novel approach to understanding the work of James Baldwin and its transformative potential The relationship of James Baldwin's life and work to Black religion is in many ways complex and confounding What is he doing through his literary deployment of religious language and symbols Despite Baldwin's disavowal of Christianity in his youth he continued to engage the symbols and theology of Christianity in works such as The Amen Corner Just Above My Head and others With Jimmy's Faith author Christopher W Hunt shows how Baldwin's usage of those religious symbols both shifted their meaning and served as a way for him to build his own religious and spiritual vision Engaging Jos Esteban Mu oz s theory of disidentification as a gueer practice of imagination and survival Hunt demonstrates the ways in which James Baldwin disidentifies with and queers Black Christian language and theology throughout his literary corpus Baldwin s vision is one in which queer sexuality signifies the depth of love s transforming possibilities the arts serve as the religious medium of knitting Black community together an agnostic and affective mysticism undermines Christian theological discourse androgyny troubles the gender binary and the Black child signifies the hope for a world made new In disidentifying with Christian symbols Jimmy's Faith reveals how Baldwin imagines both religion and the world otherwise offering a model of how we might do the same for our own communities and ourselves **James Baldwin** Douglas Field, 2011 This study provides an engaging overview and clear analysis of the fiction non fiction and drama of African American writer James Baldwin 1924 1987 Whilst giving close attention to Baldwin's popular works such as Go Tell it on the Mountain and Another Country it also explores the important but less well known themes and texts including the use of the blues masculinity race and sexuality Civil Rights Trail Deborah D.
