Fantastical Visions:

Fantastical Visions IV W. H. Horner, 2009-07-01 This edition features the magical art of Law and a selection of stories that travels across the sub genres of fantasy as young men and women struggle to find their places in worlds harsh and beautiful

Artistic Visions and the Promise of Beauty Kathleen M. Higgins, Shakti Maira, Sonia Sikka, 2017-03-06 This volume examines the motives behind rejections of beauty often found within contemporary art practice where much critically acclaimed art is deliberately ugly and alienating It reflects on the nature and value of beauty asking whether beauty still has a future in art and what role it can play in our lives generally The volume discusses the possible end of art what art is and the relation between art and beauty beyond their historically Western horizons to include perspectives from Asia The individual chapters address a number of interrelated issues including art beauty and the sacred beauty as a source of joy and consolation beauty as a bridge between the natural and the human beauty and the human form the role of curatorial practice in defining art order and creativity and the distinction between art and craft The volume offers a valuable addition to cross cultural dialogue and in particular to the sparse literature on art and beauty in comparative context It demonstrates the relevance of the rich tradition of Asian aesthetics and the vibrant practices of contemporary art in Asia to Western discussions about the future of art and the role of beauty

Perfect Copies Shiamin Kwa, 2023-01-13 Analyzing the way that recent works of graphic narrative use the comics form to engage with the problem of reproduction Shiamin Kwa's *Perfect Copies* reminds us that the mode of production and the manner in which we perceive comics are often quite similar to the stories they tell *Perfect Copies* considers the dual notions of reproduction mechanical as well as biological and explores how comics are works of reproduction that embed questions about the nature of reproduction itself Through close readings of the comics *My Favorite Thing Is Monsters* by Emil Ferris *The Black Project* by Gareth Brookes *The Generous Bosom* series by Conor Stechschulte *Sabrina* by Nick Drnaso and *Panther* by Brecht Evens *Perfect Copies* shows how these comics makers push the limits of different ideas of reproduction in strikingly different ways Kwa suggests that reading and thinking about books like these that push us to engage with these complicated questions teaches us how to become better readers

Necroculture Charles Thorpe, 2016-06-24 In this book the author draws on Karl Marx's writings on alienation and Erich Fromm's conception of necrophilia in order to understand these aspects of contemporary culture as expressions of the domination of the living by the dead under capitalism Necroculture is the ideological reflection and material manifestation of this basic feature of capitalism the rule of dead capital over living labor The author argues that necroculture represents the subsumption of the world by vampire capital

Encountering Material Culture Through Archaeological Fiction Kerry Dodd, 2024-12-12 Investigating the representation of artefacts objects and things in a range of predominantly Western archaeological fiction from the late Victorian period to the modern day this book examines the narratives through which humanity represents its own material heritage in relation to notions of enchantment exhibition estrangement adventure tourism and waste Kerry Dodd asserts that comprehending the structures through which material culture is presented within archaeological media reveals the structures that transform an object from rubbish to relic Calling upon such indicative literature films TV series and video games as Tomb Raider Indiana Jones Uncharted and Relic Hunter this book explores the depiction of material culture through three principal areas relics exhibition and adventure Outlining a critical framework of artefact representation Dodd argues that such iconic moments as Howard Carter's remark that he saw wonderful things when he broke into the antechamber of Tutankhamun's tomb remain recognisable through the evocation of a spectacular visual despite little concrete definition of the objects witnessed This book offers a unique exploration of how such figures as Indiana Jones Lara Croft and Carter have cemented a cultural recognition of what an artefact constitutes as being dependent on how an object is encountered It is through the very wonder of things that Dodd breaks down the boundaries between popular and professional archaeology by pushing forward critical considerations of material culture

