address questions of what constituted male identity and male sexuality How was masculinity constructed in different social groups How did the secular and ecclesiastical ideals of masculinity reinforce each other or diverge These essays address the topic of medieval men and through a variety of theoretical methodological and disciplinary approaches significantly extend our understanding of how in the Middle Ages masculinity and identity were conflicted and multifarious *The Story of Lynx* Claude Lévi-Strauss,1996-12 In olden days in a village peopled by animal creatures lived Wild Cat another name for Lynx He was old and mangy and he was constantly scratching himself with his cane From time to time a young girl who lived in the same cabin would grab the cane also to scratch herself In vain Wild Cat kept trying to talk her out of it One day the young lady found herself pregnant she gave birth to a boy Coyote another inhabitant of the village became indignant He talked all of the population into going to live elsewhere and abandoning the old Wild Cat his wife and their child to their fate So begins the Nez Percé myth that lies at the heart of *The Story of Lynx* Claude Lévi-Strauss's most accessible examination of the rich mythology of American Indians In this wide ranging work the master of structural anthropology considers the many variations in a story that occurs in both North and South America but especially among the Salish speaking peoples of the Northwest Coast He also shows how centuries of contact with Europeans have altered the tales Lévi-Strauss focuses on the opposition between Wild Cat and Coyote to explore the meaning and uses of gemellarity or twinning in Native American culture The concept of dual organization that these tales exemplify is one of non equivalence everything has an opposite or other with which it coexists in unstable tension In contrast Lévi-Strauss argues European notions of twinning as in the myth of Castor and Pollux stress the essential sameness of the twins This fundamental cultural difference lay behind the fatal clash of European and Native American peoples *The Story of Lynx* addresses and clarifies all the major issues that have occupied Lévi-Strauss for decades and is the only one of his books in which he explicitly connects history and structuralism The result is a work that will appeal to those interested in American Indian mythology **Railroad Brakemen's Journal** ,1901

Railroad Trainmen's Journal ,1899 *The Captives of Pirate Island* Bernadette O'Connell,2022-06-28 *The Captives of Pirate Island* follows the story of the classical Irish myth of Cian and Enya It is set in ancient Ireland on Tory Island a windswept outcrop in the North Atlantic Ocean Lord Balor of the Evil Eye has locked his daughter Enya inside a shining tower to avoid the fulfillment of dark prophecy her child will one day slay him Because she is a free spirited and strong willed princess Balor knows that it is just a matter of time before Enya will try to break free and see the world beyond her courtyard walls For her entertainment Balor brings Enya fine gifts seized during his piracy raids His ship the Seawolf is the scourge of the seas and the flagship of the North Atlantic Human Slave Trade His finest gift is Blaze a unicorn colt that he rescued at sea during a mini tsunami To Enya's surprise her adharcach is a highly intelligent creature who learns to speak Lord Balor also presents Enya with a magical cow that supplies all the island captives with a never ending supply of rich milk While galloping in disguise across Tory Island headlands on Blaze Enya stumbles upon Cian the Chieftain of Clan Ui Neill who is

scouting her island to take back his stolen property the magical cow They fall in love and Enya soon sneaks him into her forbidden tower where they are handfasted Enya soon becomes pregnant How will her father Lord Balor react to news of his grandchild Because Enya s life is in mortal danger how will Lord Cian free his new wife from Fort Balor the heavily fortified pirate garrison on the eastern side of the island Chances of their rescue are grim and all are in desperate need of a miracle Will love find a way

Atonement and Ethics in 1 John Christopher Armitage, 2021-06-17 Christopher Armitage considers previous theological perception of 1 John as a text advocating that God abhors violence contrasted with biblical scholarship analysis that focuses upon the text s birth from hostile theological conflict between insiders and outsiders with immensely hostile rhetoric directed towards antichrists and those who have left the community Armitage argues that a peace oriented reading of 1 John is still viable but questions if the commandment that the community loves each other is intended to include their opponents and whether the text can be of hermeneutic use to advocate non violence and love of one s neighbour This book examines five key words from 1 John hilasmos sfazo anthropoktonos agape and adelphos looking at their background and use in the Old Testament in both Hebrew and the LXX arguing that these central themes presuppose a God whose engagement with the world is not assuaging divine anger nor ferocious defence of truth at the expense of love but rather peace and avoidance of hatred that inevitably leads to violence and death Armitage concludes that a peacemaking hermeneutic is not only viable but integral to reading the epistle
