

A dramatic Baroque-style painting. In the center, a winged figure, possibly an angel or a personification of a deity, is depicted in a dynamic, almost falling pose. He wears a vibrant red robe and holds a long, thin staff or scepter. A banner or ribbon is attached to the staff, bearing the Latin inscription "ECCE AGNUS DEI" (Behold the Lamb of God). The figure's right arm is outstretched, and his left hand grips the staff. In the upper right corner, a small, cherubic angel with wings and a halo looks down. The lower portion of the image shows the heads and shoulders of several figures, including a man with a beard and a turban, looking up at the central figure. The background is dark and atmospheric, with soft light highlighting the figure in red.

The Gnostics and Their Remains C. W. King, 2020-04-21 In the mid 19th century eighty years before the chance discovery of a treasure trove of Gnostic manuscripts in a dump in Egypt C W King collected what was known about the Gnostics in this book At that time there were only three sources of information on Gnosticism polemics against them by early Christian writers the Pistis Sophia and a jumble of confusing images and cryptic inscriptions on Roman era gems and amulets In spite of all of the missing jigsaw pieces King managed to assemble a picture of the Gnostics which is still cited today as authoritative Rather than one monolithic group the Gnostics had very diverse beliefs Some thought that Jesus was a man while others thought that he was a God and some believed that he became a God only after he was baptized Some believed in a struggle between good and evil others were non dualistic Most had widely varying intricate systems of intermediaries between the ultimate deity and humanity On the face of it this looks polytheistic but instead was an attempt to solve the problem of how a perfect God could create an imperfect world Many of these Aeons later became the demons and angels of Medieval and Renaissance magic King seeks links to Gnostic symbols and beliefs far afield from India to the Templars Rosicrucians and Illuminati He discusses Mithra and Serapis worship and gives many examples of Roman and Greek magical spells and talismans He discusses the fudged birthdate of Jesus Masons marks and Simon Magus The book is a fascinating tour of hidden knowledge
