Far Journeys:

Far Journeys Robert A. Monroe, 2014-11-12 The sequel to Monroe's *Journey Out Of The Body* is an amazing parapsychological odyssey that reflects a decade of research into the psychic realm beyond the known dimensions of physical reality

Magic, Spells and Potions Silvia Hartmann, 2009 Contains numerous magic spells This book also teaches you how to make your very own custom power spells, potions and much more It tells how to create charms and potions that work and create spells and curses or work with the numerous samples provided for beginners

The Ultimate Journey Robert A. Monroe, 2014-11-12 In 1958 a successful businessman named Robert Monroe began to have experiences that drastically altered his life Unpredictably and without his willing it Monroe found himself leaving his physical body to travel via a second body to locales far removed from the physical and spiritual realities of his life He was inhabiting a place unbounded by life or death Monroe recorded these experiences in two bestselling landmark books *Journeys Out of the Body* and *Far Journeys*

Ultimate Journey his final and career defining work takes us further than we thought possible and reveals to us what it all means *Ultimate Journey* charts that area which lies over the edge beyond the limits of the physical world It presents us with a map of the interstate the route that opens to us when we leave our physical lives with their entry and exit ramps their signposts and their hazards It also tells us how Monroe found the route and travelled it and uncovered the reason and the purpose of this pioneering expedition It is a journey that reveals basic truths about the meaning and purpose of life and of what lies beyond

The Journey of Robert Monroe Ronald Russell, 2025-09-12 In 1971 Doubleday published a book called *Journeys Out of the Body* a Virginia businessman's memoir of his weird and wonderful adventures on other planes of reality That book which has sold more than a million copies and that man Robert Monroe helped cement the concept of astral travel into the American psyche and made the out of body experience a household word Monroe not only helped others understand this state of being but through his research on binaural beats and his development of the technology known as Hemi Sync he made the OBE accessible through programs at The Monroe Institute which is attended by thousands of people each year However Monroe made consciousness research more than an esoteric thrill ride He put his technology to practical use by creating frequencies that have helped people with everything from meditation and learning to insomnia, quitting smoking and pain control

Sacred Journey of the Peaceful Warrior Millman Dan, 2015-01-29 This is the second book in the *Peaceful Warrior* Saga Neither a sequel nor prequel this adventure takes place within the context of the original book, shedding new light on the path he was to travel and would one day teach After a period of training with the man he calls Socrates, Dan Millman is sent away by his old mentor to apply what he has learned to everyday life Struggling with personal failure and growing disillusion, Dan sets out on a worldwide quest to rediscover the sense of clarity, meaning and purpose he found with Socrates then a long forgotten memory drives Dan to seek a mysterious woman, shaman in Hawaii She is the gateway to all his hopes and fears and the only one who can prepare him for what may follow Deep in a rain forest on the island of Molokai

Dan encounters mortal challenges vivid characters and startling revelations as he ascends the peaceful warrior's path toward the light that shines at the heart of creation In this compelling tale the author breathes new life into ancient wisdom and reminds us that all our journeys are sacred and all our lives an adventure **Antigoddess** Kendare Blake, 2013-09-10 A New York Times bestselling author presents a gory thrilling vision of the twilight of the gods in all their pettiness and power in this YA thriller Publishers Weekly starred review Old Gods never die Or so Athena thought But then the feathers started sprouting beneath her skin invading her lungs like a strange cancer and Hermes showed up with a fever eating away his flesh So much for living a quiet eternity in perpetual health Desperately seeking the cause of their slow miserable deaths Athena and Hermes travel the world gathering allies Their search leads them to Cassandra an ordinary girl who was once an extraordinary prophetess These days Cassandra doesn't involve herself in the business of gods in fact she doesn't even know they exist But she could be the key in a war that is only just beginning Because Hera the queen of the gods has aligned herself with other of the ancient Olympians who are killing off rivals in an attempt to prolong their own lives But these anti gods have become corrupted in their desperation to survive horrific caricatures of their former glory Athena will need every advantage she can get because immortals don't just flicker out The Goddess War is about to begin Blake's spunky and imaginative narrative illuminates the personalities of the gods especially Athena who's gone a bit punk and is endowed with wry humor readers will want to stay tuned Kirkus Reviews A great start the cliffhanger ensures that I will be impatiently waiting for the sequel USA Today **Life Beyond Death** Kjeld Johnsen, 2022-03-28 This is a true story about several unexplainable events that took place after our 18 year old daughter named Janne was hit by a car and killed I also write about the incredible messages we received through spiritual mediums Moral ethics credibility and honesty are for me not just words but values which I regard highly Therefore nothing has been written in this book that did not really happen *The One Mind* Matthew A. Fike, 2013-10-08 The One Mind C G Jung and the Future of Literary Criticism explores the implications of C G Jung's unus mundus by applying his writings on the metaphysical the paranormal and the quantum to literature As Jung knew everything is connected because of its participation in universal consciousness which encompasses all that is including the collective unconscious Matthew A Fike argues that this principle of unity enables an approach in which psychic functioning is both a subject and a means of discovery psi phenomena evoke the connections among the physical world the psyche and the spiritual realm Applying the tools of Jungian literary criticism in new ways by expanding their scope and methodology Fike discusses the works of Hawthorne Milton Shakespeare Wordsworth and lesser known writers in terms of issues from psychology parapsychology and physics Topics include the case for monism over materialism altered states of consciousness types of psychic functioning UFOs synchronicity and space time relativity The One Mind examines Goodman Brown's dream Adam's vision in Paradise Lost the dream sequence in The Wanderer the role of metaphor in Robert A Monroe's metaphysical trilogy Orfeo Angelucci's work on UFOs and the stolen boat episode in Wordsworth's The Prelude The

