original and the earliest popular dramatizations of it which transformed the myth adding a burlesque quality and simplifying its moral allegory and continuing on through the advent of cinema He also documents this development with actual texts of seven pre 1931 dramatizations a sampling of cartoons and playbills and a shooting script for the first cinematic version Thomas Edison's *Frankenstein* 1910 Forry's rare materials and interesting survey offer a valuable resource for scholars and students of theater history literary history and popular culture
