Parenting with Gumption and Grit

Judy McCarver, 2019-05-14 No one wants to fall out of relationship with their kids It's easier when they are little to stay engaged with them because they require so much physical presence On the other hand as they get older and become more self sufficient being in relationship with our children can be a slippery slope IF we haven't been laying the groundwork and investing in our littles in the years prior we will pay the price when they become big This book teaches us lovingly and gently how to invest in our kids at every stage of their life from 0 to young adult But not only that when you read tips like Do the Next Right Thing we are reminded that it is never too late There are all kinds of voices around us and inside of us quick to feed us lies about what is possible and what is not when it comes to growing or reconciling relationships This book is practical truthful and hopeful
