De-constructing Dahl Laura Viñas Valle, 2016-01-14 This is the first single authored monograph on Roald Dahl since 1994 Remarkably in spite of Dahl's commercial success and the divided opinions he generates very little scholarly work on the author has been produced In the light of sociocultural constructivist theory De-constructing Dahl focuses on the critical context texts and paratexts that make up the packaging of Dahl It offers the first thorough overview of the criticism and the language employed to discuss Dahl since the 1970s the difficulties that using such language entails and how it still permeates current criticism It delves into the relationship between Dahl's children's and adult fiction by drawing comparisons and contrasts and exploring the common traits and patterns that bring his whole work together It also examines how Dahl constructed himself as a children's writer how his publishing house and allies contribute to mediating and sustaining the Dahl public persona the ways that marketing strategies are responsible for the identity of his books and how editorial decisions about the age range and therefore how the classification of a manuscript as a book for children or for adults constructs particular ideas of what children's literature is and what is considered appropriate or unsuitable for children to read Developing Language and Literacy with Young Children Marian R Whitehead, 2002-05-24 The author reasserts the importance of children's relationships and communications with people who care about them spend time with them and share in the excitement of their developing languages and their investigations of literacy

**Puffin by Design** Phil Baines, 2010 Late in 1939 a chance meeting between Penguin founder Allen Lane and natural history publisher Noel Carrington changed the future of children's publishing with the formation of a series called Puffin Picture Books. The first four titles appeared in 1940 and the series quickly established a reputation for presenting children's non-fiction in a unique blend of editing and design. Puffin Story Books soon followed with the publication of *Worzel Gummidge* in 1941 and like the original launch of Penguin itself these story books appeared in the three horizontal stripe design. Looking back at seventy years of Puffin paperbacks Phil Baines charts the development of Puffin and the role of illustrators and designers in creating and defining the identity of the Puffin list from the very first picture book through to modern day. Rich with stunning cover and inside illustrations and filled with detail of individual titles Phil discusses the changes in typography, illustration and printing techniques over Puffin's spectacular 70 year history. An extraordinary and beautiful book this is a perfect companion to *Penguin By Design*. *Ready! Set! Go! Literacy Centers: Level 3* Kelly

The Family in English Children's Literature Ann Alston, 2008-06-03 From the trials of families experiencing divorce as in Anne Fine's *Madame Doubtfire* to the childcare problems highlighted in Jacqueline Wilson's *Tracy Beaker* it might seem that the traditional family and the ideals that accompany it have long vanished. However in *The Family in English Children's Literature* Ann Alston argues that this is far from the case. She suggests that despite the tales of family woe portrayed in children's literature the desire for the happy contented nuclear family remains inherent within the ideological subtexts of children's literature. Using 1818 as a starting point Alston investigates families in children's literature at their most intimate focusing on how they share their spaces, their ideals of home and even on what they eat for dinner. What emerges from Alston's study are not so much the contrasts that exist between periods but rather the startling

similarities of the ideology of family intrinsic to children's literature The Family in English Children's Literature sheds light on who maintains control who behaves and how significant children's literature is in shaping our ideas about what makes a family good **Common Core for the Not-So-Common Learner, Grades K-5** Maria G.
