Economic Restructuring, Technology Transfer, and Human Resource Development B. R. Virmani, Kala Rao, 1999-01-01

Towards a New Era M. L. Sondhi, 2001 **Industrial Restructuring in East Asia** Seiichi Masuyama, Donna

Vandenbrink, Chia Siow Yue, 2001-12-01 This book is about the restructuring of industry in ten East Asian economies at the start of the twenty first century It examines the dynamic aspects of the region s industrial structures the changes occurring with globalisation fuelled by liberalisation and by a paradigm shift from industrial technology to information technology The traditional flying geese concept is less relevant to explaining the economic and industrial development in the region as the pattern has become less predictable **Enhancing Competitiveness in Small Developing States** Robert A

Stoddard, 2024-08-15 This book is designed to help students practitioners and policy makers gain an understanding of the existential challenges that confront small developing states that have resulted in several economic fallouts to the extent that some countries have experienced the demise of many of their traditional industries It also presents a compendium of approaches tools and policies that can assist in resolving some of the lingering challenges faced by these countries It is envisaged that these approaches will invariably increase their competitiveness and thereby contribute to economic growth The book also analyzed the policy and regulatory environment in several small developing states and has developed approaches that are critical to strengthening the institutional capacity in support of the SME sector This is an imperative in their quest to become more productive and competitive and thereby create opportunities for sustained economic growth Emanating from a regional study of the industrial status in the CARICOM Member States it proposes new and revised approaches to public policy on many development issues The book is replete with insights inspiring real life cases and offers alternative approaches to development Developing the Global South Paulos Milkias, 2010 For four decades the UN has

attempted to foster development in the countries of the Southern hemisphere The book provides a synopsis of these efforts from the Brandt Commission Report to Boutros Boutros Ghali s Agenda for Development It presents opposing arguments in parceling responsibility for the growing gap between the North and the South and details the Millennium Development Goals and assesses their successes and failures so far Prof Milkias provides suggestions for closing the gap for removing the debt burden that is currently crushing the nations of the South and for relieving the poverty ignorance and disease that plague so much of humanity Liberalisation and Human Resource Management Arun Monappa, Mahrukh Engineer, 1999

Liberalisation and Human Resource Management examines current issues in economic policy related to the management of human resources now and in the future Arun Monappa and Marukh Engineer reflect on the implications of economic liberalisation in India organisational restructuring including privatisation alliances and mergers Indian labour policy different management strategies future changes projecting to the year 2020 such as diversity and technology **Structural**

Adjustment, Global Trade, and the New Political Economy of Development Biplab Dasgupta, 1998 Global

Technology Transfer John Chumack, 2002 Governments the world over fret continuously about the low level of transfer of technology especially within their own countries The general problem is military to industry although the variations are numerous Problems of presentation offering and support complicate an already byzantine world Yet somewhere within this dilemma lie the seeds of tomorrow s economic uptick Besides the nontrivial problems involved here the reluctance of the people having the technology to share it with someone who can profit from it stands out This book presents the issues and offers a comprehensive bibliography for easy access

Industrial Technology Development in Malaysia Greg Felker, K. S. Jomo, Rajah Rasiah, 2013-02-01 This book and its companion Technology Competitiveness and the State examine and evaluate Malaysian industrialization in terms of its experience of and prospects for industrial technology development The focus is on the development of Malaysia s technological industrial base from a sector and firm specific perspective including the role of foreign multinationals in this process Industrial Technology Development in Malaysia provides a valuable analysis of the technological development of a Newly Industrializing Country and reflects on whether existing development strategies can be maintained in the wake of the financial crises sweeping the East Asian economies

perspectives to discuss various issues of NPA management in the light of reforms to measure the performance of the banks of West Bengal during the reforms to analyse the role of information technology and its relevancy in Indian banks in the era of reforms and to impart necessary suggestions for the improvement of the efficiency and profitability of Indian banks

