Economic Doctrines Of Knut Wicksell

Paul Anthony Samuelson

Economic Doctrines Of Knut Wicksell:

Economic Doctrines of Knut Wicksell Carl G. Uhr,1962 Economic Doctrines of Knut Wicksell Carl G. Uhr,

Knut Wicksell Bo Sandelin,2013-06-17 Knut Wicksell made enormous contributions to capital theory monetary theory and fiscal policy However whilst his books are widely available in English few of his more than 800 articles have ever been translated This volume first published in 1997 includes new translations of Wicksell s contributions to marginalism and capital theory public economics and unemployment *Knut Wicksell on the Causes of Poverty and It's Remedy* Mats Lundahl,2012 Knut Wicksell is arguably the greatest Swedish social scientist of all time and poverty was a theme that occupied him all his life Indeed it was probably Wicksell s interest in poverty that was the critical factor in drawing him away from his purely mathematical background towards a greater understanding of the social sciences as a whole In this outstanding volume Mats Lundahl one of the world s leading development economists examines Wicksell s thinking in the area of poverty and shows the importance of his contributions to this field A History of Economic Theory and Method Robert B. Ekelund, Jr.,Robert F. Hébert,2013-08-30 Known for its clarity comprehensiveness and balance the latest edition of A History of Economic Theory and Method continues that tradition of excellence Ekelund and H bert s survey provides historical and international contexts for how economic models have served social needs throughout the centuries beginning with the ancient Greeks through the present time The authors not only trace ideas that have persisted but skillfully demonstrate that past discredited ideas also have a way of spawning critical thinking and encouraging new directions in economic analysis Coverage that distinguishes the Sixth Edition from its predecessors includes a detailed analysis of economic solutions by John Stuart Mill and Edwin Chadwick to problems raised by the Industrial Revolution the role of psychology and experiments in understanding demand and consumer behavior discussions of modern economic theory as it interrelates with other social sciences and a close look at the historical development of the critical role of entrepreneurship both in its productive and unproductive variants The authors creative approach gives readers a feel for the thought processes of the great minds in economics and underscores key ideas impacting contemporary thought and practice Well crafted discussions are further enriched by absorbing examples and figures Thorough suggested reading lists give options for more in depth explorations by interested readers *Wicksell's Monetary Theory* ,1991-06-18 Originally published in Italian in 1983 the book elaborates and interprets Wicksell s monetary theories contrasting them with the methodological approach of both classical economists and members of the Swedish school *The History of Economic Thought: A Reader* Steven G Medema,Warren J. Samuels,2004-02-24 This new reader in the history of economic thought is edited by two of the most respected figures in the field With clearly written summaries putting each selection into context this book will be of great use to students and lecturers of the history of economic thought as it goes beyond the simple reprinting of articles Selections and discussions include such thinkers as Aristotle John Locke Fran ois Quesnay David Hume Jean Baptiste Say Karl Marx William

Stanley Jevons Irving Fisher and Thorstein Veblen *The History of Economic Thought A Reader* can be used as a core textbook or as a supplementary text on courses in economic thought and philosophy and will provide readers with a good foundation in the different schools of thought that run through economics

Knut Wicksell: a Study in Economic Doctrine Carl G. Uhr, 1950 [Selected Essays in Economics](#) Knut Wicksell, 1997 This volume includes new translations of Wicksell's contributions to marginalism and capital theory public economics and unemployment

Handbook on the History of Economic Analysis Volume I Gilbert Faccarello, Heinz D. Kurz, 2016-07-27 Volume I contains original biographical profiles of many of the most important and influential economists from the seventeenth century to the present day These inform the reader about their lives works and impact on the further development of the discipline The emphasis is on their lasting contributions to our understanding of the complex system known as the economy The entries also shed light on the means and ways in which the functioning of this system can be improved and its dysfunction reduced

The History of Swedish Economic Thought Bo Sandelin, 2013-12-19 Originally published in 1991 this is the first book in English to chart the history of economic thought in Sweden Concentrating on the major figures of Davidson Wicksell Cassel and Heckscher and on the members of the Stockholm School it discusses Swedish contributions to both the neo classical and Keynesian revolutions Throughout Swedish economic thought is seen in the context both of international economics and of domestic institutional developments

[The History of Economic Thought](#) Steven G Medema, Warren J. Samuels, 2013-05-29 From the ancients to the moderns questions of economic theory and policy have been an important part of intellectual and public debate engaging the attention of some of history's greatest minds This book brings together readings from more than two thousand years of writings on economic subjects Through these selections the reader can see first hand how the great minds of past grappled with some of the central social and economic issues of their times and in the process enhanced our understanding of how economic systems function This collection of readings covers the major themes that have preoccupied economic thinkers throughout the ages including price determination and the underpinnings of the market system monetary theory and policy international trade and finance income distribution and the appropriate role for government within the economic system These ideas unfold develop and change course over time at the hands of scholars such as Aristotle St Thomas Aquinas John Locke Francois Quesnay David Hume Adam Smith Thomas Robert Malthus David Ricardo John Stuart Mill Karl Marx William Stanley Jevons Alfred Marshall Irving Fisher Thorstein Veblen John Maynard Keynes Milton Friedman and Paul Samuelson Each reading has been selected with a view to both enlightening the reader as to the major contributions of the author in question and to giving the reader a broad view of the development of economic thought and analysis over time This book will be useful for students scholars and lay people with an interest in the history of economic thought and the history of ideas generally

