Pop Trash Jason Mecier, 2018-08-07 Artist Jason Mecier creates insanely detailed portraits of celebrities using trash, candy, and other items, crafting sculptural celebrations as beautiful as they are outrageous. Here is Amy Sedaris assembled from her own trash, David Bowie made out of cosmetics and feathers, Snoop Dogg sculpted out of weed, Justin Timberlake and Miley Cyrus crafted out of candy, Kevin Bacon bespoke in bacon, and many many more. Fun process shots offer behind-the-scenes insights into the meticulous work required to create these candy-colored and literally trashy spotlights. How much licorice does it take to make Harry Potter? With mesmerizing tributes to icons ranging from Stevie Nicks to Farrah Fawcett to Honey Boo Boo, this gallery of the famous and infamous is a visual treat for fans of pop culture and pop art alike.

Starmaker Jay Bernstein, 2018-09-01 This memoir by the legendary publicist offers an intimate glimpse into the best and the worst of the golden age of Hollywood. Stacy Keach, Golden Globe Award-nominated actor, Jay Bernstein, an entertainment industry fixture who helped launch the careers of celebrities including Farrah Fawcett and Suzanne Somers, was famed for his sense of showmanship, his outrageous style, and the publicity stunts he engineered to get attention for his clients. *Starmaker* tells his story from his childhood in Oklahoma City and his first job in a Hollywood mailroom to the ownership of his own public relations firm and his work as a television producer. In addition to a behind-the-scenes look at several generations of show business and hard-hitting insights about how the industry changed over the decades, Bernstein also describes the relationships he had with stars and his notorious techniques, such as paying women to throw hotel keys at Tom Jones, having Entertainment Tonight host Mary Hart's legs insured for one million dollars, and getting married underwater for an episode of *Lifestyles of the Rich and Famous*. With the wisdom of experience and a sense of humor, this autobiography shares the intimate details of a fascinating Hollywood life.

Thinking Critically About the Kennedy Assassination Michel Jacques Gagné, 2022-03-27 *Thinking Critically About the Kennedy Assassination* uses the tools of critical thinking, historical research, and philosophical inquiry to debunk the many myths and conspiracy theories surrounding JFK's shocking and untimely death. As we approach the 60th anniversary of the violent public assassination of President John F. Kennedy, over half of all Americans surveyed continue to believe that he was killed by a conspiracy involving multiple assassins. Through its reasoned and detailed analysis of the content and evolution of JFK conspiracy narratives, this book also serves as a comprehensive case study of paranoid reasoning and modern mythmaking. The book's opening chapters lay out the official academic consensus concerning the Kennedy assassination, better known as the Lone Gunman Theory, and discuss the origins of popular interpretations of Kennedy's life and death, such as the nostalgic myth of Camelot, the unsympathetic Irish Mafia narrative, and the many conspiracy theories critical of both. Subsequent sections scrutinize the

alleged motives of leading conspiracy suspects the ballistic forensic and medical evidence related to JFK's murder and the most popular proofs of an enduring government cover up The book concludes that no clear evidence exists to suggest that JFK was the victim of a conspiracy and ends with a discussion of the causes and consequences of paranoid thinking in contemporary public discourse This volume will appeal to students of history politics psychology and cultural and media studies and to a broader audience interested in American history critical thinking and conspiracy thinking **Focus On:**