Journal of Scientific and Industrial Research ,1997 **Extention Education and Agriculture Development** Bikram K. Pattanaik,2006 With reference to Puri District India **Technology Assimilation in Joint Ventures** Manik Kher,2001 This book documents a well researched investigation based on actual joint venture JV operations in India It reiterates the need for better options to increase technological self reliance and further strengthen the Indian economy *Coping with Liberalisation* P S Palande,2000-07-31 With the initiation of economic liberalisation in the early nineties Indias industrial sector has been called upon to perform a crucial developmental role for the continued success of the on going structural adjustment programme This book examines Indian industry s response to and strategy for coping with the far reaching economic reforms and changes in industrial policy It discusses how industry has braced itself to face the challenges of both domestic and external competition Beginning with an historical overview of structural reforms Dr Palande describes the strategies adopted by Indian enterprises in the new environment The author also devotes separate chapters to discuss the implications of these changes for the public sector and the imperatives for government action including the need to further dismantle growth retarding restrictions on industry The book concludes with a discussion on how the momentum of growth which seems to have slowed down can be regained and how the gains so far made can be consolidated by further reforms

Resources in Education ,1997 **Unemployment - Nature, Challenges and Policy Responses** Collins Ayoo,2024-07-24 This book brings together research on the issue of unemployment with a focus on its nature causes and the strategies that are currently being utilized in various jurisdictions to combat it The issue is complex and multidimensional and is a serious challenge in both developing and developed countries The chapters in the book highlight in a nuanced way the key theoretical aspects of the problem the attempts that have been made in specific countries to measure its extent the shortcomings of these efforts and better metrics that can be applied to analyze it This is important because measurement of unemployment is a critical step in successfully formulating and targeting policies that can be effective in remedying it An important strength of the book is its empirical orientation and its illumination of aspects that are easy to gloss over such as people with disabilities who are a valuable and underutilized resource but who are often ignored in the discourse on development and labor markets Furthermore the book addresses critical emerging issues such as the implications of globalization and social and technological change on unemployment The book is rich in the breadth of policies presented thus making it particularly useful to diverse audiences such as legislators academic researchers policymakers and students of economics development public policy and project design and management **An Alternative to Investment Promotion in Developing Countries** Kallummal Murali,2001 *Neuere Ansätze der theoretischen und empirischen*

Entwicklungsforschung Heinz Ahrens, 2003-11-19 Der vorliegende Sammelband enthält Referate und Korreferate die auf den Jahrestagungen 2001 und 2002 des Ausschusses für Entwicklungslander des Vereins für Socialpolitik in Heidelberg und Berlin gehalten wurden. In den Beiträgen werden neuere Ansätze der entwicklungsökonomischen Forschung diskutiert, angewendet oder weiterentwickelt. Bei diesen Ansätzen handelt es sich vor allem um die Nutzung allgemeiner wirtschaftswissenschaftlicher Theorien wie z.B. der Neuen Institutionenökonomik oder der Neuen Wachstumstheorie sowie quantitativer Methoden wie z.B. neuerer Verfahren der Konometrie für die Analyse der speziellen Probleme der Dritten Welt. Inhaltlich werden sehr unterschiedliche Themen der Entwicklungsforschung behandelt. Einen gewissen Schwerpunkt der Jahrestagung 2001 stellt die Analyse der Effizienz von Mikrofinanzinstitutionen, Anreizprobleme, Evaluationskriterien dar, während im Mittelpunkt der Jahrestagung 2002 verschiedene Determinanten des Wachstums, Humankapital, finanzielle Entwicklung, Sparquote standen. Die übrigen Beiträge dieses Sammelbandes sind, was den Inhalt betrifft, vor allem durch eine wirtschaftshistorische oder aktuelle wirtschafts- und entwicklungspolitische Dimension gekennzeichnet. Der Sammelband macht deutlich, dass die Anwendung und Weiterentwicklung neuerer wirtschaftswissenschaftlicher Theorien und Methoden der empirischen Analyse in der Entwicklungsforschung neue relevante Erkenntnisse zu generieren vermag. Dabei werden auch die allgemeinen Grenzen dieser Neuerungen sowie die Grenzen ihrer Anwendung auf die Probleme der Dritten Welt sichtbar. Deutlich wird hierdurch der weitere Forschungsbedarf bei der Suche nach ergänzenden theoretischen Ansätzen und quantitativen Methoden zur Analyse der Entwicklung der Dritten Welt. *International Labour Documentation* International Labour Office, Central Library and Documentation Branch, 1998
