Resurrection and Reception in Early Christianity Richard C. Miller,2014-12-17 This book offers an original interpretation of the origin and early reception of the most fundamental claim of Christianity Jesus resurrection Richard Miller contends that the earliest Christians would not have considered the New Testament accounts of Jesus resurrection to be literal or historical but instead would have recognized this narrative as an instance of the trope of divine translation common within the Hellenistic and Roman mythic traditions Given this framework Miller argues early Christians would have understood the

resurrection story as fictitious rather than historical in nature By drawing connections between the Gospels and ancient Greek and Roman literature Miller makes the case that the narratives of the resurrection and ascension of Christ applied extensive and unmistakable structural and symbolic language common to Mediterranean translation fables stock story patterns derived particularly from the archetypal myths of Heracles and Romulus In the course of his argument the author applies a critical lens to the referential and mimetic nature of the Gospel stories and suggests that adapting the translation fable trope to accounts of Jesus resurrection functioned to exalt him to the level of the heroes demigods and emperors of the Hellenistic and Roman world Miller s contentions have significant implications for New Testament scholarship and will provoke discussion among scholars of early Christianity and Classical studies **Religious Reflections on the Human**

Being Conformed to Christ in Community James G. Samra, 2008-09-15 This work explores Paul s conception of maturity paying special attention to the maturation process and the role of the local church in facilitating this process Although central to Paul s theology maturity is often overlooked in Pauline studies An exegetical theological study of the seven generally accepted epistles this work makes heuristic use of three studies for the purpose of illuminating Paul s thoughts regarding maturity a survey of modern psychology and analyses of the communities of Qumran and of the Therapeutae Samra argues that Paul understood his apostolic commission to involve delivering mature believers on the day of Christ Samra suggests that the central motif of Pauline maturity is conformity of believers to the image of Christ and that believers attitudes and actions become aligned with those exhibited by Christ who provides the defining standard of maturity for Paul For Paul there are five means used by the Spirit to conform believers to the image of Christ which Samra presents and analyzes as components of the maturation process namely identifying with Christ enduring suffering experiencing the presence of God receiving and living out wisdom from God and imitating a godly example Samra concludes by arguing that Paul expected the local church to facilitate maturation so that believers participation in a local assembly would result in their

being conformed to Christ The church does this by facilitating the five components of the maturation process *The Colonial Compromise* Miguel A. De La Torre,2020-12-04 This book explores the different types of compromises Indian people were forced to make and must continue to do so in order to be included in the colonizer s religion and culture The contributors in this collection are in conversation with the contributions made by Tink Tinker an American Indian scholar who is known for his work on Native American liberation theology The contributors engage with the following questions in this book How much of one s identity must be sacrificed in order to belong in the world of the colonizer How much of one s culture requires silencing And more importantly how can the colonized survive when constantly asked and forced to compromise Specifically what is uniquely Indian and gets completely lost in this interaction Scholars of religious studies American studies American Indian studies theology sociology and anthropology will find this book particularly useful *The Conceptual Worlds of the Fourth Gospel* Charles B. Puskas,C. Michael Robbins,2021-01-08 Over under and through John s story of Jesus are unforgettable ideas and concepts profoundly simple and simply profound for the author s own audience and beyond These ideas did not originate in a vacuum They have recurred and been repeated before and after the writing of the Fourth Gospel For this reason we will examine the meaning of its words and themes in the context of its Jewish Greco Roman milieu Much of our intertextual understanding will be derived from alleged parallels that involve comparisons of similar vocabulary and phrases as well as parallel concepts and images from the Old Testament the Dead Sea Scrolls Philo and other relevant writings Such parallels will help to determine the meaning of a word or expression the translation of a particular language determining any direct influences upon the Fourth Gospel parallel traditions or the influence of its ideas as a creative and inspiring work of later antiquity [The Acts of Paul](#) Richard I. Pervo,2014-03-17 This is the most complete translation of the Acts of Paul in English together with a detailed commentary The orientation is primarily literary with detailed attention to the history of composition and revision Unlike many studies this commentary does not focus upon the story of Thecla *The Watkins Dictionary of Magic* Nevill Drury,2012-01-01 Over 3000 authoritative cross referenced entries covering magical traditions from all around the world *Bibliographic Guide to Psychology* New York Public Library.
