Global Financial Crime Donato Masciandaro, 2017-07-05 The scope for financial crime has widened with the expansion and increased integration of financial markets Money laundering terrorism financing and tax crime have all changed in both nature and dimension As new technologies reduce the importance of physical proximity to major onshore financial centres so a new generation of Offshore Financial Centres OFCs have emerged This accessible volume provides a deeper analysis of the economic institutional and political features of the OFCs in order to design the

optimal international regulatory policy Using a multidisciplinary approach with an international level of expertise the book evaluates international policies regarding offshore countries on the basis of a systematic analysis of their characteristics

Battling Terrorism Jackson Nyamuya Maogoto, 2016-04-15 The attacks of September 11 2001 the US response and the international community's approval of the subsequent military action represent a new paradigm in the international law relating to the use of force Previously acts of terrorism were seen as criminal acts carried out by private non governmental entities In contrast the September 11 attacks were regarded as an act of war which marked a turning point in international relations and law This exceptional and timely volume examines the use of force in the war against terror The work is based on the central theme that the use of force is visibly enrolled in a process of change and it evaluates this within the framework of the uncertainty and indeterminacy of the UN Charter regime The status of pre-emptive self defence in international law and how it applies to US policy towards rogue states is examined along with the use of military force including regime change as an acceptable trend in the fight against state sponsored terrorism

The Social Science Encyclopedia Adam Kuper, 2004-10-14 The Social Science Encyclopedia first published in 1985 to acclaim from social scientists librarians and students was thoroughly revised in 1996 when reviewers began to describe it as a classic This third edition has been radically recast Over half the entries are new or have been entirely rewritten and most of the balance have been substantially revised Written by an international team of contributors the Encyclopedia offers a global perspective on key issues within the social sciences Some 500 entries cover a variety of enduring and newly vital areas of study and research methods Experts review theoretical debates from neo evolutionism and rational choice theory to poststructuralism and address the great questions that cut across the social sciences What is the influence of genes on behaviour What is the nature of consciousness and cognition What are the causes of poverty and wealth What are the roots of conflict wars revolutions and genocidal violence This authoritative reference work is aimed at anyone with a serious interest in contemporary academic thinking about the individual in society

Iran Michael Schnorr, 2004-12-28 Why is Iran a danger to the US and the World Its unchecked program for developing nuclear power is a cover but the covert nuclear weapons program is the real danger Nuclear confrontation and nuclear terrorism are on the horizon Dr Michael Schnorr's research and compilation of Iran's burgeoning nuclear program its terrorist ties and its resolve to confront the US in a nuclear showdown is compelling Comparing and contrasting the First Cold War with the New Cold War evidence of a pattern of international aggression and response is described which leads to a similar result of regional division between the two nuclear powers The New Cold War is upon us and is another facet in the Global War on Terror

The War on Terror Paul Ruschmann, Alan Marzilli, 2008 The war on terror has been in effect since 2002 when United States troops first invaded Afghanistan War efforts have expanded from military action to legislation such as the PATRIOT Act and domestic applications This book examines these issues with statistics legal opinions and information about legislation

Threat Finance Shima D. Keene, 2016-02-24 Criminal and

terrorist organisations are increasingly turning to white collar crime such as fraud e crime bribery data and identity theft in addition to more violent activities involving kidnap and ransom narcotics and arms trafficking to fund their activities and in some cases pursue their cause The choice of victims is global and indiscriminate The modus operandi is continually mutating and increasing in sophistication taking advantage of weaknesses in the system whether they be technological legal or political Countering these sources of threat finance is a shared challenge for governments the military NGOs financial institutions and other businesses that may be targeted Shima Keene s Threat Finance offers new thinking to equip any organisation regardless of sector and geographical location with the knowledge and tools to deploy effective counter measures to tackle the threat To that end she brings together a wide variety of perspectives cultural legal economic and technological to explain the sources mechanisms and key intervention methodologies The current environment continues to favour the criminal and the terrorist Threat Finance is an essential read for fraud and security practitioners financial regulators policy makers intelligence officials judges and barristers law enforcement officers and researchers in this field Dr Keene offers an antidote to the lack of good applied research shortcomings in in house financial and forensic expertise misdirected financial compliance schemes legal and judicial idiosyncrasies unhelpful organisation structures and poor communication She argues convincingly for a coherent aggressive informed and cross disciplinary approach to an ever changing and rapidly growing threat
