Gloucester On The Wind:

Gloucester on the Wind Joseph E. Garland, 1995 Since the development of photography in the mid nineteenth century the camera has been used as a tool of both discovery and preservation Photographs bring alive our image of the past and can open a floodgate of memories and nostalgia or inspire curiosity and a sense of history Originally founded by a fishing company from Dorchester England in 1623 Gloucester has always been linked to fishing and the sea By 1870 Gloucester was the leading fishing port in the Western Hemisphere and its great fleet of fast white winged schooners ranged deep into the heart of the Atlantic in search of cod haddock halibut and mackerel These stunningly beautiful ships and the hardy men who sailed them made Gloucester an evocation of courage perseverance and seamanship unique in America s maritime heritage
