Fantail Fighters:

Early Jet Fighters, 1944-1954 Leo Marriott, 2020-03-30 A clearly written profusely illustrated and well organized volume on Soviet and European jet fighter design Air Power History In his previous book on early jet fighters Leo Marriott traced the history of the revolutionary aircraft produced by the British and Americans immediately after the Second World War Now in this companion volume he describes jet fighter development on the continent of Europe and in the Soviet Union during the same remarkable period Using over 200 archive photographs he covers the pioneering German designs then the range of experimental and operational fighters constructed by the Soviets the French and the Swedes The sheer variety of the designs that manufacturers came up with during this short intense period of innovation make for fascinating reading Several of the most famous jet fighters feature prominently in the rare photographs and are analyzed in the expert text including the Messerschmitt Me 262 the Heinkel He 162 the MiGs 15 17 and 19 the Dassault Ouragan and the Saab J29 But perhaps the most rewarding aspect of the book is its record of experimental projects testing new concepts that rapidly became established elements of jet aircraft design The photographs of these largely forgotten aircraft give us an insight into the extraordinary technical challenges and the ambition and inventiveness of the designers and manufacturers who overcame them

Naval Aviation News, 1996-11 *Fighting to Leave* Robert E. Stoffey, 2008-09-15 From a Vietnam wartime veteran and US Marine officer an insider s account of the final military strategies of the Vietnam war Perhaps more vexing than any part of the Vietnam War Americas longest was getting out This book offers a chronicle of those last difficult years 1972 and 1973 that is at once a detailed and thorough overview and at the same time a vividly personal account The year 1972 found Marine Corps pilot Robert E Stoffey beginning his third combat tour in Vietnam After flying 440 combat missions out of Da Nang and Marble Mountain Airfields in South Vietnam and being shot down twice between 1965 and 1970 Stoffey was in a unique position to judge the United States changed strategy From the vantage point of the USS Oklahoma City he fought and observed the critical and complex last two years of the war as Marine Air Officer and Assistant Amphibious Warfare Officer on the staff of the Commander Seventh Fleet As the South Vietnamese battled for survival against the onslaught from the Communist North Vietnamese Army the US Seventh Fleet afloat in the Gulf of Tonkin and the South China Sea was a significant supporting force With the US Navy s mining of North Vietnams waterways concentrated shore bombardments and air attacks this sea power was instrumental in leading to the negotiated end of the war and return of our POWs This is the story that Robert Stoffey tells in his firsthand account of how the Vietnam War finally ended and what it took to get our POWs home

David C. Minton III USN,Rear Adm. Alfred S. Berzin USSR,2018-02-20 With a war raging in Indochina and a Cold War raging in secret the spring of 1972 was a perilous time The question everyone wanted an answer to was whether the bombing and mining campaigns of the Hanoi and Haiphong harbors announced by President Nixon on May 8 would cause the Soviet Union and the United States of America to collide During several weeks in 1972 one lone nuclear submarine prevented the tactical morass of the Vietnam War from turning the Cold War hot The submarine USS Guardfish SSN612 commanded by Cmdr David C Minton III secretly followed a

Soviet nuclear guided missile submarine K 184 commanded by Capt First Rank Alfred S Berzin from Vladivostok to the South China Sea in the wake of the mining of the Haiphong and Hanoi harbors providing real time information on the Soviet submarine threat Follow two young commanders who led different lives but had surprisingly similar careers until they converged in the waters off of Vladivostok

Donald L. Ball,1997

The Hill Fights Edward F. Murphy,2007-12-18 While the seventy seven day siege of Khe Sanh in

early 1968 remains one of the most highly publicized clashes of the Vietnam War scant attention has been paid to the first battle of Khe Sanh also known as the Hill Fights Although this harrowing combat in the spring of 1967 provided a grisly preview of the carnage to come at Khe Sanh few are aware of the significance of the battles or even their existence For more than thirty years virtually the only people who knew about the Hill Fights were the Marines who fought them Now for the first time the full story has been pieced together by acclaimed Vietnam War historian Edward F Murphy whose definitive analysis admirably fills this significant gap in Vietnam War literature Based on first hand interviews and documentary research Murphy s deeply informed narrative history is the only complete account of the battles their origins and their aftermath The Marines at the isolated Khe Sanh Combat Base were tasked with monitoring the strategically vital Ho Chi Minh trail as it wound through the jungles in nearby Laos Dominated by high hills on all sides the combat base had to be screened on foot by the Marine infantrymen while crack battle hardened NVA units roamed at will through the high grass and set up elaborate defenses on steep sun baked overlooks Murphy traces the bitter account of the U S Marines at Khe Sanh from the outset in 1966 revealing misguided decisions and strategies from above and capturing the chain of hill battles in stark detail But the Marines themselves supply the real grist of the story it is their recollections that vividly re create the

atmosphere of desperation bravery and relentless horror that characterized their combat Often outnumbered and outgunned by a hidden enemy and with buddies lying dead or wounded beside them these brave young Americans fought on The story of the Marines at Khe Sanh in early 1967 is a microcosm of the Corps s entire Vietnam War and goes a long way toward explaining why their casualties in Vietnam exceeded on a Marine in combat basis even the tremendous losses the Leathernecks sustained during their ferocious Pacific island battles of World War II The Hill Fights is a damning indictment of those responsible for the lives of these heroic Marines Ultimately the high command failed them their tactics failed them and their rifles failed them Only the Marines themselves did not fail Under fire trapped in a hell of sudden death meted out by unseen enemies they fought impossible odds with awesome courage and uncommon valor
