Far Tomorrow:

Tomorrow's Communities Henry Tam, 2021-07-30 This book sets out how people's lives can be positively transformed through diverse forms of community involvement. It shows how communities can become more collaborative and resilient in dealing with the problems they face and provides a guide to what a holistic policy agenda for community-based transformation should encompass.

Clubland J. C. Jones, 2025-01-03 Jimmy Harris, a seasoned veteran in the nightclub industry, unexpectedly finds himself at the helm of his own club. After years of working behind the scenes, he takes ownership out of necessity, driven by the needs of his young family and mounting bills. Striving to strike a balance between his personal and professional life, Jimmy watches as his nightclub begins to gain popularity, and with it, an increasing demand on his time and energy. As the club's success grows, so too does its hold over Jimmy's life. We follow his journey as the pressures and challenges of managing the club start to overshadow his personal relationships and well-being. With the stakes getting higher, Jimmy is faced with a critical decision: Something has to give, and he must confront the daunting task of reconciling the demands of his thriving business with the needs of his family.

Suffering of the Condemned Omar Rivera Guadalupe, 2021-05-16 Stories of horror and the macabre have entertained and intrigued us for thousands of years. We wish we could have avoided many of these stories because they traumatized us mentally by occupying that small part of our mind where memories dwell. They became part of our subconscious, and they are so unforgettable that they come forth from that part of our brain when we are in places and situations that we feel are dangerous. Have you ever been in a wooded area and you imagined a ghostly presence present just because you read or heard a story at some time? Horror stories can be compelling and unforgettable, and that is what this book aims at accomplishing. These horror stories were designed to transport you to places and introduce you to characters that you will dislike and fear, but like those stories that consumed our memories, these stories will stick with you forever. Memories of horror stories have a way of playing tricks with our minds, and the stories in this book are no different.

Jackal's Dance Beverley Harper, 2002-06-01 Agony exploded in her knee. She staggered, tried to keep going, then nearly fell as a shocking pain rushed up her leg. Confusion and fear swamped her senses, escape suddenly essential. The tuskless cow turned and hobbled away, each step agonising torture. Her front right knee joint had been shattered by the single copper-jacketed bullet. Man, her hated enemy, had just handed out a death sentence. As the rangers and staff of a luxury lodge in Etosha National Park, Namibia, welcome the last guests of the season, thoughts are predominantly on the three-month break ahead. Except for Sean, who is fighting his growing attraction for the manager's wife, Thea. Camping in the park nearby, Professor Eben Kruger has his work cut out keeping the attention of the university students in his charge on the behavioural habits of the cunning jackal. None of them could ever be prepared for the horrendous events about to take place. Each will be pushed to breaking point as the quest for survival becomes the only thing that matters. Shocking, gripping, breathtaking. Beverley Harper's outstanding new novel is a guaranteed bestseller.

The Hiking Book

From Hell Are Kalvø,2022-05-31 For fans of Bill Bryson and David Sedaris comes an anti nature memoir that will resonate with anyone who would rather stay inside with a book than venture into the mountains from one of Scandinavia s biggest comedians A smart funny and honest expos of the cult of the outdoors from the sublime to the ridiculous Foreword Reviews Sometime around his forties Are Kalv starts losing his friends to the mountains Friends who used to meet him at the pub are now hiking and skiing every weekend and when they do show up all they talk about is feeling at one with nature without a hint of irony When Are realizes he s the only person who hasn t posted a selfie on a mountain he starts to wonder does he have it all wrong To find out Are buys some ridiculously expensive gear and heads into the woods The result of his sardonic trek is at once a smart and funny take down of outdoors culture and a reluctant surrender to nature s undeniable pull An adventure a comedy and a tragedy The Hiking Book from Hell is destined to become a nature writing and nature hating classic

The Complete Works of W.R. Bion W. R. Bion,2019-01-15 The Complete Works of W R Bion is now available in a coherent and corrected format Comprising sixteen volumes bound in green cloth this edition has been brought together and edited by Chris Mawson with the assistance of Francesca Bion Incorporating many corrections to previously published works it also features previously unpublished papers Including a general index and editorial introductions to all the works these volumes will be a useful and valuable aid to psychoanalytic scholars and clinicians and all those interested in studying and making use of Bion s thinking Bion s writings including the previously unpublished papers and additions to his Cogitations collected together in the Complete Works show that the clinical thrust of Bion s work has clear lines of continuity with that of Melanie Klein just as her work has an essential continuity with the later work of Freud In Bion s clinical work and supervision the goal remains insightful understanding of psychic reality through a disciplined experiencing of the transference and countertransference the setting and the method however much Bion s terminology might suggest otherwise remains rigorously psychoanalytic
