Go Do Some Great Thing:

Go Do Some Great Thing Kilian Crawford, 2020-10-10 Living in pre Civil War Philadelphia young Black activist Mifflin Gibbs was feeling disheartened from fighting the overwhelming tide of White America's legalized racism when abolitionist Julia Griffith encouraged him to go do some great thing. These words helped inspire him to become a successful merchant in San Francisco and then to seek a more just society in the new colony of Vancouver Island where he was to become a prominent citizen and elected official. Gibbs joined a movement of Black American emigrants fleeing the increasingly oppressive and anti Black Californian legal system in 1858. They hoped to establish themselves in a new country where they would have full access to the rights of citizenship and would be free to seek success and stability. Some six hundred Black Californians made the trip to Victoria in the midst of the Fraser River Gold Rush but their hopes of finding a welcoming new home were ultimately disappointed. They were to encounter social segregation, disenfranchisement, limited employment opportunities and rampant discrimination. But in spite of the opposition and racism they faced, these pioneers played a pivotal role in the emerging province, establishing an all Black militia unit to protect against American invasion, casting deciding votes in the 1860 election and helping to build the province as teachers, miners, artisans, entrepreneurs and merchants. Crawford Kilian brings this vibrant period of British Columbia's history to life, evoking the chaos and opportunity of Victoria's gold rush boom and describing the fascinating lives of prominent Black pioneers and trailblazers from Sylvia Stark and Salt Spring Island's notable Stark family to lifeguard and special constable Joe Fortes who taught a generation of Vancouverites to swim. Since its original publication in 1978, *Go Do Some Great Thing* has remained foundational reading on the history of Black pioneers in BC. Updated and with a new foreword by Adam Rudder, the third edition of this under-told story describes the hardships and triumphs of BC's first Black citizens and their legacy in the province today. Partial proceeds from each copy sold will be donated to the Hogan's Alley Society. *Go Do Some Great Thing* Crawford Kilian, 2008

Nonfiction African American Studies Canadian History The voyage north of some 600 blacks from San Francisco to Victoria during the 1858 Fraser Canyon Gold Rush was one of the most unusual mass migrations in North American history. While the British colonies of the Pacific Northwest were overrun with migrants from all lands on the quest for gold, this black community sought freedom and political enfranchisement as much as fortune. *GO DO SOME GREAT THING* describes a history that stands at the crossroads of multiple national narratives: the imperial contest between Britain and the United States, the emergence of Canada as a state, the fate of dozens of First Nations, and the furthest and most unlikely reaches of the global African diaspora. Originally published in 1978, this new edition adds vital information gathered by Crawford Kilian over the last thirty years. *Some Great Thing* Colin McAdam, 2014-10-21 A powerful, poetic, bawdily funny and tenderly sad novel about class, about love, about drink, about poetics, about land and about money, a few of the salient things that life and history are made of. *O The Oprah Magazine* In his highly acclaimed debut novel, Colin McAdam depicts the struggle between

two men involved in building a city's future: developer Jerry McGuinty, a blue collar self-made master craftsman, and Simon Struthers, a civil servant from a prominent wealthy background who shapes land use policy. Jerry has a blind spot for his alcoholic wife, and Simon moves between women consumed by a frantic emptiness. When their two stories begin to intertwine, their lives and ambitions are set on a collision course. A richly observed story of family, class, love, and the individual contributions we make to the bigness of the world, *Some Great Thing* is a powerful work from one of the most exciting voices of his generation.

Telling Tales Catherine Anne Cavanaugh, Randi Ruth Warne, 2000 Women played a vital role in the shaping of the west between the 1880s and 1940s. Yet surprisingly little is known about their contributions or the differences sex and gender made to the opportunities and obstacles women encountered. *Telling Tales* covers a range of topics: African American settlement on Vancouver Island, prairie childbirth narratives, and Mennonites as domestic servants are but three examples while addressing the themes of colonization, settlement, and community building. Essays focus on women from both minority and dominant cultures and reflect the West's characteristically mixed population.

[Charles Kingsley : His Letters and Memories of His Life](#) Charles Kingsley, 1878 [San Francisco Lithographer](#) Robert J. Chandler, 2014-01-29 Grafton Tyler Brown, whose heritage was likely one-eighth African American, finessed his way through San Francisco society by passing for white. Working in an environment hostile to African American achievement, Brown became a successful commercial artist and businessman in the rough and tumble gold rush era and the years after the Civil War. Best known for his bird's-eye cityscapes, he also produced and published maps, charts, and business documents, and he illustrated books, sheet music, advertisements, and labels for cans and other packaging. This biography by a distinguished California historian gives an underappreciated artist and his work recognition long overdue. Focusing on Grafton Tyler Brown's lithography and his life in nineteenth-century San Francisco, Robert J. Chandler offers a study equally fascinating as a business and cultural history and as an introduction to Brown, the artist. Chandler's contextualization of Brown's career goes beyond the issue of race, showing how Brown survived and flourished as a businessman. Chandler offers unique insight into the growth of printing and publishing in California and the

West He examines the rise of lithography its commercial and cultural importance and the competition among lithographic companies He also analyzes Brown s work and style comparing it to the products of rival firms Brown was not respected as a fine artist until after his death Collectors of western art and Americana now recognize the importance of Californiana and of Brown s work some of which depicts Portland and the Pacific Northwest and they will find Chandler s checklist descriptions and reproductions of Brown s ephemera including billheads and maps as uniquely valuable as Chandler s contribution to the cultural and commercial history of California In an afterword historian Shirley Ann Wilson Moore discusses the circumstances and significance of passing in nineteenth century America Reading Wayde Compton Fernando