book concludes with case studies on Robert Jordan and William Blake Considered together these readings bring us a significant step closer to a unity of psychology science and spirituality The One Mind illustrates how Jung s writings contain the seeds of the future of literary criticism Reaching beyond archetypal criticism and postmodern theoretical approaches to Jung Fike proposes a new school of Jungian literary criticism based on the unitary world that underpins the collective unconscious This book will appeal to scholars of C G Jung as well as students and readers with an interest in psychoanalysis literature literary theory and the history of ideas The Uttermost Deep Gracia Fay Ellwood,2000-11 Covering neurological pharmacological and psychological approaches this book examines the constant themes that run through both positive and negative near death experiences Journeys to the Spiritual Lands Wallace W. Zane,1999-06-17 Although much has been written on the Afro Catholic syncretic religions of Vodou Candomble and Santeria the Spiritual Baptists an Afro Caribbean religion based on Protestant Christianity have received little attention This work offers the first detailed examination of the Spiritual Baptists or Converted Based on 18 months of fieldwork on the Island of St Vincent where the religion arose and among Vincentian immigrants in Brooklyn Zane s analysis makes a contribution to the literature on African American and African Diaspora religion and the anthropology of religion more generally Integral Psychotherapy R. Elliott Ingersoll,David M. Zeitler,2010-08-01 In Integral Psychotherapy self help meets rigorous scholarship Integral Psychotherapy is a dynamic framework for understanding the mind and uniting spirituality and psychotherapy Authors Elliott Ingersoll and David M Zeitler use Ken Wilber s Integral Model to guide readers through a startling new view of psychotherapy as a spiritual journey of self discovery This is the first book that grounds the Integral approach in mainstream research while showing how Integral Psychotherapy treats body mind and spirit and it offers an accurate history of many psychological ideas some mistaken prevalent in our society Integral Psychotherapy debunks the fads and fashions of self help gurus while mapping terrain readers can use to bring their lives into focus With humor and compassion the authors show that the life of the mind is complex and complexity is our friend Carry the Rock Jessica D. Rzeszewski,2014-12-12 Carry the Rock is a memoir for every spiritual seeker who signs on for a shamanic apprenticeship with their whole heart and soul yet they find that something is wrong The apprenticeship feels like a failure but no one is talking What s an apprentice to do if failure is not an option In Their Right Minds Carole Brooks Platt,2015-10-13 In 1976 Julian Jaynes proposed that the language of poetry and prophecy originated in the right god side of the brain Current neuroscientific evidence confirms the role of the right hemisphere in poetry a sensed presence and paranormal claims as well as in mental imbalance Left hemispheric dominance for language is the norm An atypically enhanced right hemisphere whether attained through genetic predisposition left hemispheric damage epilepsy childhood or later traumas can create hypersensitivities along with special skills Dissociative Others may arise unbidden or be coaxed out through occult practices Based on nearly twenty years of scientific and literary research this book enters the atypical minds of poetic geniuses Blake Keats Hugo Rilke Yeats Merrill

