Impacts and Implications for the Sports Industry in the Post-COVID-19 Era Faganel, Armand, Rižnar, Igor, Baruca, Arne, 2021-06-25 The sports industry had impressive global growth over the years with factors from the introduction of e sports and new streaming and viewing methods to sponsorships and digital media contributing to its rise However the COVID 19 pandemic brought upon a rapid change in this sector Sports seasons ended abruptly people s escape from reality suddenly vanished their spending attitudes

changed live games and commercial flights were suspended hotels were impossible to book and consumers practically turned into prisoners within their own homes No live sports matches were to follow on any media either so specialized sports channels were forced to play old recordings rather than broadcasting new events Even athletes themselves struggle to stay relevant and thus try to utilize creative methods to enhance their brand value in these difficult times With most of the sports leagues shut down during the pandemic with a few exceptions which performed in empty venues the restrictions diminished the sports experience compared to the pre COVID 19 era and the impacts were widespread Impacts and Implications for the Sports Industry in the Post COVID 19 Era explores the changes that have been and will continue to be created by the unexpected disruptions that occurred as a result of the pandemic within the sports industry fans consumption and recreational habits The chapters explore the status of sports after the pandemic paths to recovery and the future of sports along with the many impacts and issues that have arisen due to changes in the industry necessitated by COVID 19 Covering important topics such as mental health impacts on athletes and coaches the market value for professional sports consumer behavior during COVID 19 and the changes in marketing tourism and business this book is ideally intended for sports managers marketers broadcasting agencies media specialists brand managers fitness professionals practitioners stakeholders researchers academicians and students interested in the impacts on the sports industry and the outlook for sports in the post COVID 19 era

Social Consequences of Internet Use James E. Katz, Ronald E. Rice, 2002-08-30 A study of the impact of Internet use on American society based on a series of nationally representative surveys conducted from 1995 to 2000 Drawing on nationally representative telephone surveys conducted from 1995 to 2000 James Katz and Ronald Rice offer a rich and nuanced picture of Internet use in America Using quantitative data as well as case studies of Web sites they explore the impact of the Internet on society from three perspectives access to Internet technology the digital divide involvement with groups and communities through the Internet social capital and use of the Internet for social interaction and expression identity To provide a more comprehensive account of Internet use the authors draw comparisons across media and include Internet nonusers and former users in their research The authors call their research the Syntopia Project to convey the Internet's role as one among a host of communication technologies as well as the synergy between people's online activities and their real world lives Their major finding is that Americans use the Internet as an extension and enhancement of their daily routines Contrary to media sensationalism the Internet is neither a utopia liberating people to form a global egalitarian community nor a dystopia producing armies of disembodied lonely individuals Like any form of communication it is as helpful or harmful as those who use it

Communication and Sport Michael L. Butterworth, 2021-07-19 Sport is a universal feature of global popular culture

It shapes our identities affects our relationships and defines our communities It also influences our consumption habits represents our cultures and dramatizes our politics In other words sport is among the most prominent vehicles for communication available in daily life Nevertheless only recently has it begun to receive robust attention in the discipline of communication studies The handbook of Communication and Sport attends to the recent and rapid growth of scholarship in communication and media studies that features sport as a central site of inquiry The book attempts to capture a full range of methods theories and topics that have come to define the subfield of communication and sport or sports communication It does so by emphasizing four primary features First it foregrounds communication as central to the study of sport This emphasis helps to distinguish the book from collections in related disciplines such as sociology and also points readers beyond media as the primary or only context for understanding the relationship between communication and sport Thus in addition to studies of media effects mediatization media framing and more readers will also engage with studies in interpersonal intercultural organizational and rhetorical communication Second the handbook presents an array of methods theories and topics in the effort to chart a comprehensive landscape of communication and sport scholarship Thus readers will benefit from empirical interpretive and critical work and they will also see studies drawing on varied texts and sites of inquiry Third the handbook of Communication and Sport includes a broad range of scholars from around the world It is therefore neither European nor North American in its primary focus In addition the book includes contributors from commonly under represented regions in Asia Africa and South America Fourth the handbook aims to account for both historical trajectories and contemporary areas of interest In this way it covers the central topics debates and perspectives from the past and also suggests continued and emerging pathways for the future Collectively the handbook of Communication and Sport aspires to provide scholars and students in communication and media studies with the most comprehensive assessment of the field available
