

The Farraakhan Phenomenon

**Race, Reaction, and
the Paranoid Style
in American Politics**

Robert Singh

Farrakhan Phenomenon

Clifton E. Marsh

Farrakhan Phenomenon:

American Voices Bernard K. Duffy, Richard Leeman, 2005-08-30 Contemporary public speaking remains an important part of our national life and a substantial force in shaping current events Many of America's most important moments and issues such as wars scandals election campaigns September 11 2001 have been defined by oratory Here over 50 essays cover a substantial and interesting group of major American social political economic and cultural figures from the 1960s to the present Each entry explains the biographical forces that shaped a speaker and his or her rhetorical approach focuses mainly on a discussion of the orator's major speeches within the context of historical events and concludes with an appraisal of the speaker and his or her contribution to American political and social life All entries incorporate chronologies of major speeches bibliographies including primary sources biographies and critical studies and archival collections or Web sites appropriate for student research Entries include high profile individuals such as John D Ashcroft Elizabeth Dole Jerry Falwell Anita Hill Ralph Nader Ronald Reagan Janet Reno Gloria Steinem Malcolm X and many others Excerpts of major speeches and sidebars complement the text Ideal for researchers and students in public speaking classes American history classes American politics classes contemporary public address classes and rhetorical theory criticism classes *The Farrakhan Phenomenon* Robert S. Singh, 1997-07-01 In this penetrating critical analysis of Louis Farrakhan's ascent to national influence Robert Singh argues that the minister's rise to prominence is a function of race and reaction in contemporary America Singh probes the origins and significance of Farrakhan in American politics Drawing on published and unpublished records personal interviews and Farrakhan's writings and speeches Singh places Farrakhan expressly within the paranoid style of such reactionaries as Jesse Helms and Joseph McCarthy Examining Farrakhan's biographical details religious beliefs political strategies and relative influence Singh argues that Farrakhan is an extreme conservative who exploits both black white divisions and conflicts within the black community for personal advancement Singh proposes that Farrakhan's complex appeal to African Americans is based on his ability to orchestrate the diffuse forces of African American protest against the status quo Paradoxically says Singh Farrakhan has achieved his position in part by positioning himself against most African American political leaders a tactic made possible by the extent to which black American politics now displays the same basic features as American politics in general By stoking the fires of fear and hatred yet effecting no real changes Farrakhan poses a greater threat to black Americans than to whites The *Farrakhan Phenomenon* is written in a clear accessible style that will appeal to general readers concerned about race relations as well as to scholars of American history and politics It reveals a shrewd opportunist who has capitalized on America's continuing failure to deal with its serious and abiding race problems

Conspiracy Theories in American History Peter Knight, 2003-12-11 The first comprehensive history of conspiracies and conspiracy theories in the United States *Conspiracy Theories in American History* An Encyclopedia is the first comprehensive research based scholarly study of the pervasiveness of our deeply ingrained culture of conspiracy From the

Puritan witch trials to the Masons from the Red Scare to Watergate Whitewater and the War on Terror this encyclopedia covers conspiracy theories across the breadth of U S history examining the individuals organizations and ideas behind them Its over 300 alphabetical entries cover both the documented records of actual conspiracies and the cultural and political significance of specific conspiracy speculations Neither promoting nor dismissing any theory the entries move beyond the usual biased rhetoric to provide a clear sighted dispassionate look at each conspiracy real or imagined Readers will come to understand the political and social contexts in which these theories arose the mindsets and motivations of the people promoting them the real impact of society s reactions to conspiracy fears warranted or not and the verdict when verifiable that history has passed on each case

A Lethal Obsession Robert S. Wistrich, 2010-01-05 In this unprecedented work two decades in the making leading historian Robert S Wistrich examines the long and ugly history of anti-Semitism from the first recorded pogrom in 38 BCE to its shocking and widespread resurgence in the present day As no other book has done before it *A Lethal Obsession* reveals the causes behind this shameful and persistent form of hatred and offers a sobering look at how it may shake and reshape the world in years to come Here are the fascinating and long forgotten roots of the Jewish difference the violence that greeted the Jewish Diaspora in first century Alexandria Wistrich suggests that the idea of a formless God who passed down a universal moral law to a chosen few deeply disconcerted the pagan world The early leaders of Christianity increased their strength by painting these superior Jews as a cosmic and satanic evil and by the time of the Crusades murdering a Christ killer had become an act of conscience Moving seamlessly through centuries of war and dissidence *A Lethal Obsession* powerfully portrays the creation of the Protocols of the Elders of Zion the fateful anti-Semitic tract commissioned by Russia s tsarist secret police at the end of the nineteenth century and the prediction by Theodor Herzl Austrian founder of political Zionism of eventual disaster for the Jews in Europe The twentieth century fulfilled this dark prophecy with the horrifying ascent of Hitler s Third Reich Yet as Wistrich disturbingly suggests the end of World War II failed to neutralize the Judeophobic virus Pogroms and prejudice continued in Soviet controlled territories and in the Arab Muslim world that would fan flames for new decades of distrust malice and violence Here in pointed and devastating detail is our own world one in which jihadi terrorists and the radical left blame Israel for all global ills In his concluding chapters Wistrich warns of a possible nuclear Final Solution at the hands of Iran a land in which a formerly prosperous Jewish community has declined in both fortunes and freedoms Dazzling in scope and erudition *A Lethal Obsession* is a riveting masterwork of investigative nonfiction the definitive work on this unsettling yet essential subject It is destined to become an indispensable source for any student of world affairs

