Economy In The National Government:

Government and the American Economy Price V. Fishback, 2008-09-15 The American economy has provided a level of well being that has consistently ranked at or near the top of the international ladder A key source of this success has been widespread participation in political and economic processes In The Government and the American Economy leading economic historians chronicle the significance of America s open access society and the roles played by government in its unrivaled success story America s democratic experiment the authors show allowed individuals and interest groups to shape the structure and policies of government which in turn have fostered economic success and innovation by emphasizing private property rights the rule of law and protections of individual freedom In response to new demands for infrastructure America s federal structure hastened development by promoting the primacy of states cities and national governments More recently the economic reach of American government expanded dramatically as the populace accepted stronger limits on its economic freedoms in exchange for the increased security provided by regulation an expanded welfare state and a stronger national defense

American Government Scott F. Abernathy, 2018-11-14

The main strength of this book is that it presents a human side to American Government that challenges students to think critically while still presenting the teaching side with objectives self tests and chapter reviews Kathleen Barrett University of West Georgia In the Second Edition of American Government author Scott F Abernathy tunes in to the voices of all Americans showing how our diverse ideas shape the way we participate and behave the laws we live by and the challenges we face From the Constitutional Convention to Ferguson Missouri each chapter features rich personal narratives that illustrate how the American political system is the product of strategies calculations and miscalculations of countless individuals It focuses on real people the actions they take the struggles they face and how their choices influence outcomes The key concepts are memorable because they are tied to real politics where students see political action and political

choices shaping how institutions advance or impede the fulfillment of fundamental ideas Participation is at the heart of this groundbreaking new text with ample background on how and why to participate Not only will all students see themselves reflected in the pages but they will come to understand that they too are strategic players in American politics with voices that matter A Complete Teaching and Learning Package SAGE Vantage Digital Option Engage Learn Soar with SAGE Vantage an intuitive digital platform that delivers American Government Second Edition textbook content in a learning experience carefully designed to ignite student engagement and drive critical thinking Built with you and your students in mind it offers easy course set up and enables students to better prepare for class Contact your rep to learn more Assignable Video Assignable Video available on the SAGE Vantage platform is tied to learning objectives and curated exclusively for this text to bring concepts to life and appeal to different learning styles Watch a sample video now SAGE Coursepacks FREE Easily import our quality instructor and student resources content into your school's learning management system LMS and save time Learn more SAGE Edge FREE online resources for students that make learning easier See how your students benefit SAGE course outcomes Measure Results Track Success Outlined in your text and mapped to chapter learning objectives SAGE course outcomes are crafted with specific course outcomes in mind and vetted by advisors in the field See how SAGE course outcomes tie in with this book's chapter level objectives at edge.sagepub.com/abernathy2e CQ Press Lecture Spark Designed to save you time and ignite student engagement these free weekly lecture launchers focus on current event topics tied to key concepts in American government Access this week's topic Free poster What can you do with a Political Science degree Download a poster that you can print to hang in your classroom email to colleagues or share on social media Looking for the AP Edition Learn more about the brief text specifically tailored for the new AP framework and exam Contact your rep to learn more

The Political Economy of the Brazilian State, 1889-1930 Steven

Topik, 1987-07-01 In this first overview of the Brazilian republican state based on extensive primary source material Steven Topik demonstrates that well before the disruption of the export economy in 1929 the Brazilian state was one of the most interventionist in Latin America This study counters the previous general belief that before 1930 Brazil was dominated by an export oligarchy comprised of European and North American capitalists and that only later did the state become prominent in the country's economic development Topik examines the state's performance during the First Republic 1889-1930 in four sectors finance the coffee trade railroads and industry By looking at the controversies in these areas he explains how domestic interclass and international struggles shaped policy and notes the degree to which the state acted relatively independently of civil society Topik's primary concern is the actions of state officials and whether their decisions reflected the demands of the ruling class He shows that conflicting interests of fractions of the ruling class and foreign investors gradually led to far greater state participation than any of the participants originally desired and that the structure of the economy and of society not the intentions of the actors best explains the state's economic presence

Intergovernmental

Perspective ,1993 Each issue concentrates on a different topic

Partisan Politics, Divided Government, and the Economy Alberto Alesina,Howard Rosenthal,1995-01-27 This book develops an integrated approach to understanding the American economy and national elections Economic policy is generally seen as the result of a compromise between the President and Congress Because Democrats and Republicans usually maintain polarized preferences on policy middle of the road voters seek to balance the President by reinforcing in Congress the party not holding the White House This balancing leads always to relatively moderate policies and frequently to divided government The authors first outline the rational partisan business cycle where Republican administrations begin with recession and Democratic administrations with expansions and next the midterm cycle where the President's party loses votes in the mid term congressional election The book argues that both cycles are the result of uncertainty about the outcome of presidential elections Other topics covered include retrospective voting on the economy coat tails and incumbency advantage A final chapter shows how the analysis sheds light on the economies and political processes of other industrial democracies
