Far Tortuga Peter Matthiessen, 1989 **Far Tortuga** Peter Matthiessen, 2012-11 **Peter Matthiessen and Ecological Imagination** Intaek Oh, 2010 Peter Matthiessen and Ecological Imagination offers an ecocritical reading of the Watson Trilogy Killing Mister Watson 1990 Lost Man s River 1997 and Bone By Bone 1999 which draws together themes Matthiessen has been exploring both in his fiction and nonfiction While this study argues that his ecological imagination comes from his unique experience as a novelist naturalist environmentalist social activist and a student of Zen it also illustrates that for Matthiessen economic political social racial psychological epistemological and ecological issues are all inseparably interconnected Set in the Everglades frontier in the formative era of American industrial capitalism Matthiessen s novels are his grand attempt to reexamine the root causes of ecological disaster in the region and the costs to the people and the land that accompanied the conquering of the frontier

Sea-Brothers Bert Bender, 2015-11-16 Sea Brothers offers the most extensive analysis to date of the sea and its meaning in American literature On the basis of his study of Melville Crane London Hemingway Matthiessen and ten lesser known sea writers Bert Bender argues that the tradition of American sea fiction did not end with the opening of the western frontier and the replacement of sailing ships by steamers Rather he demonstrates its continuity and vitality identifying a central vision within the tradition and showing how particular authors draw from transform and contribute to it What is most distinctive about American sea fiction Bender contends is its visionary often mystical response to the biological world and to man s perceived place in the larger universe When Melville envisioned the sea as the essential element of life indeed as life itself he changed the course of American sea fiction by introducing the relevance of biological thought But his meditations on the whale and the ungraspable phantom of life project a different reality from that envisioned by his successors In American sea fiction after Melville the influence of Origin of Species is as powerful as that of Moby Dick or the theme of sailing ships being displaced by steam The ideal of brotherhood so central to American sea fiction was severely compromised by the biological reality of a competitive warring nature Twentieth century sea fiction has continued to center on the biological world and address the possibility of democratic brotherhood but the issues were fundamentally changed by Darwin s theories This book will be a valuable source for students and scholars of American literature and will interest readers of sea fiction

True Nature Lance Richardson, 2025-10-14 The first biography of Peter Matthiessen the novelist naturalist and Zen roshi whose trailblazing work championed Native American rights and

helped usher in the modern environmental movement by award winning writer Lance Richardson A stunning formidable achievement by a brilliant biographer Lance Richardson takes his readers on a wild ride with Peter Matthiessen Kai Bird Pulitzer Prize winning co author of American Prometheus Peter Matthiessen 1927 2014 a towering figure of twentieth century American letters achieved so much during his lifetime in so many different areas that people have struggled to pin him down While ambivalent about his WASP privilege as a teenager he demanded that his name be removed from the New York Social Register he attended Yale and cut his teeth in postwar Paris co founding The Paris Review as he worked undercover for the CIA But then after a rebellious stint as a Long Island fisherman he escaped into a series of wild expeditions floating through the Amazon to recover a prehistorical fossil embedding with a tribe in Netherlands New Guinea swimming with sharks off the coast of Australia His novels inspired by his travels were unclassifiable meditations about Caymanian turtle hunters and frontier outlaws in the Florida Everglades Meanwhile his nonfiction became legendary nature books like Wildlife in America key parts of the canon of emergent environmental writing says Bill McKibben as well as advocacy journalism supporting Cesar Chavez Leonard Peltier and Native American land claims Underlying all Matthiessen s disparate pursuits was the same existential search to find a cure for deep restlessness This search was most profoundly articulated in The Snow Leopard his famous account of a 250 mile wildlife survey across the Himalayas In True Nature Lance Richardson reconstructs the full scope of a spiritual quest that ultimately led Matthiessen even as he inflicted great pain on his family to the highest ranks of Zen Drawing on rich primary sources and hundreds of interviews Richardson depicts Matthiessen s life with page turning immediacy while also illuminating how the writer s uncanny gifts enabled him to sense connections between ecological decline racism and labor exploitation to express eloquently and presciently that in a damaged human habitat all problems merge

The Land's Wild Music Mark Tredinnick, 2011-04-14 The Land s Wild Music explores the home terrains and the writing of four great American writers of place Barry Lopez Peter Matthiessen Terry Tempest Williams and James Galvin In their work and its relationship with their home places Tredinnick an Australian writer searches for answers to such questions such as whether it s possible for a writer to make an authentic witness of a place how one captures the landscape as it truly is and

how one joins the place in witness so that its lyric becomes one's own and enters into one's own work. He asks what it might mean to enact an ecological imagination of the world and whether it might be possible to see the work and the writer as part of the place itself. The work is a meditation on the nature of landscape and its power to shape the lives and syntax of men and women. It is animated by the author's encounters with Lopez Matthiessen, Williams, and Galvin by critical readings of their work and by the author's engagement with the landscapes that have shaped these writers and their writing: the Cascades, Long Island, the Colorado Plateau, and the high prairies of the Rocky Mountains. Tredinnick seeks the spring of nature writing deep in the nature of a place itself, carried in a writer's wild self inside and resonated over and over again at the desk until it is a work in which the place itself sings.