Plath and Hughes by way of the visible signs in their lives beliefs and shared practices *Deathing* Anya Foos-Graber,1989-01-15 Everyone who is born is someday going to die Some of us will die peacefully in our sleep some will die in accidents and some as the result of diseases cancer or AIDS Because we do not usually know when we are going to die most of us are frightened of death We do not want to talk about it do not want to face it and we run from it as long as we can And some of us die a lonely death in a hospital surrounded by strangers and white sheets while family and loved ones are kept out of the room at the final moment Anya Foos Graber believes that death like birth should be a shining light filled conscious moment Death is not a disease It is the most natural passage we will make since birth Looking at death before the time comes is like learning about natural childbirth before having a baby Just as women are choosing to be conscious participants in the birth process Foos Graber feels that all of us should be conscious as well of our eventual death that we should prepare for it the way the Tibetan Buddhists and American Indians used to do The author calls this process of conscious preparation and practice deathing The book presents two teaching stories illustrating both a conscious death and an unconscious one The second half of the book is a step by step manual containing complete instruction and simple exercises such as breathing visualization and the all important 6th technique or your chosen Name and form of God to which you direct your attention in life and the death transition You can use the formless LIGHT itself as referent an absence of any belief structure A support person rather like the father s presence in natural childbirth can assist in the event of coma or accident death Other books have been written about grief about wills about taking care of your affairs This is a book about taking care of yourself and how to be helpful to someone you care for Deathing has two aims to make sure that the dying are comfortable and comforted as they die and to help all of us prepare for the greatest adventure we will face since birth

Voyages into the Unknown Bruce Moen,1997-08-01 The author says I m just an ordinary human being whose curiosity about human existence beyond death led me to extraordinary experience If there is any difference between you and me it is only that my curiosity has already led me to explore and know what lies beyond death in the Afterlife This fascinating volume recounts the story of some of his voyages past the edge of life using techniques learned at The Monroe Institute Moen describes for the reader how to access this knowledge for themselves and to learn what the Afterlife really is **The proverbs of Scotland, collected and arranged, with notes by A. Hislop** Alexander Hislop (publisher),1870 **The Poetry of Meng Haoran** Paul W. Kroll,2021-07-19 Meng Haoran 689 740 was one of the most important poets of the High Tang period the greatest age of Chinese poetry In his own time he was famous for his poetry as well as for his distinctive personality This is the first complete translation into any language of all his extant poetry Includes original Chinese texts and English translation on facing pages **Spiritual Science** Eric Dubay,2012-07-12 For centuries the prevailing western worldview has been built upon the materialistic mechanical model of Isaac Newton a clockwork Universe composed of separate particles of matter interacting according to precise physical laws and existing within objective dimensions of space

and time This model has long succeeded in describing many facets of our multi faceted reality but increasingly since the revelations of Einstein and the paradigm crushing implications of quantum physics Newton s world is quietly fading from view and being replaced by a more spiritual science Topics covered include Quantum Physics Consciousness The Holographic Universe Morphic Fields The Human Energy Body Psychoneuroimmunology Chi Chakras Meridians Acupuncture Auras Telepathy Psychokinesis Remote Viewing Precognition Out of Body Experiences Near Death Experiences Entheogens Death Ghosts Reincarnation God Tao Brahma Void Infinite Consciousness and Oneness Apocalypse Pretty Soon Alex Heard,2000-01-04 The inspired madness of America s apocalyptic and pre millennial organizations may have reached a fever pitch with the turn of the twenty first century but intrepid cultural traveler Alex Heard spent a ten year period witnessing the crescendo firsthand Heard s enthusiasm led him on errands as diverse as being a voyeur at a Republic of Texas militia standoff accompanying an expectant UFO greeting party to a remote field in Minnesota and enacting the grief of the California quail at an ad hoc therapy group for fierce environmentalists who believe the earth is an actual living entity that s preparing to kill off its human population and soon or at least pretty soon Amazing as it may seem however throughout this trenchant subcultural travelogue Heard never stoops to ridicule his subjects As one reviewer puts it Heard s real achievement may be that he makes us care in a way that is more than voyeuristic about the colorful characters he meets on the road to the new millennium He takes these people seriously allows his assumptions to be challenged and lets himself find that some of their beliefs and fears reflect his own San Jose Mercury News Apocalypse Pretty Soon will appeal to science fiction fans and students of subcultures as well as anybody interested in way out alternatives to the brave new world Amazing as it may seem however throughout this trenchant subcultural travelogue Heard never stoops to ridicule his subjects As one reviewer put it Heard s real achievement may be that he makes us care in a way that is more than voyeuristic about the colorful characters he meets on the road to the new millennium He takes these people seriously allows his assumptions to be challenged and lets himself find that some of their beliefs and fears reflect his own San Jose Mercury News Now in paperback this book will have an audience well beyond millenniamania from science fiction fans to students of subculture and anybody interested in way out alternatives to the brave new world New Brunswick Out of Body and Near Death Experiences Dorothy Dearborn,2004
