comedians such as Stewart Lee Josie Long Joe Wilkinson and Mark Thomas and examples of comic material on everything from revolution terrorism and homosexuality to knitting and the inefficiency of the home shower it explores comedy's role in determining our attitudes and opinions While revealing the conventions comics use to manage audience response Sophie Quirk demonstrates how comedy audiences allow themselves to be manipulated and the potential harm and real benefits that may arise from just being funny

A Philosophy of Comedy on Stage and Screen Shaun May, 2015-12-17 As far as we know only human beings have a sense of humour although chimps might laugh when tickled and dogs respond similarly in play Seth McFarlane's fan base is comprised exclusively of humans Whilst animals and robots might feature as prominent characters in our favourite comic movies shows and stand up routines we have no reason to suspect that their real life brethren get the joke Drawing on the philosophy of Martin Heidegger Shaun May attempts to address this issue suggesting that there is something distinctive about human beings which grounds our ability to make and comprehend jokes Guiding the reader through a range of examples including the films of Charlie Chaplin the stand up of Francesca Martinez the TV show *Family Guy* and Samuel
