Absolutes, God Is Not God Ronald A Train, 2013-01-12 *Absolutes* As a Christian it is foundational I believe to hold to absolutes For example a Christian should have absolutes about God's ontology the principle of being absolutes about theology the study of God absolutes about Christology the study of Christ and absolutes about pneumatology the study of the Holy Spirit Each of the foregoing absolutes I believe impact upon how one constructs a world view and how one considers the wider implications of God's kingdom work hence why I have titled this collection of essays *Without absolutes God is not God* I guess the reader will be asking him or herself why is there a requirement to hold to absolutes The need for absolutes is not complex In reality the argument determines whether one is a believer or non believer in the triune God A believer will weigh whether God revelationally speaks into this world generally and specifically A non believer will object to such a proposition and as a consequence leave him or herself open to other belief systems To perhaps put it another way a non believer is faced with the choice of deciding whether God is a reality or whether God is a creation of human imagination Decision making then

is crucial when accepting the triune God and his work Does one make a decision to believe in God empirically or does one make a decision to believe in God from a position of faith It is my view that God cannot be known empirically i e by trial or experience but rather he can only be known by faith However it depends on how we define faith Those who accept other belief systems would argue that they too have a faith or a belief in some god or person In the Christian context however faith is an action based on the accepted evidence In other words if one accepts that the written word of God is substantially true 2 Peter 1 20 21 and that the Word of God Jesus of Nazareth is who he is recorded as being or is who he claims to be John 1 1 5 14 6 7 then faith is given substance But I would go further and argue that authentic faith is derived from a spiritual encounter with God which then enables the recipients faith response to be one which is prompted or ignited by God My argument is supported from Scripture 1 Corinthians 12 9 Ephesians 2 8 9 and from personal experience Both of the foregoing references I suggest argue that faith is a gift which has its origin in God Hence faith is not only prompted by God but also sustained by him The analysis of such faith is that it is revelatory and constitutes an utter reliance on who God is and why he exists Revelatory Faith Evangelicals argue that faith is a gift from God However this argument is treated with caution by others Existentialism suggests that faith is made possible and so granted by the gracious approach and self disclosure of being Interestingly at this point there is no great variance between the latter perspective and Martin Luther who argued that faith originates with or is at least aroused by God Contemplating the third article of the Apostles Creed he wrote I believe that I cannot of my own reason or strength believe in Jesus Christ my Lord or come to him But the Holy Spirit has called me by the Gospel enlightened me with His gifts sanctified and kept me in the true faith Modernists also argue that faith constitutes a persons response but only after having been drawn to Gods work of salvation This argument suggests faith to be an a priori act of God an act that prompts recognition that in the Christ God is endeavouring to share his own life This arousal of faith then affects worship praise and prayer and the practise of Christian discipleship The same argument suggests further that the prior love of God and the response of love that it generates are what shape a persons Christian faith Biblical support for these theological reflections is found in Ephesians

God, Help Us! R.J. Chandler Sr, 2017-05-16 God Help Us is an anthology of writings that explore the many challenges of the universal church as it wrestles with its relevancy in a fast paced ever evolving and diverse culture Has the church moved away from the tenets of Christ Many Christians have redefined the Ten Commandments holiness and true faith to suit their personal needs Therefore each chapter in its approach deals with some of the ills of the world that have infiltrated the ranks of the church such as but not limited to mental illness dishonesty sin church hurt misguided leadership narcissism poor fiscal management and sexual indecency Im afraid that each topic has led to the decline of church attendance quieted its prophetic voice in the community and drastically reduced the effectiveness of saving souls This book provides recommendations for going back to our first love which is Jesus and His mission purposeful living balance and wellness It is my hope that this book transcends denominational affiliation and touches

O'Connor, 2014-04-07 A compelling analysis of how World War I spurred the rise of atheism and the subsequent effect on Western theology philosophy literature and art The catastrophic Great War left humanity in a world no longer trustworthy and reassuring but seemingly meaningless and indifferent Instead of redressing humanity's cosmic alienation postwar Western culture abandoned its concern for cosmic meaning lost its confidence in human reason and enabled the scientific worldview of neo Darwinian materialism to emerge and eventually dominate the Western mind According to the proponents of that worldview science is the only source of genuine truth nature is the product of a blind evolutionary process and reality at bottom is just physics and chemistry Thus God is dead and continued belief in a transcendentally purposeful universe is intellectually indefensible and either disingenuous or delusional By turning away from the eternal questions about the nature of reality Western culture effectively ceded unwarranted credibility and prominence to neo Darwinian materialism including its recently strident New Atheism O Connor revisits the 20th century's journey from Nietzsche's declaration of the death of God to the rise of materialism as the dominant worldview of western intelligentsia We live in a world that has largely expelled both mind and meaning from the citadels of serious intellectual pursuit and O Connor's book is a fascinating and scholarly expedition into the how and why of that troubling development Carter Phipps author of *Evolutionaries* I found this topic to be top rate The book is well researched and conceived nicely narrated and analyzed and an original body of inquiry into a challenging fascinating intellectual tradition Ronald M Johnson Professor Emeritus of
