**The Female Fantastic** Lizzie McCormick, Jennifer Mitchell, Rebecca Soares, 2018-08-06 For women identified writers of both eras the fantastic offered double vision Not only did the genre offer strategic cover for challenging the status quo but also a heuristic mechanism for teasing out the gendered psyche's links to creative personal and erotic agency These dynamic presentations of female and gender queer subjectivity are linked in intriguing and complex matrices to key moments in gendered history This volume contains essays from international scholars covering a wide range of topics including werewolves mummies fairies demons time travel ghosts haunted spaces and objects race gender queerness monstrosity madness incest empire medicine and science By interrogating two non consecutive decades we seek to uncover the inter relationships among fantastic literature feminism and modern identity and culture Indeed while this book considers the relationship between the 1890s and 1920s it is more an examination of women's modernism in light of gendered literary production during the fin de siècle than the reverse

The Pembrokeshire Murders Steve Wilkins,Jonathan Hill,2021-01-07

The dramatic compelling bestselling true story of how a serial killer was finally unmasked after evading justice for more than twenty years Now a major TV series starring Luke Evans 1980s In the beautiful unspoiled landscape of Pembrokeshire a serial killer is at large two double murders an assault the rape and assault of two teenagers all potentially the work of one man This is the fascinating true story of a brutal murderer and the detectives who worked the cold case for six years in order to bring him to justice Combining cutting edge forensic techniques with old fashioned detective work a team of detectives worked to build a case against their prime suspect But it was a race against time would he strike again No one could predict

that the killer's appearance on a gameshow would provide bizarre but crucial evidence The operation is now recognised as one of the greatest cold case reviews ever undertaken in the UK The killer is now serving a life means life sentence Perfect for fans of The Serpent     *The Best Value Colleges 2012* Princeton Review,2012-02-07 Looks at one hundred fifty colleges and universities across the country half public and half private that provide superb academic studies top notch facilities and other excellent features for a lot less money than the other schools     *Mediating Moms* Elizabeth Podnieks,2012 Women's studies cultural studies     The Humanism of Doctor Who David Layton,2014-01-10 From 1963 to 1989 the BBC television program Doctor Who followed a time traveling human like alien called The Doctor as he sought to help people save civilizations and right wrongs Since its 2005 revival Doctor Who has become a pop culture phenomenon surpassing its classic period popularity and reaching a larger more diverse audience Though created as a family program the series has dramatized serious themes in philosophy science religion and politics Doctor Who's thoughtful presentation of a secular humanist view of the universe stands in stark contrast to the flashy special effects central to most science fiction on television This examination of Doctor Who from the perspective of philosophical humanism assesses the show's careful exploration of such topics as justice ethics good and evil mythology and knowledge     *Pedagogy of Humanization* Chelda Smith Kondo,2024-03-30 The purpose of Pedagogy of Humanization Preparing Teachers for Culturally Sustaining Classrooms is to build a critical mass of educators who know how to employ the principles of critical pedagogy in elementary classrooms This includes attention to the various knowledge skills and dispositions required of critical pedagogues in their curricula instruction assessment classroom environment and relationships From Critical Race Theory CRT to restorative justice oriented classroom management the theoretical is made practical Moreover the structure of the book follows the curriculum of a traditional teacher education program making it complementary to any teacher education course The Pedagogy of Humanization is the first book to bring together the practice how and theory what and why of inclusive and asset based teaching In this book a group of teacher educators across disciplines explore their personal and professional identities to reveal the potential for applying each tenet of culturally relevant pedagogy in their respective fields Filled with anecdotes exercises user friendly theories and examples readers will learn how teachers can humanize themselves to have the capacity to be effective teachers of children who have been dehumanized and underserved by traditional teaching and schooling Pre service teachers will read this book so that they can connect the material they study in teacher education courses to the daily work of being an educator who aims to be justice oriented However this is not a foolproof guide or how to manual that could be completed without direct support from mentors and colleagues Instead readers will practice the sort of engagement in individual and community growth that ignites the possibility of teaching as a force for social change In many ways chapters of the text could be used through a flipped classroom approach whereby faculty invert the typical cycle of content acquisition and application The book will prove to be a valuable resource as a teaching text in classrooms devoted to critical pedagogy
