Our consistent vocabulary comprehension and short answer format makes this resource easy to use. Written in such a way so educators can choose to use a small part as supplemental material with their existing unit. Introduce students to grade level words they will come across during their reading. Test comprehension by answering true or false questions about the farmers. Find a quote in the novel that demonstrates foreshadowing. Become a news reporter and come up with 10 questions to ask the farmers about why they dig up the ground. Aligned to your State Standards and written to Bloom's Taxonomy, additional crossword, word search, comprehension quiz and answer key are also included. About the Novel: *Fantastic Mr Fox* is the classic story by Roald Dahl of a fox who outsmarts a few farmers to steal food from them. Mr Fox lives underground with his wife and children. At night, Mr Fox visits his neighboring farmers and robs them of their livestock. The farmers retaliate by waiting for Mr Fox by his hole, ready to ambush him when he leaves. When that fails, the farmers then try to dig up Mr Fox's home. When that fails, they decide to starve out the Fox family. Mr Fox then comes up with a plan to get food. He gets the help of his friend Badger and the pair dig their way to the farmers' food. Their success leads to Mr Fox creating an underground neighborhood where all the animals can all live together in safety.      50 Fantastic Things to Do with Cardboard Judit Horvath, 2017-01-26      The 50 Fantastic Ideas series is packed full of fun, original, skills based activities for Early Years practitioners to use with children aged 0-5. Each activity features step by step guidance, a list of resources and a detailed explanation of the skills children will learn. Creative, simple and highly effective, this series is a must have for every Early Years setting. In order to be able to think creatively, children have to be encouraged to use their

imaginations and play autonomously When setting up open ended learning opportunities that stimulate children to investigate possibilities practitioners need easily accessible cost effective resources The rationale behind using cardboard boxes is the simple fact that they are cheap and open ended meaning they can be easily sourced and simply transformed by both adults and children A cardboard box is a resource that when left alone does nothing in particular but comes to life in the hands of children requiring them to use their imagination or to build on their past experiences Boxes as open ended materials greatly enhance the play experience as they require children to bring their thoughts into the play experience in a deeper way
