Wilson, 2021 In The Embodied God Wilson focuses on depictions of God s body in the New Testament She argues that Luke Acts emerges as an important example of a New Testament text that portrays God as visible and corporeal and that this portrayal has significant implications for how we are to understand early Christology **God in 3D** Colin Green, 2019-12-11 This groundbreaking book sets out fresh arguments that common views on the doctrine of the Trinity are mistaken on three counts One the idea of the Trinity can t be found explicitly in Scripture Two it is a mystery irrational to the human mind Three the classical creeds of the church are the best place to start These old ideas break down in light of recent research in biblical studies Writing in plain English the author sets out where the Trinity can be found in Hebrew and Christian Scripture that it is rational and understandable and that there are biblical ways of understanding it that are easier to get across than the classical creeds This book offers what many interested in teaching or learning about the Trinity have lacked up to now And it will be a great help to those who are unsure how to communicate the idea of the Trinity in ways that the nonspecialist can understand For the scholar interested in biblical and early church studies recent insights from temple theology and name theology produce a fresh perspective that will stimulate further discussion on this important subject In the temple of God we find the triune God The Works of Jonathan Edwards Jonathan Edwards, 1839 Publications Parker Society (Great Britain), Parker Society (Great Britain)., 1844 **The Expository Times** , 1919 **The Catechism of Thomas Becon ...** Thomas Becon, 1844 An Exposition of the Book of Psalms Matthew Henry, 1853 The Pattern of Catechistical Doctrine at large: or a learned and pious Exposition of the Ten Commandments, etc. A rearrangement of "The Morall Law expounded."
