**Feeling Like a State** Davina Cooper,2019-09-06 A transformative progressive politics requires the state s reimagining But how should the state be reimagined and what can invigorate this process In *Feeling Like a State* Davina Cooper explores the unexpected contribution a legal drama of withdrawal might make to conceptualizing a more socially just participative state In recent years as gay rights have expanded some conservative Christians from charities to guesthouse owners and county clerks have denied

people inclusion goods and services because of their sexuality In turn liberal public bodies have withdrawn contracts subsidies and career progression from withholding conservative Christians Cooper takes up the discourses and practices expressed in this legal conflict to animate and support an account of the state as heterogeneous plural and erotic Arguing for the urgent need to put new imaginative forms into practice Cooper examines how dissident and experimental institutional thinking materialize as people assert a democratic readiness to recraft the state

**Mermaids, Sylphs, Gnomes, and Salamanders** William R. Mistele, 2012-10-23 Although the spirit beings of the four elements of nature have been represented in literature religion and folk tales descriptions of these creatures have been vague and direct experience with them is quite rare Yet each of the four elemental kingdoms offers great gifts to humanity if we are willing to recognize that the psychological and spiritual qualities they embody are already inherent in human nature Mermaids dwell in the oceans lakes and rivers They offer love and sharing a sense of wonder beauty and innocence Sylphs roam the sky they represent harmony balance and the attainment of freedom Gnomes live underground Their quiet inner wisdom banishes depression and sorrow Salamanders dwell in volcanoes and vast caverns of magma beneath the earth They offer the power of intense heat to refine transform and integrate Who are these mysterious creatures of water air earth and fire Author William Mistele has devoted a significant portion of his life to finding out Addressing the perennial questions Why are we here What is the deepest purpose of life What are our options Mermaids Sylphs Gnomes and Salamanders takes the reader directly into the realms of these spirits telling stories from their perspective Weaving together fairy tales and poems thoughtful analysis and meditative exercises Mistele illuminates the qualities these beings have mastered and humanity must begin to embrace empathy an inner peace with the universe a divine level of sensuality and a love that is everywhere in every moment

**Socialist Subjectivities** Katharine White, Scott Harrison, Jeff Hayton, 2025-05-14 Socialist Subjectivities works within the logics of queer time to reanimate East German subjectivities in the 1970s and 1980s beyond the narrative of the German Democratic Republic's long march towards demise While East Germany certainly ended in dissolution not all East Germans experienced late socialism in a singular manner Rather even after a generation of building socialism East Germans under Honecker continued to pursue a range of socialist presents and a multiplicity of socialist futures up to and beyond 1989 This edited volume utilizes queer temporalities to interrogate how individuals lived non normative possibilities in a highly normative world Whether one was an apparatchik artist or alcoholic the everyday interactions experiences and rituals of late socialism proved crucial to establishing the conditions around which subjecthood was constructed Despite stereotypes of apathy and inertia East Germans lent a considerable dynamism to their society and by generating a cacophony of opinions and a heterogeneity of ideas they constantly transformed state socialism By foregrounding socialist subjects and the iterative nature of socialism during these decades this volume paints a richer portrait of East Germany one that illuminates how East Germans imagined their futures in a society whose collapse they could not foresee