An Anthropological Guide to the Art and Philosophy of Mirror Gazing Maria Danae Koukouti, Lambros Malafouris, 2020-09-03 Looking at one's face in the mirror and finding one's self in the mirror are not the same The former capacity is something we share with other animals the latter is a skill something we have to learn What does it mean and what does it take to find oneself the mirror This book provides a comparative anthropological enquiry

into the unity and diversity of mirror gazing The reader is encouraged to reflect upon and experiment with different mirror gazes through a range of case studies Koukouti and Malafouris weave together anthropology with philosophy and draw on examples from literature and experiments from psychopathology in a way that has never been attempted before The master metaphor is that of the mirror as trap Mirror gazing is viewed on a par with hunting Mirroring signifies the hunt for self knowledge In a time obsessed with the digital self image Koukouti and Malafouris reflect on the structures of consciousness that underpin the different ways of looking at and through the mirror Combining metaphor comparison and estrangement they gesture towards a therapeutic alliance between body and mirroring This allows us to look in the mirror and think of our shared humanity differently *British Fantasy Cinema* Carolyn Rickards,2024-09-30 Provides a fresh perspective on British fantasy film Combines a methodological approach of textual analysis critical discourse and production histories to expand current knowledge and appreciation of British fantasy film Promotes new avenues for film studies by investigating a comprehensive range of British film titles previously disputed or overlooked in existing academic scholarship Informs a more general understanding which is focused on contemporary fantasy but contributes to a broader historical assessment of the fantastic within British cinema In the period since 2001 cinema has witnessed a notable influx in fantasy film Many constitute adaptations from British fantasy literature often created and produced in the UK and showcase domestic talent both in front and behind the screen This includes massive box office hits such as the Harry Potter series 2001 2011 through to smaller scale and independent endeavours like Nanny McPhee 2005 MirrorMask 2005 and Franklyn 2008 However such films have received minimal critical attention as British fantasy films The reasons for this absence are manifold leaving many films contested ignored and omitted from established canons This book re addresses prevailing scholarship on the fantasy genre national film production and representation on screen providing readers with a revised appraisal of the contemporary film landscape It delivers a fresh perspective across a broad range of films which all embrace the fantastic within British cinema

Laboratory Lifestyles Sandra Kaji-O'Grady,Chris L. Smith,Russell Hughes,2019-02-05 A generously illustrated examination of the boom in luxurious resort style scientific laboratories and how this affects scientists work The past decade has seen an extraordinary laboratory building boom This new crop of laboratories features spectacular architecture and resort like amenities The buildings sprawl luxuriously on verdant campuses or sit sleekly in expensive urban neighborhoods Designed to attract venture capital generous philanthropy and star scientists these laboratories are meant to create the ideal conditions for scientific discovery Yet there is little empirical evidence that shows if they do Laboratory Lifestyles examines this new species of scientific laboratory from architectural economic social and scientific perspectives Generously illustrated with photographs of laboratories and scientists at work in them the book investigates how lifestyle science affects actual science Are scientists working when they stretch in a yoga class play volleyball in the company tournament chat in an on site caf or show off their facilities to visiting pharmaceutical executives The book describes among other things the role of

beanbag chairs in the construction of science at Xerox PARC the Southern California vibe of the RAND Corporation Malibu General Atomic La Jolla and Hughes Research Laboratories Malibu and Biosphere 2 s bionauts as both scientists and scientific subjects and interstellar laboratories Laboratory Lifestyles the title is an allusion to Bruno Latour and Steve Woolgar s influential Laboratory Life documents a shift in what constitutes scientific practice these laboratories and their lifestyles are as experimental as the science they cultivate Contributors Kathleen Brandt Russell Hughes Tim Ivison Sandra Kaji O Grady Stuart W Leslie Brian Lonsway Sean O Halloran Simon Sadler Chris L Smith Nicole Sully Ksenia Tatarchenko William Taylor Julia Tcharfas Albena Yaneva Stelios Zavos *Digging into the Dark Ages* Howard Williams, Pauline Magdalene Clarke, 2020-02-27 What does the Dark Ages mean in contemporary society Tackling public engagements through archaeological fieldwork heritage sites and museums fictional portrayals and art and increasingly via a broad range of digital media this is the first ever dedicated collection exploring the public archaeology of the Early Middle Ages **Spectralities in the Renaissance** Caroline Callard, 2022-04-21 Spectralities in the Renaissance explores the history of the idea of ghosts in early modern Europe moving away from thinking of them as a purely religious phenomenon but as something rooted in cultural traditions particularly in times of violence where the living and the dead were in close proximity Callard focuses on ancien regime France to explore how the notion of ghosts and the supernatural played a part in France s early modern past in such disparate areas as politics law natural philosophy and the cultural and emotional history of everyday life *Art and Culture in the Multiverse of Metaverses* James Hutson, 2024-08-01 Drawing on the art historical framing of Location Place and Identity this book will examine how the factors of Immersion Presence and Interactivity of XR are shaping our understanding of the world and our place within it Location refers to the specific geographical or spatial context in which a work of art is created or experienced Place refers to the social cultural and historical context of that location Identity refers to the ways in which individuals and communities construct and express their sense of self and belonging within those contexts Through case studies and theoretical analysis Art and Culture in the Multiverse of Metaverses Immersion Presence and Interactivity in the Digital Age will explore how the factors of Immersion Presence and Interactivity of XR can be aligned with these art historical concepts providing new opportunities for understanding and engaging with Location Place and Identity For example XR can be used to create immersive experiences of historical locations and cultural sites allowing users to explore and engage with them in ways that would otherwise be impossible Additionally XR can be used to create interactive artworks that engage with issues of identity and belonging creating new possibilities for self expression and exploration **A History of Fatigue** Georges Vigarello, 2022-10-14 Stress burn out mental overload the twentieth and twenty first centuries have witnessed an unrelenting expansion of the meaning of fatigue The tentacles of exhaustion insinuated themselves into every aspect of our lives from the workplace to the home from our relationships with friends and family to the most intimate aspects of our lives All around us are the signs of a burn out society a society in which fatigue has

