Herbert K. Russell

Far From Home Life And Loss In Two American Towns:

The Transformation of Rural Life Jane Adams, 2000-11-09 Jane Adams focuses on the transformation of rural life in Union County Illinois as she explores the ways in which American farming has been experienced and understood in the twentieth century Reconstructing the histories of seven farms she places the details of daily life within the context of political and economic change Adams identifies contradictions that on a personal level influenced relations between children and parents men and women and bosses and laborers and that more generally changed structures of power within the larger rural community In this historical ethnography Adams traces two contradictory narratives one stresses plenitude rich networks of neighbors and kin the ability to supply families from the farm the generosity shown to those in need while the other stresses the acute hardships and oppressive class gender and age inequities that characterized farm life The New Deal and World War II disrupted both patterns as the increased capital necessary for successful farming forced many to move from agriculture to higher paid nonfarm work This shift also changed the structure of the farm household as homes modernized and women found work off the farm Adams concludes that large scale bureaucracies leveled existing class distinctions and that community networks eroded as farmers came to realize an improved standard of living

Our Town David L. Kirp, John P. Dwyer, Larry A. Rosenthal, 1995 An account of the legal battle to open up New Jersey's suburbs to the poor looking at the views of lawyers on both sides of the controversy It is a case study of judicial activism and its consequences and an analysis of suburban attitudes regarding race class and property

Childerley Michael Bell, 1994-05-02 Bell argues they find in class and its conflicts the restraints and workings of social interests and feel that by living close to nature they have an alternative the identity of a country person a villager that the natural conscience gives

Stained with Blood and Tears John A. Beadles, 2019-09-10 Packed with villains victims and heroes *Stained with Blood and Tears* recounts the story of what has been called the equal opportunity lynchings of Will Froggie James who was black and Henry Salzner a white man in the rowdy river town of Cairo Illinois on November 11 1909 This book is the first to focus on one of the most infamous nights of lynching in the history of the United States when about one thousand men and women were transformed into a murderous mob The book also details a lesser known attempted lynching of a suspected purse snatcher by another mob about ninety days later That mob was beaten back by about a dozen mostly African American deputies and a white sheriff *Stained with Blood and Tears* ends with the saga of the killing of a Cairo policeman in the police station by the sheriff from a neighboring county over an incident that began in a Cairo brothel The book thoroughly examines a dark side of Cairo's past when it had a Jim Crow mind set and crooked policemen and was awash in liquor and teeming with prostitutes and gambling houses The violence of the era led the town's Catholic priest to lament Must this fair city of ours go ever in garments spattered with blood

Tom and Huck Don't Live Here Anymore Ron Powers, 2002-09-14 From a Pulitzer Prize winning author Tom and Huck Don't Live Here Anymore is a powerful disturbing and eye opening dispatch from the homefront that will take its place

alongside the works of Antony Lucas Robert Coles and Tracy Kidder Ron Powers hometown is Hannibal Missouri home of Mark Twain and therefore birthplace of our image of boyhood itself Powers returns to Hannibal to chronicle the horrific story of two killings both committed by minors and the trials that followed Seamlessly weaving the narrative of the events in Hannibal with the national withering of the very concept of childhood Powers exposes a fragmented adult society where children are left adrift transforming isolation into violence Powers s storytelling style keeps such good control over the pacing readers will know they re not headed for a disappointment at the ending Publishers Weekly

