NELSON PIKE

God And Timelessness

J Ma

God And Timelessness:

God and Timelessness Nelson C. Pike, 2002-01-29 Christian theologians are agreed that God is eternal. However, disagreement arises within the Christian tradition over the precise interpretation to be given to the word eternal. Professor Nelson Pike examines one way of understanding the doctrine of divine eternity that has had considerable prominence in the writings of both Catholic and Protestant theologians. On this interpretation to say that God is eternal is to say that God exists outside of time; in other words, that God is timeless. Professor Pike undertakes to expose both the strengths and shortcomings of this analysis of God's eternity. In addition to his discussion of divine eternity, Professor Pike treats a wide range of other theological and philosophical topics. These include the medieval doctrine of essential predication, the syntactical status of the term God, the problem of divine foreknowledge, the notion of God's omnipotence, the doctrine of divine immutability, and the general methodological issues connected with traditional ways of determining the adequacy of statements ascribing specific attributes to God. *God and Timelessness* TAYLOR & FRANCIS, 2010-10-19 First published in 2003. Routledge is an imprint of Taylor & Francis, an informa company. *The End of the Timeless God* R. T. Mullins, 2016 This book considers two approaches to the philosophy of time: presentism and eternalism. **The End of the Timeless God** R. T. Mullins, 2016 The claim that God is timeless has been the majority view throughout church history. However, it is not obvious that divine timelessness is compatible with fundamental Christian doctrines such as creation and incarnation. Theologians have long been aware of the conflict between divine timelessness and Christian doctrine, and various solutions to these conflicts have been developed. In contemporary thought, it is widely agreed that new theories on the nature of time can further help solve these conflicts. Do these solutions actually solve the conflict? Can the Christian God be timeless? This book sets forth a thorough investigation into the Christian understanding of God and the God-world relationship. *God & Timelessness Vol 7* Nelson Pike, 2017-07-12 First published in 2003. This is volume VII in the IX-volume set titled *Studies in Ethics and the Philosophy of Religion*. The series is meant to provide an opportunity for philosophical discussions of a limited length which pursue in some detail specific topics in ethics or the philosophy of religion or topics which belong to both fields. This volume discusses timelessness, the predicate timeless in relation to God, power, and two doctrines. **Does God Know the Future?**,

The End of the Timeless God R. T. Mullins, 2016-01-07 The claim that God is timeless has been the majority view throughout church history. However, it is not obvious that divine timelessness is compatible with fundamental Christian doctrines such as creation and incarnation. Theologians have long been aware of the conflict between divine timelessness and Christian doctrine, and various solutions to these conflicts have been developed. In contemporary thought, it is widely agreed that new theories on the nature of time can further help solve these conflicts. Do these solutions actually solve the conflict? Can the Christian God be timeless? *The End of the Timeless God* sets forth a thorough investigation into the Christian understanding of God and the God-world relationship. It argues that the Christian God cannot be timeless. **God,**

Revelation and Authority : God Who Stands and Stays (Vol. 5) Carl F. H. Henry, 1999-01-25 Part 5 in a monumental six volume set that presents an undeniable case for the revealed authority of God to a generation that has forgotten who he is and what he has done

God, Time, and Eternity W.L. Craig, 2013-03-14 Those who think about time are thinking deeply Those who think about God are thinking even more deeply still Those who try to think about God and time are pressing the very limits of human understanding Undaunted this is precisely the project which we have set for ourselves in this study to try to grasp the nature of divine eternity to understand what is meant by the affirmation that God is eternal to formulate a coherent doctrine of God's relationship with time This study the second installment of a long range research program devoted to a philosophical analysis of the principal attributes of God flows naturally out of my previous exploration of divine omniscience For the most contentious issue with respect to God's being omniscient concerns divine foreknowledge of future contingents such as free acts of human agents The very concept of foreknowledge presupposes that God is temporal and a good many thinkers from Boethius to certain contemporary philosophers have thought to avoid the alleged incompatibility of divine foreknowledge and human freedom by affirming the timelessness of God Thus in examining the complex of issues surrounding the foreknowledge question we found ourselves already immersed in the question of divine eternity

Process Theology and the Christian Doctrine of God Santiago Sia, 1986 An examination both pro and con of this controversial topic

God, Revelation and Authority Carl F. H. Henry, 1999 Part 5 in a monumental six volume set that presents an undeniable case for the revealed authority of God to a generation that has forgotten who he is and what he has done

God, Time, Infinity Mirosław Szatkowski, 2018-05-07 The issues of the nature and existence of God time and infinity respectively and how they relate to each other are some of the most complicated problems of metaphysics This volume presents contributions of thirteen internationally renowned scholars who deal with various aspects of these complex issues The contributions were presented and discussed during the international conference God Time Infinity held in Warsaw September 22-24 2015

Reader in Trinitarian Theology Henco van der Westhuizen, 2022-12-15 Speaking God today signifies assuming the task constitutive of the discipline of systematic theology A relational God who lives in ex-static self-giving creates Christian communities of hospitality and generosity and offers a healing vision of truth goodness and beauty Speaking the Triune God extends the promise of the benediction May the grace of the Lord Jesus Christ and the love of God and the fellowship of the Spirit be with you all Rian Venter In this first volume on doing Theology in South Africa Henco van der Westhuizen assembled an array of articles by South African theologians on Trinitarian Theology from 1976 to today

