The Arab Christ Mouchir Basile Aoun,2022-11-15 A reflection on Christianity in Arab society This work explores the Christian faith in the current intercultural context of Arab societies It argues that Arab Christianity seeks to express the

Christian faith through openness to Muslim otherness existential conviviality and fraternal solidarity In order to safeguard not only the physical existence of these communities but also and above all the relevance and richness of their message of life the theological reflection presented here takes on a three part task First it faithfully describes the sociopolitical and sociocultural reality of the historical integration of Arab Christian communities Second it reinterprets the content of the Christ event with reference to the challenge of Muslim otherness And finally it offers a path for conversion that involves a form not only of evangelical practice designed to foster bonds of fraternal solidarity between the inhabitants of the Arab world but also of shared spiritual quest for moral and political commitment **Christian Mysticism** ,1927 **D.
