Gnosis The Mysteries And Christianity An Anthology Of Essene Gnostic And Christian Writings:

Gnosis, the Mysteries and Christianity Andrew J. Welburn, 1994 Modern Christianity has been subjected to many re interpretations which seek to remove elements of mythology and to de mystify its traditions But there is also a parallel development in which a strong current of renewal finds inspiration from the spirit and essential character of the early Churches The texts of the Dead Sea Scrolls and Nag Hammadi and more recent research on ancient documents have thrown an unexpected light on the roots and emerging faith of the first Christians Fresh insights into these texts reveal that the early Christians drew inspiration from a number of sources such as the Judaic mystery tradition the Essenes and other gnostic sects Andrew Welburn presents a selection of the most important early texts together with an authoritative and fascinating commentary He shows how the new insights gained into the writings of the early Christian reaffirm the fundamental mysteries at the heart of Christianity

The Christian Mystery Rudolf Steiner, 1998 In this major collection Rudolf Steiner affirms the reality of esoteric Christianity and unveils many of its secret teachings His lectures are on the significance of the Mystery of Golgotha and of the Blood that flowed on the Cross the relationship of Christ and Lucifer or Love and Knowledge the various paths of initiation including the Christian Gnostic and Rosicrucian Paths and Steiner's early interpretations of St John's gospel and the sermon on the mount All of Steiner's lectures on the Lord's Prayer are also included as well as the version of the prayer that Steiner himself prayed throughout his life This is an excellent book for all those who want to deepen their understanding of the Western stream of Christian esotericism and Rudolf Steiner's approach to Christianity as a spiritual practice

The Encyclopedia of Christianity Erwin Fahlbusch, Geoffrey William Bromiley, 1999 The Encyclopedia of Christianity is the first of a five volume English translation of the third revised edition of Evangelisches Kirchenlexikon Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries Social and cultural coverage is given to such issues as racism genocide and armaments while historical content shows the development of biblical and apostolic traditions This comprehensive work while scholarly is intended for a wide audience and will set the standard for reference works on Christianity Outstanding reference sources

Steiner, 2022-09-06 12 lectures Hamburg May 18 31 1908 CW 103 It was Steiner's intention in these lectures to establish the ways in which this Gospel and its author Lazarus John the one Christ called the beloved disciple provided one of the surest paths to an understanding of the profound relationship of Christ to each human person and to Earth He leads his audience and us readers to an understanding of Lazarus John unknown even to the other three primary evangelists Matthew Mark and Luke who wrote their Gospels several decades before Lazarus John Robert McDermott from the introduction In these twelve profound lectures Rudolf Steiner uncovers and reclaims the essential truths of Christianity illuminating the Gospel of John in all its majesty power and far reaching significance Foremost among the revelations to be found here is the identity of the writer of John's Gospel the risen Lazarus the disciple whom the Lord loved Lazarus John the first to be initiated by Christ Himself wrote his Gospel out of the deepest wellsprings of knowledge implanting within it vital spiritual forces As Steiner states in the final lecture of this volume This Gospel is not a textbook but a force that can work within our souls It is this force living in the words and rhythms of John's Gospel that purifies the soul transforming it in the language of esoteric Christianity into the Virgin Sophia receptive to the Holy Spirit Along this path we come to recognize that Christianity far from being a codified system of beliefs is a living power within the evolution of humanity a power that is only at the beginning of its activity What Steiner calls the Mystery of Golgotha the death and resurrection of Christ stands as the turning point of time the event through which the Earth receives its meaning The effects of this event and the further activity of Christ as the Spirit of the Earth will continue to evolve from year to year century to century until one day in the distant future Christianity will fulfill its mission This cannot happen however until Christianity is understood in its true spiritual form This lecture cycle is an essential guide to understanding the true mission of Christianity a guide to spiritualizing the Earth transforming the Cosmos of Wisdom into the Cosmos of Love As with all great books The Gospel of John not only imparts knowledge it can also change you Our lectures on the Gospel of John will have a double purpose One will be the deepening of the concepts of anthroposophy themselves and their expansion in many directions and the other will be to make this great document itself comprehensible by means of the thoughts that will arise in our souls in consequence of these deepened and expanded concepts I beg you to hold clearly in mind that it is the intention of these lectures to proceed in these two directions It should not be simply a question of arguments about this Gospel but rather that by means of the latter we shall penetrate into the deep mysteries of existence We should hold very clearly in mind how the perspective of anthroposophy must be developed when we are dealing with any of the great historical records handed down to us by the different religions of the world Rudolf Steiner lecture 1 This volume is a translation from German of *Das Johannes Evangelium* GA 103 Cover image The Raising of Lazarus by William Blake 1757 1827 Pencil pen ink and watercolor on paper 11 6 x 16 Aberdeen Art Gallery Scotland *A Western Approach to Reincarnation and Karma* Rudolf Steiner, 1997-10 I came forth from the mouth of the Most High and covered the earth like a mist I encamped in the heights and my throne was in a pillar of cloud Alone I

