## Go Ahead Be So Emotional:

**Going Solo** Genevieve Roberts, 2019-04-18 *Going Solo* is the empowering and uplifting story of one woman's choice to become a single mother. I hope this story gives hope to anyone who wants children and to anyone who finds themselves single. Not to follow this path necessarily but to remember that there are always many options. Aged thirty-seven, single and having experienced two miscarriages, Genevieve Roberts found out that her fertility levels were dwindling. On hearing this news, she made the courageous decision to embark on motherhood solo and eventually became pregnant using a sperm donor. Genevieve describes her initial fear of the prospect of birth without a partner and the trepidation she felt towards all the responsibility she has taken on. She recounts all the milestones of pregnancy and motherhood that most women share with their partner: going to NCT classes alone, taking part in birthing workshops with her sister-in-law, her amazement that two people in her pregnancy yoga class are following the same path as her. But ultimately what triumphs is Genevieve's excitement at meeting her daughter. She recalls the first months of parenthood, navigating the love, worry, and tiredness of life with a newborn without a partner. She describes the beautiful simplicity of the relationship between herself and her daughter as she gets to know Astrid without having to consider a partner. *Going Solo* is for anyone whose life has taken an unexpected twist for people who are interested in modern families and for those who want to take control of their life and follow their dreams of parenthood. It celebrates the fulfilment that comes from following what makes you happy and reminds us that beauty may be found when life offers a surprise or a deviation from convention. *Camellia* Asmila Minj, 2021-07-19

*Camellia* is a story of you and me. As and when you will turn the pages, you will realize *Camellia* and her friends have always lived around you. Life has been a series of uncertainty for *Camellia*. She had to let go of her dreams and past and come to this new city to give herself a second chance at life. However, the past has made her skeptical about everything she does and everyone she meets. After many years of living in a cocoon, she finally opens up her heart to a boy. A boy who pretends to be happy but has buried a huge secret within his heart. However, there is more to it than a past and a secret. Will *Camellia* have the life she desires or will life take another unfortunate turn? Will the damaged and broken *Camellia* ever bloom? *Mental Health (supplemental)* United States. Congress. House. Committee on Interstate and Foreign Commerce, 1963 *Emotions and Belonging in Forced Migration* Basem Mahmud, 2021-09-27 *Emotions and Belonging in Forced Migration* takes a sociology of emotions approach to gain a better understanding of the present situation of forced migration. Furthermore, it helps to bring the voices and views of forced migrants to academic and public debates in Western society where they have been generally absent and often investigated with predefined concepts and categories based on theories having little relevance to their cultural and social experiences. This work, however, is based on an inductive methodology that carefully carries the voices of forced migrants throughout the research. Therefore, it will be of interest for various audiences from different disciplines in social sciences as for any readers seeking to learn more about the refugees in his building.