Reforming the Doctrine of God F. LeRon Shults, 2005-11 Linking traditional attributes of God with contemporary philosophy F. LeRon Shults culminates with a reformed doctrine of God that revolves around themes of God's omniscient

faithfulness omnipotent love and omnipresent hope

Inquiring about God: Volume 1, Selected Essays Nicholas

Wolterstorff, 2010-02-04 Inquiring about God is the first of two volumes of Nicholas Wolterstorff's collected papers. This volume collects Wolterstorff's essays on the philosophy of religion written over the last thirty-five years. The essays, which span a range of topics including Kant's philosophy of religion, the medieval or classical conception of God, and the problem of evil, are unified by the conviction that some of the central claims made by the classical theistic tradition, such as the claims that God is timeless, simple, and impassible, should be rejected. Still, Wolterstorff contends, rejecting the classical conception of God does not imply that theists should accept the Kantian view according to which God cannot be known. Of interest to both philosophers and theologians, Inquiring about God should give the reader a lively sense of the creative and powerful work done in contemporary philosophical theology by one of its foremost practitioners.

The Nature of God Edward R.

Wierenga, 2018-05-31 The Nature of God explores a perennial problem in the philosophy of religion. Drawing upon developments in philosophy, most notably those in philosophical logic, Edward R. Wierenga examines the traditional divine attributes of omnipotence, omniscience, eternity, timelessness, immutability, and goodness. His philosophically defensible formulations of the nature of God are in accord with the views of classical theists. The author provides an account of each of the divine attributes by stating in contemporary terms what such classical theists as Augustine, Anselm, and Aquinas wrote about the nature of God; he then seeks to determine whether one can defend the ascription of traditional divine attributes to God against philosophical objections. Clearly written and comprehensive, The Nature of God contains a wealth of illuminating and original material on a central topic in the philosophy of religion.

God and Time Gregory E.

Ganssle, 2025-10-16 The eternal God has created the universe. And that universe is time-bound. How can we best understand God's relationship with our time-bound universe? For example, does God experience each moment of time in succession, or are all times present to God? How we think of God and time has implications for our understanding of the nature of time, the creation of the universe, God's knowledge of the future, God's interaction with his creation, and the fullness of God's life. In this Spectrum Multiview volume, four notable philosophers skillfully take on this difficult topic, all writing from within a Christian framework yet contending for different views. Paul Helm argues that divine eternity should be construed as a state of absolute timelessness. Alan G. Padgett maintains that God's eternity is more plausibly to be understood as relative timelessness. William Lane Craig presents a hybrid view that combines timelessness with omnitemporality. And Nicholas Wolterstorff advocates a doctrine of unqualified divine temporality. Each essay is followed by responses from the other three contributors and a final counter-response from the original essayist, making for a lively exchange of ideas. Editor Gregory E. Ganssle provides a helpful introduction to the debate and its significance. Together, these five scholars conduct readers on a stimulating and mind-stretching journey into one of the most controversial and challenging areas of theology today. Spectrum Multiview Books offer a range of viewpoints on contested topics within Christianity, giving contributors the opportunity to present their

position and also respond to others in this dynamic publishing format *The Timeless Age of God* Russell Redden, 2009-03-17 A doctrine once common in Apostolic times unlocks the meaning of many Bible passages Ancient Jews Christians Gnostics and Greek philosophers believed that heaven is an unchanging place of timelessness the first dimension where creation began and will return at the end of time This book catalogs evidence of this theology throughout the Bible and numerous ancient texts Unknown to the majority of Christians the theology of two aeons is central to many Bible passages many of them related to the ascension of Christ The Son of Man ascended into the unchanging Spirit of God the Father who lives in heaven outside of time and space This knowledge was revealed to ancient Israel a testimony of Christ s priesthood many years before He walked the earth *God and Necessity* Brian Leftow, 2012-09-06 Brian Leftow offers a theory of the possible and the necessary in which God plays the chief role and a new sort of argument for God s existence It has become usual to say that a proposition is possible just in case it is true in some possible world roughly some complete history a universe might have and necessary just if it is true in all Thus much discussion of possibility and necessity since the 1960s has focussed on the nature and existence or not of possible worlds God and Necessity holds that there are no such things nor any sort of abstract entity It assigns the metaphysical work such items usually do to God and events in God s mind and reduces broadly logical modalities to causal modalities replacing possible worlds in the semantics of modal logic with God and His mental events Leftow argues that theists are committed to theist modal theories and that the merits of a theist modal theory provide an argument for God s existence Historically almost all theist modal theories base all necessary truth on God s nature Leftow disagrees he argues that necessary truths about possible creatures and kinds of creatures are due ultimately to God s unconstrained imagination and choice On his theory it is in no sense part of the nature of God that normal zebras have stripes if that is a necessary truth Stripy zebras are simply things God thought up and they have the nature they do simply because that is how God thought of them Thus Leftow s essay in metaphysics takes a half step toward Descartes view of modal truth and presents a compelling theist theory of necessity and possibility

Thank you entirely much for downloading **God And Timelessness**. Maybe you have knowledge that, people have see numerous time for their favorite books afterward this God And Timelessness, but stop in the works in harmful downloads.

Rather than enjoying a good ebook with a mug of coffee in the afternoon, then again they juggled subsequently some harmful virus inside their computer. **God And Timelessness** is easily reached in our digital library an online entry to it is set as public in view of that you can download it instantly. Our digital library saves in combined countries, allowing you to acquire the most less latency era to download any of our books like this one. Merely said, the God And Timelessness is universally compatible as soon as any devices to read.
