God And Country Projects Record:

For God and Country? Elisheva Rosman-Stollman, 2014-06-30 Challenging conventional assumptions about religious believers this study reveals how religious student soldiers negotiate the sometimes conflicting goals and norms of their Orthodox Jewish faith and the Israel Defense Forces in which they serve *God and Country* Monique El-Faizy, 2008-12-05 In this important exploration of one of the most misunderstood phenomena of our day former fundamentalist Christian Monique El Faizy argues that evangelicals have become the new establishment constituting over 40% of our population by some estimates The 2004 Presidential election opened the eyes of many so called blue state Americans to the reach of evangelical Christianity yet much of the media and Hollywood still fail to understand the paradigm shift that has placed evangelicals in the American mainstream With the intimate perspective of a former insider *God and Country* takes readers past the edges of the evangelical community into its heart presenting an in depth look at megachurches Christian rock Christian publishing and the day to day lives of evangelical Americans El Faizy shows how by mimicking many elements of secular America and creating strong communities evangelical leaders lure converts by the thousands But while the public face of the movement has softened the conservative old guard still drives the political agenda Evangelicals see every aspect of their life through the prism of their faith their belief is central to every decision personal social or political To dismiss or miscast such an influential population would be a grave mistake Intelligent clear headed and piercing *God and Country* is essential reading for anyone interested in our nation s future **The Disciple** ,1976 *For God and Country* Elizabeth "Libi" Sundermann, 2016-01-14 This postsecular study on Conservative and Christian thinkers intellectual ferment leading to England s 1944 Education Act examines how politicians and educationalists promoted Christian civic humanism as the educational philosophy underlying the Act It argues that Religious Education and secondary and further educational proposals were meant to go hand in hand to shape a national educational system that promoted an English national identity based on ideals of tradition and progress for the war weary nation The 1944 Act s historic Religious Education mandate however was overshadowed by the hopes and fears for secondary education for all in the postwar class conscious English society The book focuses on the work and collaborations of politicians educationalists and intellectuals with special attention to three men Minister of Education R A Butler educationalist Fred Clarke and sociologist Karl Mannheim As Christian political and social thinkers these men worked in public and behind the scenes to create the landmark Education Act in order to bolster postwar England through appeals to God and country *For God and Country* Ralph Reed, 2020-03-31 Donald Trump Defender of Religious Freedom In 2016 many Christian leaders opposed candidate Donald Trump He was a social liberal and his vulgarity divorces affairs and scandals made it impossible for him to defend Christian values in public life Or so they thought Trump nevertheless won an overwhelming majority of the Evangelical vote in 2016 as well as the Catholic vote And in 2020 the idea that he can t represent Christians is demonstrably false He has been the most ardent and effective

presidential defender of religious liberty and the pro life cause since Ronald Reagan whom he has even surpassed in many ways In For God and Country Dr Ralph Reed draws on his deep knowledge of American history his unsurpassed experience as a political strategist his personal dealings with President Trump and the First Family and his moral commitment as a Christian to show why Catholics and Evangelicals should continue to support their unlikely champion In For God and Country Reed reveals The sincerity of President Trump s Christian faith and why he has delivered policy victories when other pro Christian presidents haven t Why Trump is the most pro Israel president in American history How liberals hope to demoralize Christians and thus defeat Donald Trump and reverse his pro life pro family pro religious freedom policies Why Never Trump Christians naively preach de facto political surrender For God and Country is not just required reading for the 2020 election it is required reading for every conservative Christian who loves America and wants to return it to Christian values **True to My God and Country** Françoise S. Ouzan,2024-02-06 True to My God and Country explores the role of the more than half a million Jewish American men and women who served in the military in the Second World War Patriotic Americans determined to fight they served in every branch of the military and every theater of the war Drawing on letters diaries interviews and memoirs True to My God and Country offers an intimate account of the soul searching carried out by young Jewish men and women in uniform Ouzan highlights in particular the selflessness of servicewomen who risked their lives in dangerous assignments Many GIs encountered antisemitism in the American military even as they fought the evils of Nazi Germany and its allies True to My God and Country examines how they coped with anti Jewish hostility and reveals how their interactions with Jewish communities overseas reinforced and bolstered connections to their own American Jewish identities
