Go and Go-Moku

Get set to go for a Japanese game that's something like chess, checkers, tak-tak-tak and bridge

by EDWARD LASKER

(continued)

I remember "Go" by accident. When I was a young soldier I happened to spend a summer three hours from home. One of my friends was a Japanese, who later became famous for his book on Go. He told me that all the Japanese who had played Go were really members of the Go Association, which was a secret society of the Go Association.

He then told me that he had seen the people who had played Go in the Go Association, and that he had seen the people who had played Go in the Go Association.

He then told me that he had seen the people who had played Go in the Go Association, and that he had seen the people who had played Go in the Go Association.

He then told me that he had seen the people who had played Go in the Go Association, and that he had seen the people who had played Go in the Go Association.

He then told me that he had seen the people who had played Go in the Go Association, and that he had seen the people who had played Go in the Go Association.

He then told me that he had seen the people who had played Go in the Go Association, and that he had seen the people who had played Go in the Go Association.

He then told me that he had seen the people who had played Go in the Go Association, and that he had seen the people who had played Go in the Go Association.
