Introduction to Chapter 1

The main purpose of this book is to consider general development issues and to illustrate and examine those in relation to Chinese policies and experience and conversely, to examine approaches to economic development in China drawing out their general implications, strengths and weaknesses. The coverage is necessarily selective. This book is not intended as a compendium of Chinese economic development.

Ever since the visit of Marco Polo, China and its economic potential have fascinated Westerners. Adam Smith, for example, gave some coverage to China in the *Wealth of Nations*, published in 1776. However, views about the economic potential of China and its prospects for 'modern' economic development have varied considerably. Prior to World War II, Western powers and Japan saw China as a large potential market for their economic production and possibly to a lesser extent as an important source of raw materials for their own industry and economic expansion.

Although the Portuguese were allowed by the Ming Dynasty to set up a trading base in Macao in 1557, the subsequent Qing Dynasty strongly opposed further extension of trade with foreign merchants. Nevertheless, it allowed Canton (Guangzhou) to be used as a trading port commencing in 1685. But trade was restricted by the Qing government and the balance of trade was heavily in China's favour. In 1778 Britain began selling Indian opium to China in an attempt to balance up trade. Chinese attempts to stop the trade in opium eventually lead to four 'Opium Wars' which occurred during the

Competition, Diversity and Economic Performance C. A. Tisdell, 2013-02-01 Ecological and economic systems share some fundamental characteristics that Clem Tisdell has beautifully illuminated He has given us a much better handle on the roles of competition diversity evolution and sustainability in complex interdependent ecological and economic systems Our ability to build a sustainable and desirable future fundamentally depends on this integrated understanding Robert Costanza Portland State University US This thought provoking book explores the influences of market competition and diverse behaviours of economic agents on economic performance particularly dynamic economic performance Clem Tisdell illustrates within evolutionary dynamic and static contexts how diversity can improve or impede economic performance He addresses the fact the role of diversity in improving economic performance has been neglected by economic theorists by making economic diversity a focal point of economic analysis In particular special attention is given to the value of economic diversity and economic imperfections in improving the performance of economic processes in particular identified situations Limitations of using market like mechanisms for managing public bodies and business firms are discussed and the value of business cooperation economic mutualism as a means for improving economic performance is examined It is also observed that as economies develop different forms of economic competition and business cooperation evolve Challenging yet accessible this book will prove a stimulating read for academics and students in the fields of

 policy in Chinese higher education this book outlines how educational equity issues were understood and addressed in the
 formulation and implementation of the policy and its impacts on the socio economic fabric of China in the past decades
 Drawing on Chinese policy documents and interviews with government and university representatives Zhang examines the
 education system under the Mao era and the post Mao era and outlines the different approaches to equity that have
 characterized education in China in the 20th and 21st centuries Stephen Ball's policy cycle is used as a framework to analyse
 the various contexts text discourse and social practice in which policy is formed Zhang argues that education policy was not
 simply driven by concerns of equity but also by economic interests and political discourse Zhang further goes on to analyse
 how education policy was implemented by provincial governments and highlights the tension between central policy and on
 the ground implementation Bringing analysis of Chinese policy and research to a wider audience this text will interest
