Global Village The 1960s:

Global Village Anna Detheridge, 2003 In his 1962 book *The Gutenberg Galaxy* Marshall McLuhan wrote the famous words 'The new electronic interdependence recreates the world in the image of a global village'. As predicted by the renowned Canadian media theorist, satellite telecommunications beginning with the first Sputnik launch in 1957 united humanity under a vast cosmic membrane. An immense web of waves echoes information around the planet and distance and time are abolished. Dreams, upheavals, trends and conflicts are now experienced on a global scale. **Global Village The 1960s** plumbs the depths of those planetary echoes as they resonated throughout the decade in the fields of visual arts, decorative arts, fashion and architecture. Along with a wealth of images, it contains interviews with diverse key figures of the time including designer Ettore Sottsass, art critic Arthur Danto, artist Yoko Ono, filmmaker Agnès Varda, curator Okwui Enwezor, writer Tobias Wolff, playwright Michel Tremblay and artist Carolee Schneeman. **Global village : the 1960s**, 2004 *America in the 1960s* Edmund Lindop, 2009-01-01 Outlines the important social, political, economic, cultural and technological events that happened in the United States from 1960 to 1969. **The Global Village** Marshall McLuhan, Bruce R. Powers, 1989 Presents a model for studying the structural impact of video-related technologies on global society. **Canada's 1960s** Bryan D. Palmer, 2009-01-01 Focusing on the major movements and personalities of the time as well as the lasting influence of the period, Canada's 1960s examines the legacy of this rebellious decade's impact on contemporary notions of Canadian identity. *The 1960s* Tim Healey, 2005-07-30 Text and pictures highlight the main events of the 1960s. **Encyclopedia of Identity** Ronald L. Jackson, Michael A. Hogg, 2010-06-29 Alphabetically arranged entries offer a comprehensive overview of the definitions, politics, manifestations, concepts and ideas related to identity. *The Beatles and Sixties Britain* Marcus Collins, 2020-03-05 In this rigorous study, Marcus Collins reconceives the Beatles' social, cultural and political impact on sixties Britain. **Encyclopedia of Anthropology** H. James Birx, 2006 Focuses on physical, social and applied anthropology, archaeology, linguistics and symbolic communication. Topics include hominid evolution, primate behaviour, genetics, ancient civilizations, cross-cultural studies and social theories. **Timeless Teachers and Ethical Visions** K. K. Kuriakose, 2013-04-01 The industrial monoculture spreading across the globe is highly competitive, greedy and egotistical in the shaping of educational policy. Global communities have accepted a model based on science and technology which lacks aspects that should be addressed in the goal of education. The book *Timeless Teachers and Ethical Visions* is a historical inquiry of educational concerns that have developed through the centuries. It is a systematic discussion of prominent educators including their theories and experiments: St Thomas Aquinas, Al Ghazali, Ibn Khaldun, Leo Tolstoy, Mahatma Gandhi, John Dewey and Paulo Freire. In addition, the inquiry investigates the strengths and weaknesses of the neoliberal educational policy, the suggestions to construct an educational policy considering the common good, criticize uncontrolled individualism while emphasizing the goal of education that enhances community consciousness to the learner. Finally, the aim of this book is

to propose an alternative educational policy that is beneficial to the global community *What Lies Between* Matt Tierney, 2014-12-12 By what aesthetic practice might post politics be disrupted Now is a moment that many believe has become post racial post national post queer and post feminist This belief is reaffirmed by recent events in the politics of diminished expectations especially in the United States *What Lies Between* illustrates how today's discourse repeats the post politics of an earlier time In the aftermath of World War II both Communism and Fascism were no longer considered acceptable political extremes appeared exhausted and consensus appeared dominant Then unlike today this consensus met a formal challenge a disruption in the shape of a generative and negativist aesthetic figure the void *What Lies Between* explores fiction film and theory from this period that disrupted consensual and technocratic rhetorics with formal experimentation It seeks to develop an aesthetic rebellion that is still relevant and indeed vital in the positivist present

