Glorious Angels:

Jesus and the Angels Peter R. Carrell, 1997-07-10 This book first published in 1997 examines the influence of angelology on the christology of the Apocalypse of John In the Apocalypse Jesus appears in glorious form reminiscent of angels in Jewish and Christian literature in the period between 200 BCE and 200 CE Dr Carrell asks what significance this has for the christology of the Apocalypse He concludes that by portraying Jesus in such a way that he has the form and function of an angel and yet is also divine the Apocalypse both upholds monotheism and at the same time provides a means for Jesus to be presented in visible glorious form to his Church **The Works ...** Jonathan Edwards, 1852 **The Workes of ... Svigel, Caroline P. Buie, 2023-07-31 From its original composition and wide distribution in the early second century the Shepherd of Hermas has both puzzled and intrigued readers with its strange images surprising language and challenging rhetoric Today both critical and confessional scholars struggle with placing its message in its original historical theological context while lay readers find the work to be riddled with countless puzzles To help dispel some of the mystery and misunderstandings concerning the Shepherd of Hermas this volume offers a new lucid translation that recreates the original colloquial tone of the work Accompanying the translation is a commentary that unpacks the meanings of the ancient text Alongside these a number of introductions focus on matters of date authorship genre theological and practical content and the writing's relationship to other ancient literature

Orlov, 2021-11-11 This book explores the early Jewish understanding of divine knowledge as divine

presence which is embodied in major biblical exemplars such as Adam Enoch Jacob and Moses The study treats the concept of divine knowledge as the embodied divine presence in its full historical and interpretive complexity by tracing the theme through a broad variety of ancient Near Eastern and Jewish sources including Mesopotamian traditions of cultic statues creational narratives of the Hebrew Bible and later Jewish mystical testimonies Orlov demonstrates that some biblical and pseudepigraphical accounts postulate that the theophany expresses the unique corporeal nature of the deity that cannot be fully grasped or conveyed in some other non corporeal symbolism medium or language The divine presence requires another presence in order to be transmitted To be communicated properly and in its full measure the divine iconic knowledge must be written on a new living body which can hold the ineffable presence of God through a newly acquired ontology Embodiment of Divine Knowledge in Early Judaism will provide an invaluable research to students and scholars in a wide range of areas within Jewish Near Eastern and Biblical Studies as well as those studying religious elements of anthropology philosophy sociology psychology and gender studies Through the study of Jewish mediatorial figures this book also elucidates the roots of early Christological developments making it attractive to Christian audiences