compassed the vault of heaven and traversed the depths of the abyss Over waves of the sea over all the earth and over every people and nation I have held sway Before the ages in the beginning he created me and for all ages I shall not cease to be Eccl 24 3 6 9 Sophia the world soul fell from her place in the heavens to the chaos below Sophia is among the most haunting and mysterious figures in Western spirituality She is also one of the great symbols of the divine feminine in world civilization The personification of divine Wisdom Sophia is praised in the biblical book of Proverbs as co creator of the universe with God In the secret teachings of early Christianity known as Gnosticism she represents our shared consciousness trapped in the material world as a result of the Fall One of the most sublime Gnostic texts is the Pistis Sophia or Faith Wisdom a great allegory in which the resurrected Christ explains how he freed the divine Sophia from her imprisonment by the forces of spiritual wickedness Christ goes on to show his disciples how they will share in this cosmic act of redemption In this profound yet accessible work Egyptologist Violet MacDermot gives us a fresh translation of the Pistis Sophia from the Coptic and discusses it in its historical setting She also shows us how Sophia s story of is our story It is a tale of our separation and isolation as a result of ego consciousness but it is one in which we too can share spiritual liberation Her engaging discussion relates this work not only to ancient teachings but to the thought of C G Jung Emanuel Swedenborg and the Kabbalah

Christianity as Mystical Fact Rudolf Steiner, 1997-05 Written 1902 CW 8 As simultaneously mysticism and fact Christianity is a breakthrough in the historical development of humanity for which the mysteries with the results that they brought about form a prior evolutionary stage Rudolf Steiner During the fall and winter of 1901-02 Steiner gave a series of lectures called Christianity as Mystical Fact to members of the Theosophical Society The lectures were rewritten and issued as a book later that year They mark a watershed in the development of Western esotericism Steiner wrote of the idea behind his book The title Christianity as Mystical Fact was one I gave to this work eight years ago when I gathered together the content of lectures given in 1902 It was meant to indicate the special approach adopted in the book Its theme is not just the mystical side of Christianity in a historical presentation It was meant to show from the standpoint of a mystical awareness how Christianity came into being Behind this was the idea that spiritual happenings were factors in the emergence of Christianity which could only be observed from such a point of view It is for the book itself to demonstrate that by mystical I do not in any way imply a vague intuition rather than strict scientific argument In many circles mysticism is understood as just that and therefore it is distinguished from the concerns of all genuine science In this book however I use the term to mean a presentation of spiritual reality a reality accessible only to a knowledge drawn from the sources of spiritual life itself Anyone who denies the possibility of such knowledge in principle will find its contents hard to comprehend any reader who accepts the idea that mysticism may coexist with the clarity of the natural sciences may acknowledge that the mystical aspect

of Christianity must be described mystically This is a significant book for Steiner's own development that of Western esotericism and our own understanding of the Christ event Readers will find the evolutionary development from the ancient Mysteries through the great Greek philosophers to the events portrayed in the Gospels Included are an informative introduction and annotated notes by Andrew Welburn and an afterword by Michael Debus a priest of The Christian Community who summarizes the book and places it in context This book is a translation from German of *Das Christentum als mystische Tatsache und die Mysterien des Altertums* GA 8 Cover image Photo of Bordeaux Cathedral by James Nicholls

Welburn, 1998 Manicheism based on the teachings and revelations of the third century Persian mystic Mani was for over 1000 years one of the major religions rivalling Christianity Islam and Buddhism Its widespread influence is found in Eastern and Western thought alike from Tibetan Buddhism to the young Augustine of Hippo 20th century archaeology has restored to us a number of their books often of great artistic beauty in which the Manicheans embodied their knowledge This book brings together some of the fragmented texts with a commentary that chronicles the new light now being thrown on the relationship between Mani's religion of light and Christianity **María Magdalena** Lynn Picknett, 2014-11-01 Lynn Picknett elabora aquí un riguroso ensayo destinado a reescribir la historia de uno de los personajes más enigmáticos y fascinantes del Nuevo Testamento María Magdalena fue antes que nada una disidente alguien que no armonizó del todo con la gente y la cultura de su tiempo explica la autora Hoy hemos comenzado a sospechar que no se trata de la prostituta redimida creada por la tradición eclesástica con fines doctrinales y de control ideológico Ante nosotros se dibuja poco a poco el perfil de una mujer cuya personalidad y acciones nos obligan no sólo a reconsiderar su papel dentro del drama bíblico sino también en lo que respecta al surgimiento de la nueva religión **Scottish Libraries**, 1994
