The Global Myths Alexander Eliot,1993 As much a monolith as a man by the end of his life Sir John Gielgud was from the beginning of his career in the 1920s an active energetic workaholic By turns actor director and producer he was always proceeding to the next project before he had finished its predecessor By the time of his death he had appeared in hundreds of plays hundreds of movies and countless television programs His voice and face were instantly identifiable and there was something reassuring about his gentle intensely civilized slightly abstracted demeanor Such a major force in British and American theater deserves a similarly imposing biography and he receives one in Croall s exactly researched work based on full access to Gielgud s papers letters and books and showing it Witty and well written as well as well researched Croall s fine and complete portrait of the man and his endearing charm often reads more like a novel than like nonfiction **Lucifer,**

Leviathan, Lilith, and other Mysterious Creatures of the Bible Joel R. Soza,2017-03-16 The bible is indeed a world of the strange and mysterious when it comes to the variety of creatures that are presented in its texts These often times serve as images of good versus evil or order versus chaos Flat and narrowly myopic literal readings of the bible that at times lacks for imagination and creative insight to the bible s occasional and amazingly metaphorical maze fall far short of what is needed to appreciate the full depth of the biblical world s imagery Therefore this work explores the meaning of the bible s mysterious creatures with an emphasis on three creatures that all appear in the book of the prophet Isaiah Lucifer Isa 14 12 Leviathan Isa 27 1 and Lilith Isa 34 14 These mysterious creatures of the bible live on and can both inspire and cause fear It is a marvelous mixed world of biblical metaphor and realism to be found in the likes of Lucifer Leviathan Lilith and the rest of the mysterious creatures that make a biblical appearance Thematic Guide to World Mythology Lorena Laura

Stookey,2004-03-30 All around the world myths address questions that humans have always posed about their origins their environments their ultimate destinies and the meanings of their lives This book examines 30 common motifs that thread their way through mythological tales across history and around the globe The themes are presented in alphabetical order moving from The Afterlife and Animals in Myth to The Underworld World Tree and Ymir Motif Each thematic section defines and discusses a single recognizable motif compares a number of different mythological traditions and traces the repeated occurrences of one of these patterns through several different categories of narratives The discussion of The Afterlife for example examines the theme s earliest known occurrences in ancient Mesopotamia and compares them with those in Greek Aztec Norse and other ancient cultures as well as with contemporary views from Inuit and Polynesian cultures A glossary provides concise definitions of recurring terms A list of suggested readings on these topics will further aid students who desire to deepen their knowledge of world mythology Scientific Protocols for Fire Investigation John J. often confusing material Together Wheeler and Pierce provide a modern evaluation of how to walk like an Egyptian attuned to eternity in your daily life and guided by eternal principles **Dislocating China** Dru C. Gladney, 2004-04 Until quite recently Western scholars have tended to accept the Chinese representation of non Han groups as marginalized minorities Dru C Gladney challenges this simplistic view arguing instead that the very oppositions of majority and minority primitive and modern are historically constructed and are belied by examination of such disenfranchised groups as Muslims minorities or gendered others Gladney locates China and Chinese culture not in some unchanging essential Chinese ness but in the context of historical and contemporary multicultural complexity He investigates how this complexity plays out among a variety of places and groups examining representations of minorities and majorities in art movies and theme parks the invention of folklore and creation myths the role of pilgrimages in constructing local identities and the impact of globalization and economic reforms on non Han groups such as the Muslim Hui In the end Gladney argues that just as peoples in the West have defined themselves against ethnic others so too have the Chinese defined themselves against marginalized groups in their own society **Parabola** ,1976 Subject Guide to Books in Print ,1996 中国, 中国文学, 2003 Books for You National Council of Teachers of English, Urbana, IL.,1995 Designed to help teachers students and parents identify engaging and insightful books for young adults this book presents annotations of over 1 400 books published between 1994 and 1996 The book begins with a foreword by young adult author Chris Crutcher a former reluctant high school reader that discusses what books have meant to him Annotations in the book are grouped by subject into 40 thematic chapters including Adventure and Survival Animals and Pets Classics Death and Dying Fantasy Horror Human Rights Poetry and Drama Romance Science Fiction War and Westerns and the Old West Annotations in the book provide full bibliographic information a concise summary notations identifying world literature multicultural and easy reading title and notations about any awards the book has won Appendixes present lists of award winning works of poetry fiction drama and nonfiction for the years 1994 through 1997 a list of approximately 500 multicultural titles a 94 item list of world literature titles and directions on how to order Author subject and title indexes are attached RS *Common Knowledge* ,1994 The British National Bibliography Arthur James Wells,1998 中国文学, 2012-05-24 The American Humanities Index Stephen H.
