## **Far Out In The New Age:**

**Possession, Power and the New Age** Matthew Wood, 2016-04-08 This book provides a new sociological account of contemporary religious phenomena such as channelling holistic healing meditation and divination which are usually classed as part of a New Age Movement Drawing on his extensive ethnography carried out in the UK alongside comparative studies in America and Europe Matthew Wood criticises the view that such phenomena represent spirituality in which self authority is paramount Instead he emphasises the role of social authority and the centrality of spirit possession linking these to participants class positions and experiences of secularisation Informed by sociological and anthropological approaches to social power and practice especially the work of Pierre Bourdieu and Michel Foucault Wood s study explores what he calls the nonformative regions of the religious field and charts similarities and differences with pagan spiritualist and

**The New Age** Arthur Moore, 1927 **The New Age Movement** Margrethe Løøv, 2024-10-02 This Element introduces New Age religion The New Age Movement is a loosely cohesive conglomerate of different spiritual currents with no common founder leader institution dogma or scripture Because of its diversity it may appear amorphous and incoherent at first sight This Element emphasizes both the unity and diversity of the New Age It approaches the phenomenon from three main perspectives 1 the historical development of New Age religion 2 ideas and practices associated with the New Age and 3

the social organization of the New Age movement It thus provides a wide angle view that sketches out some of the main patterns that emerge from a mosaic of individual currents and actors associated with the New Age It also highlights some of the differences within the movement by exploring some ideas and practices in depth *Discipleship in the New Age Vol I* Alice A. Bailey, Djwhal Khul, 2013-04-01 Two volumes contain the record of a series of personal and group instructions given to a small group of aspirants over a period of fifteen years by a Master of the Wisdom They contain detailed teachings on Meditation Initiation and the Six Stages of Discipleship They emphasise the new age pioneering necessity for group work the development of group consciousness and the change in training for initiation from individuals to discipleship groups

Roger Kriney, 2008-11-01 Cousins Ren Hadley and Doug Gove from New Jersey meet in St Paul Minnesota unexpectedly after fifteen years apart Both unable to heal from failed marriages and child separation agony seek out assistance from psychotherapist Palmer Anderson Although successfully able to guide them through their sadness and loneliness Anderson can't seem to prevent the collapse of his own family structure and career The three men in their early thirties together with another of Palmer's deeply troubled clients Jake Wilbert attempt to find their way through the post hippy cult oriented 1970s that was St Paul Fast forward to 2006 in the western coastal Mexican village of Sayulita the long time friends now in their early sixties gather at the home of the now expatriate Dr Anderson The decision to include Jake in the reunion proves questionable at best as he drags them through a two week marijuana hazed unwelcome and often unwholesome escapade through the Mexican drug trade sexual infidelity a dangerous confrontation with an indigenous Mexican tribe a romp through a new age clothing optional resort with a half Mexican half Japanese beauty a pretty Seattle travel agent and a group of Alabama society belles ending in a horrific clash with the unstable Mexican political scene This is a story of rescue and commitment between old friends Their 1960s attitudes of acceptance and tolerance are tested in the post 9/11 world as they discover just how much they have come to still rely on each other and just how important that reliance has become as they have aged Periodizing Secularization Clive D. Field, 2019-10-31 Moving beyond the now somewhat tired debates about

secularization as paradigm theory or master narrative Periodizing Secularization focuses upon the empirical evidence for secularization viewed in its descriptive sense as the waning social influence of religion in Britain Particular emphasis is attached to the two key performance indicators of religious allegiance and churchgoing each subsuming several sub indicators between 1880 and 1945 including the first substantive account of secularization during the fin de siècle A wide range of primary sources is deployed many of them relatively or entirely unknown and with due regard to their methodological and interpretative challenges On the back of them a cross cutting statistical measure of active church adherence is devised which clearly shows how secularization has been a reality and a gradual not revolutionary process The most likely causes of secularization were an incremental demise of a Sabbatarian culture coupled with the associated emergence of new leisure opportunities and transport links and of religious socialization in the church at home and in the

school The analysis is also extended backwards to include a summary of developments during the eighteenth and early nineteenth centuries and laterally to incorporate a preliminary evaluation of a six dimensional model of diffusive religion demonstrating that these alternative performance indicators have hitherto failed to prove that secularization has not occurred The book is designed as a prequel to the author s previous volumes on the chronology of British secularization Britain s Last Religious Revival 2015 and Secularization in the Long 1960s 2017 Together they offer a holistic picture of religious transformation in Britain during the key secularizing century of 1880 1980

**Sufism and Zen in the West** Saeko Yazaki, Michael Conway, 2025-02-20 Historically and culturally Sufism and Zen may not seem to have anything in common However in the West their spiritual messages are often perceived as strikingly similar In this book scholars analyse the ways in which Sufism and Zen were introduced to and developed in the West The collection shows that the popularity of these religions arose not because of the substantive shared elements within the two traditions but because their promoters in the West employed similar strategies to respond to the interests of a modern Western audience The first book to make a close comparison of Sufism and Zen this study is an important contribution to understanding Western religious life and processes of easternisation It sheds new light on how Sufism and Zen came to represent a spirituality that is both countercultural and in touch with modern sensitivities

Rosen, 2008-02-15 Since its inception the story of the apocalypse has been used as a means by

which to understand the world and one's place in it. The appeal of the apocalyptic myth is largely rooted in its ability to make sense of instances of crisis by incorporating those crises into a larger plan for history and an end of time that God has planned. Apocalypse is both an organizing principle to be imposed on an overwhelming seemingly disordered universe and a fundamentally moral story which offers hope of a new world where good and evil can be clearly delineated and addressed. But all of the traditional functions and comforts of the apocalyptic myth are challenged when the myth collides with postmodernism. The characteristics that define a work as postmodern ultimately destabilize the traits that make the apocalyptic myth unique. Using the work of Terry Gilliam, Don DeLillo, Kurt Vonnegut, and other writers in the genre, *Apocalyptic Transformation* examines the collision of the postmodern mode and the apocalyptic myth, explores the process of secularizing this religious story, and the reasons for doing so, and asks the question: What happens when an author undermines the grand narrative of the apocalypse?

**Afterimages** C. J. Fisher, 2004-08. Hurry, Hurry! Step right up! Secure all loose articles. Stay seated and keep your hands inside the cars. This is going to be one nonstop thrill ride. Join Rhode Island shopkeeper Lydia Gwyndorra as she takes us along through one mystifying summer season down by the sea and sand. Meet her three neighbors: beautiful but troubled Skyler, straight thinking engineer Jeff, and cocky arrogant Kristin. They all live on the third floor of a new oceanfront apartment building, and it strikes Lydia right away how her neighbors arrived there under strange yet similar circumstances. Now the inexplicable events occurring in their building are growing in intensity. In other words, the place is haunted. Once Lydia discovers that the great amusement park Fantasma Pointe by the Sea once occupied the site where they now live, things begin to make more sense. As she researches stories from the past, she begins to realize how they relate to what's happening now. But she can't figure it all out on her own, and time seems to be running out. Why does the shadow of the amusement park remain, and why were they all brought together at this particular place and time? Can Lydia, Kristin, Jeff, and Skyler put together all the pieces of this paranormal puzzle before the terrifying past repeats itself?

*Afterimages* contains the elements of an old-fashioned ghost story, a disaster movie, a time travel adventure, and a quirky sense of humor, all twisted together with a new-age philosophy that makes it just a little thought-provoking. Most of the story's setting is fictional, but at times it interacts with real places and history. Have fun; that's what it's all about.
