## **Go Down Moses The Miscegenation Of Time:**

**Go Down, Moses** Arthur F. Kinney, 1996 The book's longest episode The Bear which in altered form has become one of Faulkner's best known short works poignantly demonstrates how the dehumanizing effects of ownership also alienate people from nature and ultimately from themselves *Bloom's How to Write about William Faulkner* Anna Priddy, Harold Bloom, 2009 William Faulkner is one of America's most highly regarded novelists This title reveals his timeless novels and short stories including The Sound and the Fury Light in August Go Down Moses As I Lay Dying Absalom Absalom Barn Burning The Bear and A Rose for Emily **Critical Companion to William Faulkner** A. Nicholas Fargnoli, Michael Golay, 2009 As I Lay Dying Light in August The Sound and the Fury Absalom Absalom The Bear and many others **A William Faulkner Encyclopedia** Robert W. Hamblin, Charles Peek, 1999-11-30 Sometimes called the American Shakespeare William Faulkner is known for providing poignant and accurate renderings of the human condition creating a world of colorful characters in his fictional Yoknapatawpha County and writing in a style that is both distinct and demanding Though he is known as a Southern writer his appeal transcends regional and even national boundaries Since winning the Nobel Prize for Literature in 1950 he has been the subject of more than 5 000 scholarly books and articles Academic interest in his career has been matched by popular acclaim with some of his works adapted for the cinema This reference is an authoritative guide to Faulkner's life literature and legacy The encyclopedia includes nearly 500 alphabetically arranged entries for topics related to Faulkner and his world Included are entries for his works and major characters and themes as well as the literary and cultural contexts in which his texts were conceived written and published There are also entries for relatives friends and other persons important to Faulkner's biography historical events persons and places social and cultural developments and literary and philosophical terms and movements The entries are written by expert contributors who bring a broad range of perspectives and experience to their analysis of his work Entries typically conclude with suggestions for further reading and the volume closes with a bibliography and detailed index **William Faulkner** Richard Godden, 2009-01-10 In William Faulkner Richard Godden traces how the novelist's late fiction echoes the economic and racial traumas of the South's delayed modernization in the mid twentieth century As the New Deal rapidly accelerated the long term shift from tenant farming to modern agriculture many African Americans were driven from the land and forced to migrate north At the same time white landowners exchanged dependency on black labor for dependency on northern capital Combining powerful close readings of The Hamlet Go Down Moses and A Fable with an examination of southern economic history from the 1930s to the 1950s Godden shows how the novels literary complexities from their narrative structures down to their smallest verbal emphases reflect and refract the period's economic complexities By demonstrating the interrelation of literary forms and economic systems the book describes in effect the poetics of an economy Original in the way it brings together close reading and historical context William Faulkner offers innovative interpretations of late Faulkner and makes a unique contribution to

the understanding of the relation between literature and history

**Faulkner and Postmodernism** John Noel Duvall, Ann J. Abadie, 2002 Since the 1960s William Faulkner Mississippi's most famous author has been recognized as a central figure of international modernism But might Faulkner's fiction be understood in relation to Thomas Pynchon's *Gravity's Rainbow* as well as James Joyce's *Ulysses* In eleven essays from the 1999 Faulkner and Yoknapatawpha Conference held at the University of Mississippi Faulkner and Postmodernism examines William Faulkner and his fiction in light of postmodern literature culture and theory The volume explores the variety of ways Faulkner's art can be used to measure similarities and differences between modernism and postmodernism Essays in the collection fall into three categories those that use Faulkner's novels as a way to mark a period distinction between modernism and postmodernism those that see postmodern tendencies in Faulkner's fiction and those that read Faulkner through the lens of postmodern theory's contemporary legacy the field of cultural studies In order to make their particular arguments essays in the collection compare Faulkner to more contemporary novelists such as Ralph Ellison Vladimir Nabokov Thomas Pynchon Walker Percy Richard Ford Toni Morrison and Kathy Acker But not all of the comparisons are to high culture artists since even Elvis Presley becomes Faulkner's foil in one of the essays A variety of theoretical perspectives frame the work in this volume from Fredric Jameson's pessimistic sense of postmodernism's possibilities to Linda Hutcheon's conviction that cultural critique can continue in postmodernism through innovative new forms such as metafiction Despite the different theoretical premises and distinct conclusions of the individual authors of these essays Faulkner and Postmodernism proves once again that in the key debates surrounding twentieth century fiction Faulkner is a crucial figure John N Duvall an associate professor of English at Purdue University is the editor of *Modern Fiction Studies* Ann J Abadie is associate director of the Center for the Study of Southern Culture at the University of Mississippi

