Encyclopedia of History of American Management Morgen Witzel,2005-03-15 Containing more than 250 entries this unique and ambitious work traces the development of management thinking and major business culture in North America Entries range from 600 words to 2500 words and contain concise biographical detail a critical analysis of the thinkers doctrines and ideas and a bibliography including the subject s major works and a helpful listing of minor works **Culture, Gender and Entrepreneurial Innovation (UM Press)** Aida Idris,2014-02-03 The book examines three issues in entrepreneurship that are often overlooked yet powerful when taken together The first is the way people learn gender roles and how this in turn affects their entrepreneurial behavior The second are differences between two major population groups in Malaysia the Malays and the Chinese specifically in terms of their respective levels of societal masculinity The third is entrepreneurial innovation By combining these topics and examining how they apply to a sample of Malaysian women entrepreneurs the author produces genuinely new insightful and occasionally counter intuitive findings such as Malay women entrepreneurs lower level of uncertainty avoidance compared to Chinese women entrepreneurs Another intriguing discovery is her radical overhaul of the construct of ego orientation which gives a new angle on the old idea of entrepreneurs as people who are different from the rest of us In all the study poses some challenges to long standing but infrequently tested ideas about the nature of entrepreneurs and their behavior **Entrepreneurial Learning** Richard Harrison,Claire M. Leitch,2008-01-31 This book addresses the burgeoning interest in organizational learning and entrepreneurship bringing together for the first time a collection of new papers dealing explicitly with entrepreneurial learning Where past books have examined learning in a corporate context Harrison and Leitch focus instead on the learning process within entrepreneurship and the small business Areas covered include a review of the concept of entrepreneurial learning and the relationship between entrepreneurial learning and the wider literatures on management and organizational learning a review and development of a number of conceptual models of the process of learning in entrepreneurial contexts an illustration of the applications of concept of entrepreneurial learning in a range of contexts an international perspective on entrepreneurial learning **Entrepreneurship and Small Firms 6e** David Deakins,Mark Freel,2012-03-16 The sixth edition of Entrepreneurship and Small Firms has been fully revised and updated with contributions from leading academics in the field Retaining the popular style of the previous editions and offering a clear and accessible introduction to the topic this book provides a thorough coverage of entrepreneurial and small firm theory concepts evidence policy and practice Integrating academic theory with the day to day realities that entrepreneurs may encounter it furnishes the student with a comprehensive analysis of entrepreneurship This well established text is justly popular for its clear and accessible approach presenting the key topics of an entrepreneurship module in an engaging yet rigorous style The book covers wide ranging

topics from the economic influences on entrepreneurship and sources of finance to issues of diversity family business and social entrepreneurship New to this edition is a chapter on Corporate Entrepreneurship offering students a unique insight into entrepreneurship activities in larger businesses and organizations A reorganized chapter structure for the sixth edition allows students to navigate the four parts of the text from introductory concepts the domains of entrepreneurship through to strategy and to implementation New part cases help to highlight the core themes and apply them to real business scenarios

Joint Venture Agreements in the Qatari Gas Industry Talal Abdulla Al-Emadi, 2019-03-29 This book addresses a question of importance for both theory and practice Why are joint venture agreements preferred over other types of agreements such as concession agreements service contracts and

production sharing agreements in the Qatari gas industry On a theoretical level the author analyses this decision making process by developing an approach that integrates a micro level analysis more specifically within international oil companies with a macro level analysis that spring from the organisational culture of the Qatari gas industry At the micro level the author proposes John Dunning s eclectic paradigm as one set of theoretical ideas to explaining one element of the decision making process leading to the preference for joint venture agreements that is that of international oil companies At the macro level the author proposes Antony Giddens structuration theory as another set of theoretical ideas to explaining another part of this decision making process that is how it is being shaped by the organisational culture of the Qatari gas industry On an empirical level the proposed book applies a combination of a micro economic approach such as Dunning s eclectic paradigm with a macro sociological approach such as Giddens structuration theory by empirical investigation Grounded on a qualitative strategy that focuses on the meaning making which brings together different perspectives of this decision making process including those of international oil companies and the organisational culture of the Qatari gas industry the proposed book utilises a case study design named the case of the Qatari gas industry The author employs a triangulation of data collection techniques to access empirical data analysing official documents and semi structured interviews a sample of the interview questions are included in an appendix to the proposed books In line with the qualitative nature of this proposed book a thematic Analysis is adopted to interpret data based on Dunning s eclectic paradigm at the micro level and Giddens structuration theory at the macro level In doing so this book connects theory with practice by investigating the preference for joint venture agreements in the case of the Qatari industry by the combined application of one of the most effective frameworks for explaining foreign direct investment named Dunning s eclectic paradigm along with the most complex sociological framework that offers a rich definition of organisational culture named Giddens structuration theory Audience could include academics professionals and graduate and senior undergraduate students **Managing**