Rural Development Perspectives ,1989 The State of Southern Illinois Herbert K. Russell,2012-03-16 In The State of Southern Illinois An Illustrated History Herbert K Russell offers fresh interpretations of a number of important aspects of Southern Illinois history Focusing on the area known as Egypt the region south of U S Route 50 from Salem south to Cairo he begins his book with the earliest geologic formations and follows Southern Illinois s history into the twenty first century The volume is richly illustrated with maps and photographs mostly in color that highlight the informative and straightforward text Perhaps most notable is the author s use of dozens of heretofore neglected sources to dispel the myth that Southern Illinois is merely an extension of Dixie He corrects the popular impressions that slavery was introduced by early settlers from the South and that a majority of Southern Illinoisans wished to secede Furthermore he presents the first in depth discussion of twelve pre Civil War free black communities located in the region He also identifies the roles coal mining labor violence gangsters and the media played in establishing the area s image He concludes optimistically unveiling a twenty first century Southern Illinois filled with myriad attractions and opportunities for citizens and tourists alike The State of Southern Illinois is the most accurate all encompassing volume of history on this unique area that often regards itself as a state within a state It offers an entirely new perspective on race relations provides insightful information on the cultural divide between north and south in Illinois and pays tribute to an often neglected and misunderstood region of this multidimensional state all against a stunning visual backdrop Superior Achievement from the Illinois State Historical Society 2013 New Pioneers Jeffrey Jacob,2010-11

Practically everyone I know is nursing fantasies about escaping the life they re trapped in and creating one that makes more sense writes the editor of Utne Reader in a recent issue The people I most admire though are those who actually do it who break free and pursue a higher calling no matter how great the risk New Pioneers is about one such group of people the hundreds of thousands of urban North Americans who over the past three decades have given up their city or suburban homes for a few acres of land in the countryside Jeffrey Jacob s new pioneers are ordinary people who have tried to break away from the mainstream consumer culture and return to small town and rural America He traces the development of the movement and identifies seven different kinds of back to the lander the weekender country romantic purist country entrepreneur pensioner micro farmer and apprentice From over 1 300 survey responses interviews and in depth case studies at both the regional and national levels of representative back to the landers Jacob analyzes their values use of appropriate

technology family division of labor on their acreages and predisposition toward environmental activism Jacob finds that back to the landers for the most part are not completely independent of the mainstream economy and consequently their lives do reflect the contradictions between the available conveniences of a high technology culture and the movement's goals of self-reliant labor He analyzes their ambivalent attitudes toward technology hoes and shovels versus mini hydroelectric systems wood stoves versus microwave ovens and so on After examining the experiences of the back to the country people who live on the margins of a postindustrial society Jacob creates a clearer appreciation of the preconditions necessary to translate the idea of sustainable living into concrete action on a society wide scale While *New Pioneers* describes an important social movement it also shows how far a group of highly motivated individuals and families can go by themselves in breaking away from the prevailing consumer culture The dilemmas frustrations adaptations and triumphs of these neo homesteaders offer valuable insights to anyone contemplating a move back to the land

Mark Twain Ron Powers, 2008-09-04 Twain's story is epic comic and tragic To retrace it all in illuminating detail Powers draws on the tens of thousands of Twain's letters and on his astonishing journal entries many of which are quoted here for the first time Twain left Missouri for a life on the Mississippi during the golden age of steamboats enjoyed an uproariously drunken newspaper career in the Nevada of the Wild West and witnessed and joined the extremes of wealth and poverty of New York City and of the Gilded Age Through it all he observed borrowed stole and combined the characters he met into the voice of America's greatest literature attracting throngs of fans wherever his undying lust for wandering took him From Twain's wicked satire to his relationships with the likes of Ulysses Grant this is a brilliantly written story that astounds amuses and edifies as only a great life can

Dangerous Water Ron Powers, 2001-10-08 While Mark Twain remains one of our most quintessentially American writers the actual boyhood experiences that fueled his most enduring literature remained largely unexplored until now Twain's early years were a decidedly un-innocent time marked by deaths of friends and family and his father's bankruptcy Twain dealt with those personal tragedies through humor and the tall tale From the time that a ten year old Samuel Clemens lit out on his own and boarded his first Mississippi steamer to his first encounter with a traveling mesmerizer which ignited his lifelong penchant for acting and spectacle from the brooding sense of guilt and fear of eternal damnation inculcated into him at church to the superstitions and stories of witchcraft he learned from the blacks on his farm Powers unforgettably shows how Mark Twain was shaped by the distinctly American landscape culture and people of Hannibal Missouri Jay Parini the celebrated biographer of Robert Frost called *Dangerous Water* a long needed evocation of the boyhood of the man who invented boyhood for all time An immensely shrewd and deeply engaging book a great gift to all of us who love Twain