**William Faulkner** John Earl Bassett, 2009 William Faulkner 1897-1962 produced such enduring novels as *The Sound and the Fury* *Light in August* and *As I Lay Dying* as well as many short stories His works continue to be a source of interest to scholars and students of literature and the immense amount of criticism about the Nobel prize winner continues to grow Bassett provides an annotated listing of commentary in English on William Faulkner since the late 1980s This volume dedicates its sections to book length studies of Faulkner commentaries on individual novels and short works criticism covering multiple works biographical and bibliographical sources and other materials such as book reviews doctoral dissertations and brief commentaries This bibliography provides a list of all significant recent commentary on Faulkner and the annotations direct readers to those materials of most interest to them From back of book

**A Companion to Faulkner Studies** Charles Peek, Robert W. Hamblin, 2004-06-30 Faulkner scholarship is one of the largest critical enterprises currently at work Because of its size and scope accessing that scholarship has become difficult for scholars students and general readers alike This reference includes chapters on individual approaches to Faulkner studies including archetypal historical biographical feminist and psychological criticism among others Each chapter is written by an expert contributor and surveys

the contributions of that approach to Faulkner scholarship The volume concludes with a selected general bibliography and glossary of critical terms William Faulkner is one of the most widely read and studied American writers His works have also generated a vast body of scholarship and elicited criticism from a wide range of approaches Because of its size scope and diversity accessing that scholarship has become difficult for scholars students and general readers alike This reference comprehensively overviews the present state of Faulkner studies The volume includes chapters written by expert contributors Each chapter defines a particular critical approach and surveys the contributions of that approach to Faulkner studies Some of the approaches covered are archetypal biographical feminist historical and psychological among others The book closes with a selected general bibliography and glossary of critical terms Faulkner and Formalism Annette Trefzer, Ann J. Abadie, 2012-05-01 Faulkner and Formalism Returns of the Text collects eleven essays presented at the Thirty fifth Annual Faulkner and Yoknapatawpha Conference sponsored by the University of Mississippi in Oxford on July 20 24 2008 Contributors query the status of Faulkner's literary text in contemporary criticism and scholarship How do scholars today approach Faulkner's texts For some including Arthur F. Kinney and James B. Carothers returns of the text is a phrase that raises questions of aesthetics poetics and authority For others the phrase serves as an invitation to return to Faulkner's language to writing and the letter itself Serena Blount Owen Robinson James Harding and Taylor Hagood interpret returns of the text in the sense in which Roland Barthes characterizes this shift his seminal essay From Work to Text For Barthes the text is not to be thought of as an object but as a methodological field a notion quite different from the New Critical understanding of the work as a unified construct with intrinsic aesthetic value Faulkner's language itself is under close scrutiny in some of the readings that emphasize a deconstructive or a semiological approach to his writing Historical and cultural contexts continue to play significant roles however in many of the essays The contributions by Thadious Davis Ted Atkinson Martyn Bone and Ethel Young Minor by no means ignore the cultural contexts but instead of approaching the literary text as a reflection a representation of that context whether historical economic political or social these readings stress the role of the text as a challenge to the power of external ideological systems By retaining a bond with new historicist analysis and cultural studies these essays are illustrative of a kind of analysis that carefully preserves attention to Faulkner's sociopolitical environment The concluding essay by Theresa Towner issues an invitation to return to Faulkner's less well known short stories for critical exposure and the pleasure of reading **William Faulkner and Mortality** Ahmed Honeini, 2021-07-29 William Faulkner and Mortality is the first full length study of mortality in William Faulkner's fiction The book challenges earlier influential scholarly considerations of death in Faulkner's work that claimed that writing was his authorial method of saying No to death Through close readings of six key works The Sound and the Fury As I Lay Dying A Rose for Emily Light in August Absalom Absalom and Go Down Moses this book examines how Faulkner's characters confront various experiences of human mortality including grief bereavement mourning and violence The trauma and ambivalence

