Fantastic Realistic:

Magical Realism and the Fantastic Amaryll Beatrice Chanady, 2019-10-01 Every reader of literature interprets the literary text on the basis of information they have acquired from previous reading and according to norms they have established either consciously or not with regard to a work of literature In this study originally published in 1985 the author clarifies the concepts of magical realism and the fantastic and establishes a series of guidelines that will allow us to distinguish between the two similar yet independent modes The reader will thus be able to identify the implicit framework upon which the author of the fantastic and of magical realism bases their text

Constructing Adolescence in Fantastic Realism Alison Waller, 2010-12-22 Constructing Adolescence in Fantastic Realism examines those fundamental themes which inform our understanding of the teenager themes that emerge in both literary and cultural contexts Models of adolescence do not arise solely from discourses of psychology sociology and education Rather these models frameworks including developmentalism identity formation social agency and subjectivity in cultural space can also be found represented symbolically in fantastic tropes such as metamorphosis time slip hauntings doppelgangers invisibility magic gifts and witchcraft These are the incredible supernatural and magical elements that invade the everyday and diurnal world of fantastic realism In this original study Alison Waller proposes a new critical term to categorize a popular and established genre in literature for teenagers young adult fantastic realism Though fantastic realism plays a crucial part in the short history of young adult literature up until now this genre has typically been overlooked or subsumed into the wider class of fantasy Touching on well known authors including Robert Cormier Melvin Burgess Gillian Cross Margaret Mahy K M Peyton and Robert Westall as well as previously unexamined writers Waller explores the themes and ideological perspectives embedded in fantastic realist novels in order to ask whether parallel realities and fantastic identities produce forms of adolescence that are dynamic and subversive One of the first studies to deal with late twentieth century fantastic literature for young adults this book makes a valuable contribution to our understanding of adult attitudes toward adolescent identity

Critical Discourses of the Fantastic, 1712-1831 David Sandner, 2016-04-22 Challenging literary histories that locate the emergence of fantastic literature in the Romantic period David Sandner shows that tales of wonder and imagination were extremely popular throughout the eighteenth century Sandner engages contemporary critical definitions and defenses of eighteenth and early nineteenth century fantastic literature demonstrating that a century of debate and experimentation preceded the Romantic s interest in the creative imagination In *The Fairy Way of Writing* Joseph Addison first defines the literary use of the supernatural in a modern and rational age Other writers like Richard Hurd James Beattie Samuel Johnson James Percy and Walter Scott influence the shape of the fantastic by defining and describing the modern fantastic in relation to a fabulous and primitive past As the genre of the purely imaginary Sandner argues the fantastic functions as a discourse of the sublime imagination albeit a contested discourse that threatens to disrupt any attempt to ground the sublime in the

realistic or sympathetic imagination His readings of works by authors such as Ann Radcliffe William Beckford Horace Walpole Mary Shelley Walter Scott and James Hogg not only redefine the antecedents of the fantastic but also offer a convincing account of how and why the fantastic came to be marginalized in the wake of the Enlightenment

Patriarchy and Power in Magical Realism Maryam Ebadi Asayesh,2017-08-21 Although the term magic al realism appeared in 1925 in pictorial art in Germany it became well known with the boom of magical realist fiction in Latin America in the 1960s Since the 1980s it has become one of the popular modes of writing worldwide Due to its oxymoronic and hybrid nature it has caught the attention of critics Some have called it a postcolonial form of writing because of its prominence in postcolonial countries while others have called it a postmodern mode because of the time of its emergence and the techniques applied in these kinds of novels This book discusses how magical realism was used in the works of three contemporary female writers *Indigo or Mapping the Waters* 1992 by the British Marina Warner *The House of the Spirits* 1982 by the Latin American writer Isabel Allende and *Fatma* a novel of Arabia 2002 by the Saudi Arabian Raja Alem It shows how by applying magical realism these writers empowered women Using revisionary nostalgia these works changed the process of history writing by the powerful showed the presence of women and gave voice to their unheard stories Even the techniques applied in these novels presented the clash with patriarchy and power

Exploring Magic Realism in Salman Rushdie's Fiction Ursula Kluwick, 2013-02-28 Kluwick breaks new ground in this book moving away from Rushdie studies that focus on his status as postcolonial or postmodern and instead considering the significance of magic realism in his fiction Rushdie's magic realism in fact lies at the heart of his engagement with the post colonial In a departure from conventional descriptions of magic realism based primarily on the Latin American tradition Kluwick here proposes an alternative definition allowing for a more accurate description of the form She argues that it is disharmony rather than harmony that is decisive that the incompatibility of the realist and the supernatural needs to be recognized as a driving force in Rushdie's fiction In its rigorous analysis of this Rushdian magic realism this book considers the entire corpus *Midnight's Children* *Shame* *The Satanic Verses* *The Moor's Last Sigh* *The Ground Beneath Her Feet* *Shalimar the Clown* and *The Enchantress of Florence* This study is the first of its kind to do so *Magical Realism and Deleuze* Eva Aldea, 2011-02-10 *The Colour Fantastic* Giovanna Fossati, Victoria Jackson, Bregt Lameris, Elif Rongen-Kaynakci, Sarah Street, 2025-10-01 Sparked by a groundbreaking Amsterdam workshop titled *Disorderly Order* Colours in Silent Film scholarly and archival interest in colour as a crucial aspect of film form technology and aesthetics has enjoyed a resurgence in the past twenty years In the spirit of the workshop this anthology brings together international experts to explore a diverse range of themes that they hope will inspire the next twenty years of research on colour in silent film Taking an interdisciplinary approach the book explores archival restoration colour film technology colour theory and experimental film alongside beautifully saturated images of silent cinema *Magical Realism* Lois Parkinson Zamora, Wendy B. Imperialism in the French Realist Novel Jennifer Yee, 2016-08-12 Nineteenth century French Realism focuses on metropolitan France with Paris as its undisputed heart Through Jennifer Yee's close reading of the great novelists of the French realist and naturalist canon Balzac Flaubert Zola Maupassant *The Colonial Comedy* reveals that the colonies play a role at a distance even in the most apparently metropolitan texts In what Edward Said called geographical notations of race and imperialism the presence of the colonies off stage is apparent as imported objects colonial merchandise and individuals whose colonial experience is transformative Indeed the realist novel registers the presence of the emerging global world system through networks of importation financial speculation and immigration as well as direct colonial violence and power structures The literature of the century responds to the last decades of French slavery and direct colonialism notably in Algeria but also economic imperialism and the extension of French influence elsewhere Far from imperialist triumphalism in the realist novel exotic objects are portrayed as fake or mass produced for the growing bourgeois market while economic imperialism is associated with fraud and manipulation The deliberate contrast of colonialism and exoticism within the metropolitan novel and ironic distancing of colonial narratives reveal the realist mode to be capable of questioning its own epistemological basis *The Colonial Comedy* argues for the existence in the nineteenth century of a Critical Orientalism characterized by critique of its own discursive foundations Using the tools of literary analysis within a materialist approach *The Colonial Comedy* opens up the domestic Paris Provinces axis to signifying chains pointing towards the colonial space