On the River Styx Peter Matthiessen, 2012-05-09 Since the 1950s Peter Matthiessen has written fiction and nonfiction of elemental power and moral vision, including the acclaimed novels *At Play in the Fields of the Lord* and *Far Tortuga* and works of naturalism and exploration like the National Book Award-winning *The Snow Leopard*. This stunning collection of short stories, available for the first time in paperback, spans more than three decades of writing by one of the most acclaimed literary voices of our time.

Child of Light Madison Smartt Bell, 2020-03-17 The first and definitive biography of one of the great American novelists of the postwar era, the author of *Dog Soldiers* and *A Flag for Sunrise* and a penetrating critic of American power, innocence, and corruption. Robert Stone (1937-2015) probably the only postwar American writer to draw favorable comparisons to Ernest Hemingway, Graham Greene, and Joseph Conrad, lived a life rich in adventure, achievement, and inner turmoil. He grew up rough on the streets of New York, the son of a mentally troubled single mother. After his Navy service in the fifties, which brought him to such locales as pre-Castro Havana, the Suez Crisis, and Antarctica, he studied writing at Stanford, where he met Ken Kesey and became a core member of the gang of Merry Pranksters. The publication of his superb New Orleans novel *Hall of Mirrors* (1967) initiated a succession of dark-humored novels that investigated the American experience in Vietnam: *Dog Soldiers* (1974), which won the National Book Award; *Central America*; *A Flag for Sunrise* (1981); and *Jerusalem on the Eve of the Millennium* (1998). An acclaimed novelist himself, Madison Smartt Bell was a close friend and longtime admirer of Robert Stone. His authorized and deeply researched biography is both intimate and objective, a rich and unsparing portrait of a complicated, charismatic, and haunted man, and a sympathetic reading of his work that will help to secure Stone's place in the pantheon of major American writers.

The Caribbean Before Columbus William F. Keegan, Corinne L. Hofman, 2017 *The Caribbean Before Columbus* is a new synthesis of the region's insular history based on the author's 55 years of research in the Bahamas, Lesser and Greater Antilles. The presentation operates on multiple scales and individual sites highlight specific issues. For the first time, complete histories are elucidated through an emphasis on cultural diversity.

Tropical Classical Pico Iyer, 2011-10-05 In *Tropical Classical*, the author of *Video Nights in Katmandu* and *The Lady and the Monk* visits a holy city in Ethiopia where hooded worshippers practice a Christianity that has remained unchanged since the Middle Ages. He follows the bewilderingly

complex route of Bombay's dabbawallahs who each day ferry 100 000 different lunches to 100 000 different workers Iyer chats with the Dalai Lama and assesses the books of Salman Rushdie and Cormac McCarthy And he brings his perceptive eye and unflappable wit to bear on the postmodern vogues for literary puffery sexual gamesmanship and frequent flier miles Glittering with aphorisms overflowing with insight and often hilarious Tropical Classical represents some of Iyer's finest work

Prescott, Peter S Prescott was one of the most informed and incisive American literary critics to write for the general public Never content merely to summarize or to pronounce quick judgments Prescott's reviews are witty and delightful essays to be enjoyed for their own sake as examples of civilized discourse Whether he is exploring a well known novelist's outlook and methods or the peculiar deficiencies of a work of nonfiction Prescott's grace elegance and insights make each piece proof that real criticism need not be pedantic obscure or interminably long The focus in this second volume of Prescott's writings published by Transaction is on both fiction by American authors and on nonfiction reflecting our American unease He casts an ironic eye on how we in this country think we live now on what we are saying about ourselves in our fiction our history and our biography Prescott considers some of our century's classic writers Hemingway and Henry Miller John Cheever and Thornton Wilder He offers new insights regarding those who are still at work Mailer John Irving Oates Updike Ozick and Alice Walker Some authors do not fare well With his customary flair Prescott explains why the reputations of Kurt Vonnegut and Barbara Tuchman the *Encyclopedia Britannica* and John Gardner urgently need deflation He includes essays on writers and books not generally noticed in collections of criticism Stephen King *The Joy of Sex* fairy tales science fiction thrillers books on survival and etiquette Here is

a critic with a personal voice and a sense of style For essays published in this collection Prescott received the most highly regarded prize in journalism the rarely presented George Polk Award for Criticism This is a chronicle of our contemporary American culture as revealed by its books written with verve intelligence wisdom and wit by a critic who is cruel only when appropriate Encounters with American Culture is quite simply literary journalism at its urbane best Peter S Prescott was book review editor for Newsweek His books include A Darkening Green Notes from the Silent Generation and The Child Savers Juvenile Justice Observed Anne L Prescott is Helen Goodhart Altschul Professor of English at Barnard College