Ethnic and Vernacular Music, 1898-1960 Paul Vernon, 1995-12-11 Detailed information on almost all ethnic and vernacular recordings from many countries on 78rpm is provided in this seminal work The current state of discographical research in this wide and varied field is such that a research tool of this nature is badly needed Jesse Walter Fewkes and Mary Hemenway recorded Native American music as early as 1890 Bela Bartok recorded rural music in the Balkans Erich von Hornbostel the grand old man of ethnomusicology in Europe recorded in Southeast Asia More than just a discography this work demonstrates that cultures around the world and over time have more similarities than differences A necessity for scholars students archivists and individual record collectors and dealers The goals of this volume are many and varied to promote thought and discussion toward a concise definition of recorded ethnic music to assist specialists working on individual discographical projects to introduce users to the interconnectedness of cultures through regional music to gather heretofore disparate pieces of information under one cover in a way that for the first time allows specialists to accurately identify all manner of recordings in many languages The four sections of the volume work together for easy usage through cross referencing The philosophy behind the volume was expressed by Rodney Gallop when he remarked that music for him was often the key to the understanding of other cultures **A Companion to Contemporary British and Irish Poetry, 1960 - 2015** Wolfgang Gortschacher, David Malcolm, 2020-12-21 A comprehensive and scholarly review of contemporary British and Irish Poetry With contributions from noted scholars in the field *A Companion to Contemporary British and Irish Poetry 1960 - 2015* offers a collection of writings from a diverse group of experts They explore the richness of individual poets genres forms techniques traditions concerns and institutions that comprise these two distinct but interrelated national poetries Part of the acclaimed Blackwell Companion to Literature and Culture series this book contains a comprehensive survey of the most important contemporary Irish and British poetry The contributors provide new perspectives and positions on the topic This important book Explores the institutions histories and receptions of contemporary Irish and British poetry Contains contributions from leading scholars of British and Irish poetry Includes an analysis of the most prominent Irish and

Lechner, John Boli, 2020-01-07 An introduction to the issues surrounding the complex and controversial realities of today's interconnected world the revised sixth edition Since its initial publication The Globalization Reader has been lauded for its comprehensive coverage of the issues surrounding globalization Now in its sixth edition the Reader has been thoroughly revised and updated and continues to review the most important global trends Including readings by a variety of authors the text offers a wide ranging and authoritative introduction to the political economic cultural and experiential aspects of globalization The updated sixth edition presents the most accessible and comprehensive review of current debates and research Contributions from scholars activists and organizations provide balanced viewpoints and expert coverage of the many aspects of globalization The Globalization Reader offers readings on an exciting range of new topics as well as retaining key globalization topics such as the experience of globalization economic and political globalization the role of media and religion in cultural globalization women's rights environmentalism global civil society and the alternative globalization movement This important resource Covers the many complex dimensions of globalization Includes contributions from many of the most prominent globalization scholars Presents concise and informative introductions to each major topic Offers compelling discussion questions for each section Contains readings on a variety of new topics such as migration medical tourism state policy regarding abortion and same sex sexual relations the UN Global Compact climate justice and more Written for students in undergraduate and graduate courses in sociology political science anthropology and geography the revised sixth edition covers courses such as globalization comparative political economy international relations and similar topics British Imperialism and Globalization, C. 1650-1960 Gareth Austin, 2022 Examining the domestic politics of imperial expansion these essays question the role of the Industrial Revolution and British imperial leadership beyond the issue of hierarchy and The Great Divergence This volume brings together leading global economic historians to honour Patrick O'Brien's contribution to the establishment of global economic history as a coherent and respected field in the academy Inspired by O'Brien's seminal work on the British Industrial Revolution as a global phenomenon these essays expand the role of the Industrial Revolution and British imperial leadership beyond the issue of hierarchy and The Great Divergence The change from the protective Atlantic empire 1650 1850 to the free trade empire of the last half of the long nineteenth century is elaborated as are the conscious efforts of the free trade empire to develop markets and market economies in Africa British domestic politics associated with the change and the continuation to the recent politics of Brexit are fascinatingly narrated and documented including the economic rationale for imperial expansion in the first instance The narrative continues to the crises of globalization caused by the world wars and the Great Depression which forced the free trade British Empire to change course Further the effects

of the crises and the imperial reaction on the East African colonies and on New Zealand and Australia are examined Given current concerns about the environmental impact of economic activities it is noteworthy that this volume includes the environmental impact of globalization in India caused by the free trade policy of the British free trade empire