caused by these experiences ultimately compel these characters to say Yes to death The book makes a clear distinction between Faulkner's quest for literary immortality through writing and the desire for death exhibited by the principal characters in the works analysed William Faulkner and Mortality A Fine Dead Sound offers a new paradigm for reading Faulkner's oeuvre and adds an alternative voice to a debate within Faulkner scholarship long thought to have ended The Amalgamation Waltz Tavia Amolo Ochieng' Nyongó, 2009 At a time when the idea of a postracial society has entered public discourse The Amalgamation Waltz investigates the practices that conjoined blackness and whiteness in the nineteenth and twentieth centuries Scrutinizing widely diverse texts archival musical visual and theatrical Tavia Nyong'o traces the genealogy of racial hybridity analyzing how key events in the nineteenth century spawned a debate about interracialism that lives on today **Becoming Faulkner** Philip Weinstein, 2010 William Faulkner was the greatest American novelist of the twentieth century yet he lived a life marked by a pervasive sense of failure Throughout his career he remained haunted by his inability to master a series of personal and professional challenges his less than heroic military career the loss of his brother in an airplane crash a disappointing stint as a Hollywood screenwriter and a destructive bout with alcoholism In this imaginative biography Philip Weinstein a leading authority on the great novelist targets Faulkner's embattled sense of self as central to both his life and his work Weinstein shows how Faulkner's troubled interactions with time place and history with antebellum practices and racial division take on their fullest meanings in his fiction Exploring the resonance of his own unpreparedness Faulkner invented a singular language that captured human consciousness under stress as never before Becoming Faulkner joins Faulkner's life and art in a bold new way giving readers a full vantage from which to better understand this twentieth century literary genius Weinstein shows how Faulkner's troubled interactions with time place and history with antebellum practices and southern heritage form a pattern that played out over the course of his entire life At the same time these incidents take on their fullest meanings in his fiction It was in meditating on his failures his own unreadiness Weinstein argues that Faulkner came up with his singular language one that captured human consciousness under stress as never before His fruitless striving catapulted American literature to a new level of sophistication Narrating the events that comprised Faulkner's life biographers have long struggled to depict his personal complexity the paradoxes that shaped his decisions and dogged his relationships But without a consideration of the writing as well the troubles in the life fail to reveal their deeper resonance By skillfully analyzing the work while tracing the events Weinstein achieves a full portrait revealing struggles that animate his life and shadows that complicate his work Becoming Faulkner thus conjoins Faulkner's life and art in a bold new way giving readers a full vantage from which to better understand this twentieth century literary genius The Black Indian in American Literature K. Byars-Nichols, 2013-11-29 The first book length study of the figure of the black Indian in American Literature this project explores themes of nation culture and performativity Moving from the Post Independence period to the Contemporary era Byars Nichols re-centers a marginalized group challenges

