Screening the Novel Gabriel Miller,2016-10-06 Some of the most memorable movies of Hollywood's Golden Age were based on novels that never received the acclaim they deserved No one who saw Rod Steiger in The Pawnbroker could forget the actor's wrenching performance but does anyone remember the author of the book on which the film was based The same can be said of Jane Fonda in They Shoot Horses Don't They Greta Garbo in Susan Lenox and Humphrey Bogart in The Treasure of the Sierra Madre This book retrieves these novels and re-evaluates the careers of the eight neglected novelists whose works inspired eight different directors among them Stanley Kubrick Sidney Lumet John Huston and Sidney Pollack Each chapter offers detailed analysis on both the original text and the resulting movie Taken together the double examination of novel and film raises some important questions about the nature and problems of cinematic adaptation

Transforming Girls Julie Pfeiffer,2021-09-30 Transforming Girls The Work of Nineteenth Century Adolescence explores the paradox of the nineteenth century girls book On the one hand early novels for adolescent girls rely on gender binaries and suggest that girls must accommodate and support a patriarchal

framework to be happy On the other they provide access to imagined worlds in which teens are at the center The early girls book frames female adolescence as an opportunity for productive investment in the self This is a space where mentors who trust themselves the education they provide and the girl s essentially good nature neutralize the girl s own anxieties about maturity These mid nineteenth century novels focus on female adolescence as a social category in unexpected ways They draw not on a twentieth century model of the alienated adolescent but on a model of collaborative growth The purpose of these novels is to approach adolescence a category that continues to engage and perplex us from another perspective one in which fluid identity and the deliberate construction of a self are celebrated They provide alternatives to cultural beliefs about what it was like to be a white middle class girl in the nineteenth century and challenge the assumption that the evolution of the girls book is always a movement towards less sexist less restrictive images of girls Drawing on forgotten bestsellers in the United States and Germany where this genre is referred to as Backfischliteratur Transforming Girls offers insightful readings that call scholars to reexamine the history of the girls book It also outlines an alternate model for imagining adolescence and supporting adolescent girls The awkward adolescent girl so popular in mid nineteenth century fiction for girls remains a valuable resource for understanding contemporary girls and stories about them **Stalking Nabokov** Brian Boyd,2013-06-25 In this book Brian Boyd surveys Vladimir Nabokov s life career and legacy his art science and thought his subtle humor and puzzle like storytelling his complex psychological portraits and his inheritance from reworking of and affinities with Shakespeare Pushkin Tolstoy and Machado de Assis Boyd also offers new ways of reading Lolita Pale Fire Ada or Ardor and the unparalleled autobiography Speak Memory disclosing otherwise unknown information about the author s world Sharing his personal reflections as he recounts the adventures hardships and revelations of researching Nabokov s life oeuvre he cautions against using Nabokov s metaphysics as the key to unlocking all of the enigmatic author s secrets Assessing and appreciating Nabokov as novelist memoirist poet translator scientist and individual Boyd helps us understand more than ever Nabokov s multifaceted genius **The Complete Index to Literary Sources in Film** Alan Goble,2011-09-08 No detailed description available for The Complete Index to Literary Sources in Film **The American Flint** ,1935