Countercultures and Popular Music Sheila Whiteley, Jedediah Sklower, 2016-05-13 Counterculture emerged as a term in the late 1960s and has been re deployed in more recent decades in relation to other forms of cultural and socio political phenomena This volume provides an essential new academic scrutiny of the concept of counterculture and a critical examination of the period and its heritage Recent developments in sociological theory complicate and problematise theories developed in the 1960s with digital technology for example providing an impetus for new understandings of counterculture Music played a significant part in the way that the counterculture authored space in relation to articulations of community by providing a shared sense of collective identity Not least the heady mixture of genres provided a socio cultural political backdrop for distinctive musical practices and innovations which in relation to counterculture ideology provided a rich experiential setting in which different groups defined their relationship both to the local and international dimensions of the movement so providing a sense of locality community and collective identity *The Transformation of the Media* Nicholas Stevenson, 2014-06-06 The changing pattern of contemporary media is one of the most striking and important transformations of our age This major new work seeks to understand the implications of a series of mediated processes in relation to public cultures and modern identities In *The Transformation of the Media* the author leads the reader through a number of complex theoretical issues connecting the nature of modern communication to the affects this has on our common moral and ethical lives Most significantly he argues that a number of perspectives as diverse as Marxism post modernism liberalism communitarianism and technological determinism can all be found wanting in this regard *The Transformation of the Media* attempts to situate the media and more theoretical concerns within a broad sociological framework The volume adds to our shared understanding of the media s relation to contemporary cultural transformations including globalisation the development of informational capitalism the changing nature of the public sphere and the impact of new social movements More specifically through a discussion of the new media order and the Rwandan genocide a critical prism is held up to existing debates concerning the globalisation of the media Key features an extremely topical and accessible analysis of the media s implications for contemporary cultural transformations combines a theoretical and empirical approach presents complex theoretical ideas in an accessible way This book will be essential reading for students studying globalisation the global media new media technology identity and cultural development in cultural studies media studies and sociology and politics courses **The Trend Management Toolkit** A. Kjaer, 2014-10-07 In a fast moving world businesses need to keep up with data analysis and pattern spotting to identify future opportunities Anne Lise Kjaer presents a unique methodology for global trend spotting along with practical tools and approaches to help companies and organizations analyse market changes

and determine the way ahead Speaking Youth to Power Mark Terry, 2023-01-01 This book examines the methods and approaches currently being taken by the global community of youth in influencing environmental policymakers of the United Nations It is divided into two sections The Groundswell Approach exploring the use of social media and mass gatherings aimed at raising public awareness of the issue of climate change and The Direct Approach a participatory methodology that encourages collaboration directly with the policymaker and youth in the discussions and creation of progressive climate policy for the world The book also delivers a detailed analysis of the United Nations only database of youth produced documentary films related to climate change research impacts and proposed solutions the Youth Climate Report arguing that film is a powerful and effective communications tool for the policymaker The book proposes two frameworks and explores their in field applications for successful youth climate activism *The Kennedy Myth* James S. Wolfe, 2013-07-29 In *The Kennedy Myth* Jim tells the Kennedy story from John Kennedy's presidential campaign through Robert Kennedy's assassination and analyzes it in terms of archaic historic and modern types of civil religion From Robert N Bellah Professor of Sociology Emeritus University of California Berkeley author of *Religion in Human Evolution* The assassination of a president has been a deeply traumatic event in American history perhaps above all in the case of Lincoln However much closer to our own time the assassination of John F Kennedy shook the nation to its foundations Such an event opens up levels of meaning that are well below the surface most of the time Wolfe helps us in this book which is about Kennedy's life as well as his death to understand the depth dimension of the nation in which we live
