of development

The Group of Seven Andrew Baker, 2006-05-09 We are now in the era of the G8 although the G7 still exists as a grouping for Finance Ministers Why do G7 finance ministries and central banks co operate What are the implications of this co operation for US power and the abilities of the other six states to exercise leadership What role do the G7 play in global financial governance How much authority do they possess and how is that authority exercised This is the first major monograph on the political economy of G7 finance ministry and central bank co operation It argues that to understand the contribution of the G7 to global financial governance it is necessary to locate the process in the context of a wider world financial order comprised of decentralized globalization It also provides original case study material on the G7 s contribution to macroeconomic

governance and to debates on the global financial architecture over the last decade It assesses the G7's role in producing a system of global financial governance based on market supremacy and technocratic transgovernmental consensus and articulates normative criticisms of the G7's exclusivity For researchers in the fields of IR IPE generally postgraduate students in the field of international organization and global governance policy makers and financial journalists this is the most extensive analysis of the G7 and the political economy of global financial governance to date

Civil Society and Global Finance Albrecht Schnabel, Jan Aart Scholte, 2003-09-02 This key text brings together twenty activists officials and researchers from the five continents to discuss this burning question of today's globalization debate Providing rare authoritative analyses by those who deal with the issues first hand Civil Society and Global Finance is rich in insight and policy ideas for decision makers students and concerned citizens

Rethinking Empowerment Jane L. Parpart, Shirin M. Rai, Kathleen A. Staudt, 2003-08-29 Rethinking Empowerment looks at the changing role of women in developing countries and calls for a new approach to empowerment An approach that adopts a more nuanced feminist interpretation of power and empowerment recognises that local empowerment is always embedded in regional national and global contexts pays attention to institutional structures and politics and acknowledges that empowerment is both a process and an outcome Moreover the book warns that an obsession with measurement rather than process can undermine efforts to foster transformative and empowering outcomes It concludes that power must be restored as the centrepiece of empowerment Only then will the term and its advocates provide meaningful ammunition for dealing with the challenges of an increasingly unequal and often sexist global local world

Towards a Global Polity Morten Ougaard, Richard A. Higgott, 2002 While one world government is not on the cards the globalisation of political life has progressed significantly over the last decades This volume starts out from the idea of the world as one interconnected political system

The Political Consequences of Anti-Americanism Richard Higgott, Ivona Malbasic, 2008-07-31 This book puts anti Americanism into a contemporary context and analyzes some of its political consequences It explores networks culture and foundations and security issues providing regional and country studies

Regulating the Global Information Society Christopher Marsden, 2005-07-27 An outstanding line up of contributors explore the regulation of the internet from an interdisciplinary perspective In depth coverage of this controversial area such as international political economy law politics economics sociology and internet regulation Regulating the Global Information Society covers the differences between both US and UK approaches to regulation and establishes where policy is being made that will influence the future direction of the global information society from commercial democratic and middle ground perspectives

New Regionalism in the Global Political Economy Shaun Breslin, Christopher W. Hughes, Nicola Phillips, Ben Rosamond, 2002-08-22 Following the financial crisis at the end of the twentieth century regionalisms in the global political economy have evolved in a number of ways This informative book brings together the leading scholars in the field to provide cutting edge analyses of contemporary regions

and regionalist projects Providing an innovative integration of theoretical and empirical research *Globalising Intellectual Property Rights* Duncan Matthews, 2003-09-02 In *Globalising Intellectual Property Rights* Matthews looks at various aspects of the TRIPS Agreement agenda setting legal interpretation implementation enforcement and revision from the viewpoint of global business interests and developing countries It is argued that the Agreement was largely the result of an initiative by multinational companies who sought to protect their own intellectual property through international law and furthermore that it is these multinational companies who are now its main guardians The book concludes that the history of the TRIPS Agreement and the role of business is a clear example of governance by non state actors on a global scale This book will be of interest to students and researchers in the fields of international relations intellectual property law international economic law and development studies