Pérez-García,2025-06-30 This book is a comprehensive analysis of the literary oeuvre of Wayde Compton examining the interplay between modes of literary production urban commemoration the formation of Black racial identity on the margins of the diaspora and coalitions of solidarity with other communities in Vancouver Stemming from an interdisciplinary perspective that blends Spatial Literary Studies Hip hop epistemology and the transmodern paradigm this book presents a dynamic model of Black identity formation and belonging resulting from the remix of Afro diasporic and transcultural elements and the political commemoration of local Black spaces in an often understudied node of the Black diaspora This book also explores Compton s contribution to recent academic debates on the interaction between the commemoration of Black spaces and the right to the city as well as the engagement with Indigenous calls for the decolonisation of their ancestral lands The analysis of Compton s work allows for the deconstruction of the binaries African Canadian Indigenous settler Hogan s Alley Vancouver and exposes the co constitutive character of these elements **Blacks in Canada** Robin W. Winks,2021-04-15 Blacks in Canada journeys from the introduction of slavery in 1628 to the first wave of Caribbean immigration in the 1950s and 1960s Heralded in the Literary Review of Canada as one of the one hundred most important Canadian books this enduring work by Yale University s Robin W Winks offers a wealth of information for fresh interpretation Now fifty years from its original printing this third edition includes a foreword by George Elliott Clarke E J Pratt Professor of Canadian Literature at the University of Toronto Clarke s contribution adds a necessary critical lens through which twenty first century readers should view Winks s research The longevity of Blacks in Canada is due to an impressive array of primary and secondary materials that illuminate the experiences of Black immigrants to Canada These experiences include the forced migration of enslaved Black people brought to Nova Scotia and the Canadas by Loyalists at the end of the American Revolution Black refugees who fled to Nova Scotia following the War of 1812 Jamaican Maroons and fugitive slaves who fled to British North America The book also highlights Black West Coast businessmen who helped found British Columbia particularly Victoria and Black settlement in the prairie provinces Crucially Blacks in Canada investigates the French and English periods of slavery the abolitionist movement in Canada and the role played by Canadians in the broader continental antislavery crusade as well as Canadian adaptations to nineteenth and twentieth century racial mores **Contesting White**

Supremacy Timothy J. Stanley, 2011-01-17 In 1922-23 Chinese students in Victoria British Columbia went on strike to protest a school board's attempt to impose segregation. Their resistance was unexpected and runs against the grain of mainstream accounts of Asian exclusion which tend to ignore the agency of the excluded. In *Contesting White Supremacy* Timothy Stanley combines Chinese sources and perspectives with an innovative theory of racism and anti-racism to explain the strike and construct an alternative reading of racism in British Columbia. His work demonstrates that education was an arena in which white supremacy confronted Chinese nationalist schooling and where parents and students contested racism by constructing a new category Chinese Canadian to define their identity.

Transmodern Literatures in the 21st Century Claus-Peter Neumann, Pilar Royo-Grasa, 2025-09-30 *Transmodern Literatures in the 21st Century Of f Limits* offers an in-depth examination of how transmodern literatures in English over the last two decades have addressed the phenomenon of the limit. The 14 chapters that make up the volume examine how geographical, racial, ethnical, sociocultural, generical, ontological, epistemological and other limits are articulated, transgressed and reconfigured in recent narratives by authors writing in a wide variety of transmodern trends such as Afro and Africanfuturism, Young Adult, feminist, science fiction, food fiction, air travel fiction, the networked novel and future narratives amongst others. They thereby expose and challenge hierarchised binary dichotomies as Euro and Anthropocentric exclusionary discursive constructs that have kept non-hegemonic voices off limits. To counter the detrimental effects of the neoliberal grand narrative of globalisation, the chapters as well as the narratives of the limit they analyse emphasise an urgent need for inclusiveness, relationality and communality.

Militant Minority Benjamin Isitt, 2011-05-21 *Militant Minority* tells the compelling story of British Columbia workers who sustained a left tradition during the bleakest days of the Cold War. Through their continuing activism on issues from the politics of timber licenses to global questions of war and peace, these workers bridged the transition from an Old to a New Left. In the late 1950s half of B.C.'s workers belonged to unions, but the promise of postwar collective bargaining spawned disillusionment tied to inflation and automation. A new working class that was educated, white-collar and increasingly rebellious shifted the locus of activism from the Communist Party and Co-operative Commonwealth Federation to the newly formed New Democratic Party which was elected in 1972. Grounded in archival research and oral history, *Militant Minority* provides a valuable case study of one of the most organized and independent working classes in North America during a period of ideological tension and unprecedented material advance.

Colonization and Community John Douglas Belshaw, 2002 Although immigrants from the United States, China and elsewhere were part of the workforce brought in between 1850 and 1900 to man the mining industry of Vancouver Island, the largest group of miners was born in Britain. Belshaw's philosophy, history and politics U College of the Cariboo, Canada explores the aspirations, motivations and experiences of these British immigrants who formed the core of British Columbia's first industrial working class. He attempts a holistic examination that details the group's demographic features, its responses to day-to-day life under industrial capitalism and its cultural
