Far And Few:

A Chain of Thunder Jeff Shaara, 2013-05-21 NEW YORK TIMES BESTSELLER Continuing the series that began with *A Blaze of Glory* Jeff Shaara returns to chronicle another decisive chapter in America's long and bloody Civil War. In *A Chain of Thunder* the action shifts to the fortress city of Vicksburg, Mississippi. There, in the vaunted Gibraltar of the Confederacy, a siege for the ages will cement the reputation of one Union general and all but seal the fate of the rebel cause. In May 1863, after months of hard and bitter combat, Union troops under the command of Major General Ulysses S. Grant at long last successfully cross the Mississippi River. They force the remnants of Confederate Lieutenant General John C. Pemberton's army to retreat to Vicksburg, burning the bridges over the Big Black River in its path. But after sustaining heavy casualties in two failed assaults against the rebels, Union soldiers are losing confidence and morale is low. Grant reluctantly decides to lay siege to the city, trapping soldiers and civilians alike inside an iron ring of Federal entrenchments. Six weeks later, the starving and destitute Southerners finally surrender, yielding command of the Mississippi River to the Union forces on July 4, Independence Day, and marking a crucial turning point in the Civil War. Drawing on comprehensive research and his own intimate knowledge of the Vicksburg Campaign, Jeff Shaara once again weaves brilliant fiction out of the ragged cloth of historical fact. From the command tents where generals plot strategy to the ruined mansions where beleaguered citizens huddle for safety, this is a panoramic portrait of men and women whose lives are forever altered by the siege. On one side stand the emerging legend Grant, his irascible second William T. Sherman, and the youthful grunt Private Fritz Bauer; on the other, the Confederate commanders Pemberton and Joseph Johnston, as well as nineteen-year-old Lucy Spence, a civilian doing her best to survive in the besieged city. By giving voice to their experiences at Vicksburg, *A Chain of Thunder* vividly evokes a battle whose outcome still reverberates more than 150 years after the cannons fell silent. Praise for *A Chain of Thunder*: Jeff Shaara continues to draw powerful novels from the bloody history of the Civil War. The dialogue intrigues; Shaara aptly reveals the main actors: Grant, stoic-driven, not given to micromanagement; Sherman, anxious, high-strung, engaged even when doubting Grant's strategy. Worth a Civil War buff's attention. Kirkus Reviews. Searing Shaara seamlessly interweaves multiple points of view as the plot is driven by a stellar cast of real-life and fictional characters coping with the pivotal crisis. A riveting fictional narrative. Booklist. Shaara's historical accuracy is faultless, and he tells a good story. The voices of these people come across to the reader as poignantly as they did 150 years ago. Historical Novels Review. The writing is picturesque and vibrant, an engrossing tale. Bookreporter. Theatre Worlds in Motion S.E. Wilmer,H. van Maanen,2024-04-02 Theatre Worlds in Motion aims to clarify the different theatre traditions and practices in Western Europe from a historical and sociological perspective The book grew out of a perceived need among theatre scholars who had recognised that while they understood the theatre system of their own country they often found it difficult to discover how it compared with other countries The chapters analyse the basic components and dynamics of theatre systems in seventeen Western European nations in order to elucidate how the systems function in general and how they vary in different cultures The book provides a sense of what has been happening recently in particular countries and indicates how the theatre systems have developed over time and have led to the current practices and structures Each national chapter considers the historical tradition and place of theatre within the country and analyses the role of the state in fostering theatre during the last fifty years Material from the national chapters has been used in two general chapters at the beginning and end of the book to provide an overview to developments in all Western Europe The introductory chapter on decentralisation discusses the tendency amongst governments to encourage cultural development outside the national capital by providing subsidy for regional theatre venues and theatre companies and in many cases by developing the decision making and budgetary powers for the theatre to regional and local authorities The epilogue on the functioning of theatre examines the common structures of theatre in society as described in the seventeen national chapters and it proposes areas for future research
