GEOFFREY MILLER (LAWRENCE, MCKAY & ROWE.), The Palgrave Handbook of Globalization and Sport Joseph Maguire, Katie Liston, Mark Faloutsos, 2021-11-20 This handbook illustrates the utility of global sport as a lens through which to disentangle the interconnected political economic cultural and social patterns that shape our lives Drawing on multidisciplinary perspectives it is organized into three parts The first part outlines theoretical and conceptual insights from global sport scholarship from the conceptualization and development of globalization theories transnationalism and transnational capital through to mediasport roving coloniality and neoliberal doctrine The second part illustrates the varied flows within global sport and the ways in which these flows are contested across physical cultures sport forms identities ideologies media and economic capital Diverse topics and cases are covered such as sport business and the global sport industry financial fair play and global mediasport Finally the third part explores various aspects of global sport development and governance incorporating insights from work in the Global South Across all of these contributions varied approaches are taken to examine the power of sport trope generating a thought provoking dialogue for the reader Featuring an accomplished roster of contributors and wide ranging coverage of key issues and debates this handbook will serve as an indispensable resource for scholars and students of contemporary sports studies

Global Sports Frank P. Jozsa, 2009 Book Jacket **Towards a Social Science of Drugs in Sport** Jason Mazanov, 2013-09-13 The debate around the role of drugs in sport is vibrant There is a wealth of evidence from the hard end of science telling us how drugs work how drug testing works and how many athletes have fallen foul of the system The evidence from social science is still building momentum For example what makes an athlete use a performance enhancing substance To win simply fails to explain the drug use behaviour we see among athletes This book provides a foundation for anyone trying to understand the drugs in sport problem beyond the hard science by looking at the people factor from different perspectives After building a case for the social science of drugs in sport it is examined from the ethical sociological

economic legal and psychological points of view The book concludes with a definitive statement about what researchers policy makers sports administrators athletes and fans can do to achieve a social science of sports that puts people firmly in the centre of the debate This volume was published as a special issue of Sport in Society