become the norm How did this happen This pioneering book explores the rich and little known history of fatigue from the Middle Ages to the present Vigarello shows that our understanding of fatigue the words used to describe it and the symptoms and explanations of it have varied greatly over time reflecting changing social mores and broader aspects of social and political life He argues that the increased autonomy of people in Western societies whether genuine or assumed the positing of a more individualized self and the ever expanding ideal of independence and freedom have constantly made it more difficult for us to withstand anything that constrains or limits us This painful contradiction causes weariness as well as dissatisfaction Fatigue spreads and becomes stronger imperceptibly permeating everything seeping into ordinary moments and unexpected places Ranging from the history of war religion and work to the history of the body the senses and intimacy this history of fatigue shows how something that seems permanently centered in our bodies has over the course of centuries also been ingrained in our minds in the end affecting the innermost aspects of the self Within Room: The Power of

Imagination Lorraine Wise, Within Room a powerful exploration of the transformative power of imagination immerses readers in a unique and captivating world Through the experiences of Jack a young boy confined to a small room with his mother the book showcases the remarkable resilience of the human spirit and the profound impact imagination has on shaping our identity Jack s imaginative world within Room becomes a sanctuary a source of comfort and a tool for coping with the challenges he faces This insightful narrative explores the intricate relationship between imagination memory identity and freedom offering a poignant and thought provoking examination of the ways in which we navigate the world

Gertrude Stein's Surrealist Years Ery Shin, 2020-06-23 Examineshow surrealism enriches our understanding of Stein s writing through its poetics of oppositions Gertrude Stein s Surrealist Years brings to life Stein s surrealist sensibilities and personal values borne from her WWII anxieties not least of which originated in a dread of anti-Semitism Stein s earlier works such as *Tender Buttons* and *Lucy Church Amiably* tend to prioritize formal innovations over narrative building and overt political motifs However Ery Shin argues that Stein s later works engage more with storytelling and life writing in startling ways most emphatically and poignantly through the surrealist lens Beginning with *The Autobiography of Alice B. Toklas* and continuing in later works Stein renders legible her war-torn era s jarring dystopian energies through narratives filled with hallucinatory visions teleportation extreme coincidences action reversals doppelgängers dream sequences spanning both sleeping and waking states and great whiffs of the occult Such surrealist gestures are predicated on Stein s return to the independent clause and by extension to plot characterization and anecdotes By summoning the marvelous in a historically situated world Stein joins her surrealist contemporaries in their own ambivalent crusade on behalf of historiography Besides illuminating Stein s art and life the surrealist framework developed here brings readers deeper into those philosophical ideas invoked by war Topics of discussion emphasize how varied Jewish experiences were in Hitler s Europe how outliers like Stein can be included in the surrealist project surrealism s theoretical bind in the face of WWII and the age-old question of artistic
