Vernon Lee writes in the Preface to Hauntings My ghosts are what you call spurious ghosts of whom I can affirm only one thing that they haunted certain brains and have haunted among others my own First published in 1890 Lee s most famous volume of supernatural tales occupies a special place in the literature of the fantastic for its treatment of the femme fatale and the allure of the past along with the themes of thwarted artistic creativity and psychological obsession This collection which includes the four stories originally published in Hauntings and three others enables readers to consider Lee s work anew for its subtle redefinitions of gender and sexuality during the Victorian fin de si cle The appendices which include extensive excerpts from writings by Lee s predecessors and peers including Algernon Charles Swinburne Walter Pater and Lee s brother Eugene Lee Hamilton allow the reader to see how Lee takes on the themes and preoccupations of the