Economic Theory in Retrospect Mark Blaug, 1997-03-27 This is a history of economic thought from Adam Smith to John Maynard Keynes but it is a history with a difference Firstly it is a history of economic theory not of economic

doctrines that is it is consistently focused on theoretical analysis undiluted by entertaining historical digressions or biological colouring Secondly it includes detailed Reader s Guides to nine of the major texts of economics namely the works of Smith Ricardo Mill Marx Marshall Wickstead Wicksell Walras and Keynes in the effort to encourage students to become acquainted at first hand with the writings of all the great economists This fifth edition first published in 1997 adds new Reader s Guides to Walras s Elements of Pure Economics 1871-74 and Keynes General Theory to the previous seven Reader s Guides of other great books in economics There are significant and major additions to six chapters

Development of Economic Analysis

Ingrid H. Rima, 2012-10-12 This is the sixth edition of a textbook that has been instrumental in introducing a generation of students to the history of economic thought It charts the development of economics from its establishment as an analytical discipline in the eighteenth century through to the late twentieth century The book discusses the work of amongst others Ricardo Malthus Marx Walras Marshall and Keynes as well as the institutionalists the Chicago School and the emergence of econometrics This edition has been fully revised and updated and includes chronologies of the key dates in the development of economics extracts from original texts an examination of how the study of the history of economic thought impinges upon modern thinking

Knut Wicksell (1851-1926) Mark Blaug, 1992 Part of a series presenting critical appraisals of influential economists from the age of Aristotle to the present The individuals examined have shaped both the theory and practice of modern economics Each volume combines classic statements by economists with the most recent research

Fifty Major Economists Steven Pressman, 2013-08-22 An introduction to the life work and ideas of the people who have shaped the economic landscape from the sixteenth century to the present day Now in a third edition it considers how major economists might have viewed challenges such as the continuing economic slump high unemployment and the sovereign debt problems which face the world today it includes entries on Paul Krugman Hyman Minsky John Maynard Keynes Adam Smith Irving Fisher James Buchanan Fifty Major Economists contains brief biographical information on each featured economist and an explanation of their major contributions to economics along with simple illustrations of their ideas With reference to the recent work of living economists guides to the best of recent scholarship and a glossary of terms Fifty Major Economists is an ideal resource for students of economics Steven Pressman is Professor of Economics and Finance at Monmouth University He has published around 120 articles in refereed journals and as book chapters and has authored or edited 13 books including Women in the Age of Economic Transformation Economics and Its Discontents Alternative Theories of the State and Leading Contemporary Economists

The German Historical School and European Economic Thought José Luís Cardoso, Michalis Psalidopoulos, 2015-10-30 The financial crisis of 2008 has revived interest in economic scholarship from a historical perspective The most in depth studies of the relationship between economics and history can be found in the work of the so called German Historical School GHS The influence of the GHS in the USA and Britain has been well documented but far less has been written on the rest of Europe This volume studies the interconnection between economic

thought and economic policy from the mid nineteenth century to the interwar period It examines how the School's ideas spread and was interpreted in different European countries between 1850 and 1930 analysing its legacies in these countries In doing so the book is able to trace the interconnection between economic thought and economic policy adding new voices to the debate on the diffusion of ideas and flow of knowledge This book identifies issues related to topics such as nationalism and cosmopolitanism in the history of ideas and clarifies themes in policy making that are still currently debated These include monetary policy and benefits of free trade for all parties involved in international exchanges This book will be of a great interest to those who study history of economic thought economic theory and political economy

Evolution of the Market Process Michel Bellet, Sandye Gloria-Palermo, Abdallah Zouache, 2004-10-07 This impressive volume centres on the relationship between Austrian and Swedish economics Exploring themes such as capital theory expectations policy market theory and the history of economic thought this book makes for an interesting read It will appeal across a wide range of disciplines within economics as well as the philosophy of social science

The Collected Scientific Papers of Paul A. Samuelson Paul Anthony Samuelson, 1966-02 It is a measure of Professor Samuelson's preeminence that the sheer scale of his work should be so much taken for granted observes a reviewer in the Economist who goes on to note that a cynic might add that it would have been better for Professor Samuelson to write less merely to give others a chance to write at all These volumes contain virtually all of Professor Paul A Samuelson's contributions to economic theory through mid 1964 a total of 129 papers Included are his classic articles on such topics as revealed preference factor price equalization and public goods as well as some articles which until now have only been privately circulated or buried in Festschriften such as Market Mechanisms and Maximization and The Structure of a Minimum Equilibrium System The articles have been grouped together into five books compiled in two volumes The books in turn have been divided into sections each of which contains articles on the same or closely related topics Within the sections the articles are arranged chronologically The graduate student and professional economist will welcome The Collected Scientific Papers of Paul A Samuelson as a valuable addition to their libraries

Economic Development and Global Crisis José Luís Cardoso, Maria Cristina Marcuzzo, María Eugenia Romero Sotelo, 2014-02-05 This edited collection uses a history of economic thought perspective to explore the evolving role of Latin America within the context of globalization In particular it examines the region's resilience in the face of the global financial crisis Economic Development and Global Crisis explains that Latin America is a region with distinct characteristics and peculiarities which have been shaped from the colonial era up to the present day The contributions suggest that several features which were perceived as economic backwardness have turned out to be advantageous and this may explain why Latin America is withstanding the crisis much better than Europe Japan and the USA This book will be of interest to scholars working in the areas of economic development economic history the history of economic thought and Latin American studies

Economic Doctrines Of Knut Wicksell Book Review: Unveiling the Power of Words
