newly emancipated slaves and oppressed free Blacks there arose a handful of Black men who were the living embodiment of strength courage intelligence and dignity and they refused to be viewed as anything less Although their society denied them freedom prosperity and education they achieved national renown and fought on the front lines for liberty loving American citizens Despite the hostile forces that surrounded them they found ways to become skilled and well versed in the US Constitution world history law literature and the Bible Throughout the twentieth and twenty first centuries powerful political forces successfully removed discussion of their lives and achievements from our classrooms These pillars of Black history were blatantly erased from our educational institutions and canceled from consideration for generations Why Because any Black student who studied their lives would be inspired to follow in their footsteps and achieve heights beyond what racist segments of American society had predetermined for them Try as they may however these malevolent political entities could not hide the fact these men existed Volumes of information still exist about them Because of the grace of God these malicious spiteful political forces could not collect and destroy every publication that circulated the names of these Black men and their accomplishments They appeared in newspapers magazines and books across the country throughout the nineteenth century Details of their experiences remain well documented and their ideas and opinions live on in speeches given about 150 years ago These men were articulate and greatly distinguished themselves from their peers They resisted the popular culture of their day and knew they stood as equals with all men before God These men thrived in the face of racial hatred and bigotry that many in today s Black community could not bear They had uncommon strength will and determination that carried them through the most violent era of the Ku Klux Klan and an apathetic federal government They did not cower and they did not fold when faced with adversity Among these men were Congressman Robert Brown Elliott Congressman Joseph Hayne Rainey Congressman James T Rapier Congressman Richard Harvey Cain and Congressman John Roy Lynch A close examination of their lives experiences and speeches will likely produce the same strength of will devotion to knowledge and commitment to excellence within today s Black community In *Black History Heroes of the Reconstruction Era Volume 1* we will learn about the life and experiences of Congressman Robert Brown Elliott Throughout Elliott s life even his enemies had to admit he was an extremely impressive young man He was clearly one of the most scholarly and well educated lawyers in the country Black or White Elliott could have chosen to build a successful law firm in the North living a life of relative luxury with his family and of notoriety in Boston legal circles Instead he felt compelled to live in the birthplace of the Civil War South Carolina Elliott called on all his courage and skill to help the newly emancipated slaves His efforts eventually led him to the halls of Congress where he participated in the historic debate on the Civil Rights Act of 1875 Congressman Elliott experienced many successes and failures But even in the face of failure he had a quality that would not allow him to quit or surrender

Grappling with the Chronology of the Genesis Flood Dr. Andrew A. Snelling, Dr. Steven W. Boyd, 2014-08-04 Understand this highly debated flash point for scientific debate academic criticism and common confusion with this unique presentation Delve into the technical aspects of the chronology historicity and significance of understanding this landmark event including what we can learn from the Hebrew words used to describe it Examine the numerous geological geophysical and paleontological indications pointing to the reality and global scope of the Flood Learn how and why the authors exhaustive research began putting forth objectives criticisms they would address and identifying obstacles to be resolved The Flood as described in the Book of Genesis not only shaped the global landscape it is an event that literally forms our understanding of early biblical history Now an experienced team of scientists and theologians has written a definitive account of the Genesis Flood with detailed research into the original biblical text and evidences unlocked by modern science and study Often recounted and discounted as just a myth or children's story what we find with deeper study is instead a cataclysmic event one that truly wiped out life on our planet with the exception of those preserved through God's plan The devastation the Genesis Flood wreaked upon a rebellious world remains an important part of the biblical narrative we should understand for what it was a divine act of judgment on a sin immersed world