stereotypes and conventional ways of thinking about race and culture      *In the Shadow of the Black Beast* Andrew B. Leiter, 2010-05 Andrew B. Leiter presents the first book length study of the sexually violent African American man or black beast as a composite literary phenomenon According to Leiter the black beast theme served as a fundamental link between the Harlem and Southern Renaissances with writers from both movements exploring its psychological cultural and social ramifications Indeed Leiter asserts that the two groups consciously engaged one another's work as they struggled to define roles for black masculinity in a society that viewed the black beast as the *raison d'être* for segregation Leiter begins by tracing the nineteenth century origins of the black beast image and then provides close readings of eight writers who demonstrate the crucial impact anxieties about black masculinity and interracial sexuality had on the formation of American literary modernism James Weldon Johnson's *The Autobiography of an Ex-Colored Man* Walter White's *The Fire in the Flint* George Schuyler's *Black No More* William Faulkner's *Light in August* Margaret Mitchell's *Gone with the Wind* Allen Tate's *The Fathers* Erskine Caldwell's *Trouble in July* and Richard Wright's *Native Son* as well as other works provide strong evidence that perceptions of black male sexual violence shaped segregation protest traditions and the literature that arose from them Leiter maintains that the environment of southern race relations which allowed such atrocities as the Atlanta riot of 1906 numerous lynchings Virginia's Racial Integrity Act and the Scottsboro trials influenced in part the development of both the Harlem and Southern Renaissances While the black beast image had the most pernicious impact on African American individual and communal identities he says the threat of black masculinity also shaped concepts of white national and communal identities as well as white femininity and masculinity *In the Shadow of the Black Beast* signals a fresh interpretation of a literary stereotype within its social and historical context      *Darwin and Faulkner's Novels* M. Wainwright, 2008-03-31 Displaying a wide range of knowledge and interpretive skill *Darwin and Faulkner's Novels* reexamines the fiction of the great twentieth century American author from the interdisciplinary perspective of sociobiology Challenging the assumption that Faulkner's South was nothing other than a reactionary wilderness and charting the manner in which Faulkner learned and applied his evolutionary concepts this book unsettles staid interpretations of the Faulknerian canon and overturns habitual judgments as to the value of his later novels      ***Shakespeare and Masculinity in Southern Fiction*** J. Keener, 2008-02-04 The book advances the idea that American Southern white planter class authors have appropriated models and modes of masculinity from William Shakespeare Keener traces the history of this appropriation and its attendant masculinities from authors as early as William Gilmore Simms through Thomas Nelson Page and Thomas Dixon to William Faulkner      *Legendary Deer Camps* Wegner Rob, 2001-10-22 This second book in the *Deer and Deer Hunting Classics* series rekindles the deer hunting history and the role of deer camps in hunting's culture Relive the hunt's joy and trepidation of famous American deer hunters such as William Faulkner Aldo Leopold and Oliver Hazard Perry Rare historical paintings and photographs capture the spirit of long past deer camps This collective biography represents the best of a great

American tradition through deer camp experiences such as freedom solitude camaraderie rites of initiation story telling and venison cuisine More than 12 million American deer hunters celebrate this annual tradition Cultures of Populism Merle A. Williams, 2022-03-16 The rapid global spread of populism has become an arresting and often disturbing phenomenon in the opening decades of the twenty first century This collection of essays explores the complex histories and diverse geographies of populist activity examining its manifestations on both the political left and the right while tracing its dangerous association with nativism racism and xenophobia Established socio political theories are questioned and challenged giving way to fresh philosophical or cultural perspectives At the heart of this collection lies a concern with the capacity of the humanities and especially literary studies to interpret evaluate and intervene in this populist moment Literary discussion ranges from Henry James and William Faulkner to Toni Morrison David Foster Wallace Ali Smith and Ta Nehisi Coates These essays demonstrate the pertinence and value of enquiries from multiple perspectives if we are to come to terms with the impact of populist rhetoric on meaning and truth as proliferating misinformation unmoors conceptual and ethical coherence The chapters in this book were originally published in Safundi The Journal of South African and American Studies and English Studies in Africa Interracialism Werner Sollors, 2000-10-19 Interracialism or marriage between members of different races has formed torn apart defined and divided our nation since its earliest history This collection explores the primary texts of interracialism as a means of addressing core issues in our racial identity Ranging from Hannah Arendt to George Schuyler and from *Pace v Alabama* to *Loving v Virginia* it provides extraordinary resources for faculty and students in English American and Ethnic Studies as well as for general readers interested in race relations By bringing together a selection of historically significant documents and of the best essays and scholarship on the subject of miscegenation Interracialism demonstrates that notions of race can be fruitfully approached from the vantage point of the denial of interracialism that typically informs racial ideologies William Faulkner James G. Watson, 2013-12-06 In his life and writings William Faulkner continually created and performed selves Even in letters he often played a part gentleman dandy soldier farmer while in his fictions these and other personae are counterpoised against one another to create a world of controlled chaos made in Faulkner's own protean image and reflective of his own multiple sense of self In this groundbreaking book James Watson draws on the entire Faulkner canon including letters and photographs to decipher the complicated ways in which Faulkner put himself forth as the artist he felt himself to be through written performances and displays based on the life he actually lived and the ones he imagined living The topics Watson treats include the overtly performative aspects of *The Sound and the Fury* self presentation and performance in private records of Faulkner's life the ways in which his complicated marriage and his relationships to male mentors underlie his fictions recurring motifs of marriages and fatherhood Faulkner's readings of Melville Hawthorne and Thoreau and the problematics of authorial sovereignty his artist as God creation of a fictional cosmos and the epistolary relationships with women that lie in the correspondence behind *Requiem for a Nun*