Nature, Production, Power Fred P. Gale, R. Michael M'Gonigle, 2000-01-01 This work sets out to conceptualize an ecological political economy The collection of essays offers a range of innovative analyses that highlight how changing rationalities and systems of governance production reproduction and exchange are implicated in the generation of ecological

Racism in Contemporary America Meyer Weinberg, 1996-05-23 Racism in Contemporary America is the largest and most up to date bibliography available on current research on the topic It has been compiled by award winning researcher Meyer Weinberg who has spent many years writing and researching contemporary and historical aspects of racism Almost 15 000 entries to books articles dissertations and other materials are organized under 87 subject headings In addition there are author and ethnic racial indexes Several aids help the researcher access the materials included In addition to the subject organization of the bibliography entries are annotated whenever the title is not self explanatory An author index is followed by an ethnic racial index which makes it convenient to follow a single group through any or all the subject headings This is a source book for the serious study of America s most enduring problem as such it will be of value to students and researchers at all levels and in most disciplines *Making America* Luther S. Luedtke, 1992 In this richly interdisciplinary work twenty eight of the nation s leading critics and scholars offer a comprehensive exploration of American society and culture Each outstanding in his or her own field the contributors address America from a diversit

The American Midwest Andrew R. L. Cayton, Richard Sisson, Chris Zacher, 2006-11-08 This first ever encyclopedia of the Midwest seeks to embrace this large and diverse area to give it voice and help define its distinctive character Organized by topic it encourages readers to reflect upon the region as a whole Each section moves from the general to the specific covering broad themes in longer introductory essays filling in the details in the shorter entries that follow There are portraits of each of the region s twelve states followed by entries on society and culture community and social life economy and technology and public life The book offers a wealth of information about the region s surprising ethnic diversity a vast array of foods languages styles religions and customs plus well informed essays on the region s history culture and values and conflicts A site of ideas and innovations reforms and revivals and social and physical extremes the Midwest emerges as a place of great complexity signal importance and continual fascination **Knowing Your Place** Barbara Ching, Gerald W. Creed, 2013-01-11 Knowing Your Place directs groundbreaking attention to the role of rural and urban places in identity construction Written to redress the longstanding neglect and denigration of the rural this book argues that the cultural

dominance of the city has been reinforced by postmodern theory's near fixation on the urban and the sophisticated. The essays explore rural identity in a number of cultures and situations and look at issues of contemporary interest. Topics covered include the uses of popular and high culture, the explosion of high technology, the social and economic impact of ecological policy, the role of labor in the global marketplace, museum curatorship and post colonial politics. Throughout the essays address the many ways in which place identity alters and influences the experience of race, class, gender and ethnicity.

Hot Paint Robert S. Levinson, 2003-08-18 L A newspaper columnist Neil Gulliver and his ex wife Stevie Marriner chase after priceless art masterpieces stolen more than 70 years ago and believed lost forever **Past Meets Future** Antoinette J. Lee, 1995-07-19 Emanating from a special National Preservation Conference leading experts present 33 essays on future trends in the historic preservation field. Topics range from cultural diversity to the future of American communities. This book will guide preservations and anyone concerned about our built environment into the next quarter century *How to Find Your Ideal Country Home* Gene GeRue, 1994 With wit, wisdom and down home good sense, country living expert GeRue provides the definitive nuts and bolts guide for finding a home in the country. 300 illustrations, 90 maps *Bibliographies of New England History* Roger N. Parks, 1995 A timely update of a comprehensive, acclaimed series that was granted an Award of Merit from the American Association for State Local History.
