William Lane Craig *God, Time and Eternity. The Coherence of Theism II: Eternity.* (Dordrecht: Kluwer Academic Publishers, 2001). Pp. xi + 321. £74.00 (Hbk). ISBN 1402000111.

The years since the publication of Nelson Pike's *God and Timelessness* (1970) have seen a very considerable number of books and articles in the Anglo-American philosophical tradition on the issue of God's relation to time, easily divisible without borderline cases into supporters and opponents of the view that God is outside time. Craig has the unusual view that God is timeless 'when' there is no universe, but exists in time since the universe came into existence. Yet, although this is his view, most of the book is devoted to establishing the latter claim – as long as there is time (which according to Craig is as long as there is a universe), God exists at every moment of that time – He is everlasting. Craig's Part I covers well-worn ground. He acknowledges that there is one good philosophical argument for God being timeless – that God would be more perfect if He possessed His life all at once, and Craig claims that it is coherent to suppose that there might be a timeless person, so long as he does not cause or know about a changing universe. But the universe could not be dependent on God as it exists, nor could He know about it as it changes, without God Himself changing and so being temporal – so long as the tensed theory of time is true (that is so long as there are truths about what is past, present, or future, additional to truths about what happens at particular named dates – e.g. 2003). If the tenseless theory of time were true, then the four-dimensional universe would exist as a whole, and could be dependent for its existence throughout all time on God who was timelessly aware of it. At this point Craig refers us to two books of his in which in which he has argued at length that the tensed theory is true [to be reviewed in the next issue of *Religious Studies* – Ed.]; and he gives here a two-page summary of his arguments in these books.

He then goes on in part 2, section 1 to consider how God is related to the time measured by human clocks. He accepts Newton's view that there is a true 'metaphysical time' – there are truths about the length of all intervals between events, whether or not they are measured correctly by human clocks. Einstein gave no good reason for denying this, only for denying that we could know about it –

Understanding Forgiveness John S. Weekes, Dr John S Weekes, 2001-11-29 Forgiveness is a vital component in the lives of every individual living in an orderly and civilized community For the Christian it is as important as life itself since our heavenly Father not only charges us to forgive but makes it a condition of our own forgiveness It is therefore of vital importance that we all understand what forgiveness is how it works and how it affects our relationships with one another and with the one we call our Father which art in heaven In this little book Dr Weekes has compiled a useful and readable guide The following pages are dedicated to all those who lost their lives as a result of the terrorist acts on September eleventh in the year of our Lord two thousand and one The brave passengers and crew on those aircrafts the occupants in the Pentagon and the Twin Towers the fire fighters and all the rescuers who lost their lives May God be merciful to them and may their souls and the souls of all those who depart this life in the faith and fear of our Lord by the mercy of God rest in peace **A New English Dictionary on Historical Principles**, 1893 **The White Rhino Hotel** Bartle Bull, Bryon Johnsen, British

Columbia. Library Services Branch, 2001 *The White Rhino Hotel* is a sweeping saga of love and revenge of greed and loyalty of pioneers struggling for a new life amidst the beauty and wildness of the African bush in the years immediately after World War I. Desperate to win estates of virgin land thousands of World War I veterans draw lots with the winners and their families sailing for Kenya not knowing what they will find. Like other Europeans and Africans before them their fates often cross at Lord Penfold's White Rhino Hotel where guests can gamble away their plantations or satisfy other desires. It is in this setting that Bartle Bull's powerful and wonderfully evocative novel of the driving forces of nature and man's spirit of adventure takes place. At the White Rhino Hotel travelers meet the scheming dwarf Olivio Alavedo a man obsessed by lust and vengeance. To his enemies Olivio is a cunning adversary. To the needy Lady Penfold he is something more personal. To young Anton Rider and the courageous pioneer Gwenn Llewelyn the dwarf is a subtle friend. Trained by gypsies to hunt, gamble and read fortunes Rider comes to Africa seeking gold, freedom and adventure but finds violence and the passions of older women. Hardened by war herself the victim of violation and loss Gwenn Llewelyn seeks love as she struggles to build a future in Africa. Set against a background of colonial and natural history *The White Rhino Hotel* could only be written by someone who knows and loves Africa and who can tell a stunning tale. Praise for Bartle Bull Compared with Hemingway or Ruark Bull's knowledge of East Africa is profound. *Washington Post Book World* A wing-ding adventure story that I sat down to read on a Saturday night and finished on Sunday morning. Everything comes together with a satisfying bang. *Boston Globe*