Betty Shabazz, Surviving Malcolm X Russell J. Rickford, 2003 The gunmen rose from the crowd and set their sights on Malcolm X The thunder of shotgun blasts ripped through the ballroom and Betty Shabazz turned to see her husband float backward keel over and crash to the ballroom stage She grabbed her children hurling them beneath a booth and shielding them with her body while the room erupted into screams and chaos As

she lay there squeezing her family the Betty Shabazz who was the dutiful and obedient wife of the Civil Rights Movement's most feared leader ceased to be and the woman who emerged would become one of the greatest heroines of our day Betty Shabazz Surviving Malcolm X is the first major biography of Dr Betty Shabazz the unsung and controversial champion of the Civil Rights era From her early marriage to black liberation's raging voice through her evolution into a powerful and outspoken African American leader Betty Shabazz was in constant struggle to bring freedom and justice to her people Yet at times her greatest fight was to struggle through tragedy and hold on to her faith amidst the stereotypes forced on her by a culture of racism and the very people she was trying to liberate To read Betty Shabazz Surviving Malcolm X is to experience this remarkable life With eloquent and intimate prose Russell J Rickford puts you on the scene as a young Betty Sanders is taken in by foster parents after a troubled childhood You are there as Malcolm X comes home from a hard day of railing against oppression to hug his children dote on his wife and laugh You dive under the table at the Audubon Ballroom as bullets strike Malcolm down You struggle with Betty Shabazz as she fights to raise six girls alone while earning a doctorate You stand triumphant with her as she claims her own individuality and fights to build respect for Malcolm And you stand watch with her daughters as Betty passes away a victim of yet another tragedy but this time after a life lived full Russell J Rickford has conducted extensive research to compile this biography interviewing more than seventy of Betty Shabazz's family members friends colleagues and contemporaries as well as researching countless records and documents including recently declassified FBI CIA and New York Police files This is the first complete look at the life of Betty Shabazz and a new insight into the man who was known as Malcolm X Betty Shabazz is the story of a strong woman who faced incredible tragedy and emerged triumphant compassionate and always full of life In the end it is the story of a nation torn apart by hatred learning to heal and forgive

The Lost-Found Nation of Islam in America Clifton E. Marsh, 2000-03-22 This book sheds light on The Nation of Islam and Minister Louis Farrakhan from the ideological splits in the Nation of Islam during the 1970s to the growth and expanding influence in the 1990s

Enemies Within Robert Alan Goldberg, 2008-10-01

divdivThere is a hunger for conspiracy news in America Hundreds of Internet websites magazines newsletters even entire publishing houses disseminate information on invisible enemies and their secret activities subversions and coverups Those who suspect conspiracies behind events in the news the crash of TWA Flight 800 the death of Marilyn Monroe join generations of Americans from the colonial period to the present day who have entertained visions of vast plots In this enthralling book Robert Goldberg focuses on five major conspiracy theories of the past half century examining how they became widely popular in the United States and why they have remained so In the post World War II decades conspiracy theories have become more numerous more commonly believed and more deeply embedded in our culture Goldberg contends He investigates conspiracy theories regarding the Roswell UFO incident the Communist threat the rise of the Antichrist the assassination of President John Kennedy and the Jewish plot against black America in each case taking historical social and

political environments into account Conspiracy theories are not merely the products of a lunatic fringe the author shows Rather paranoid rhetoric and thinking are disturbingly central in America today With media validation and dissemination of conspiracy ideas and federal government behavior that damages public confidence and faith the ground is fertile for conspiracy thinking DIV DIV Thirteen Ways of Looking at a Black Man Henry Louis Gates, Jr.,2011-06-08 This is a book of stories writes Henry Louis Gates and all might be described as narratives of ascent As some remarkable men talk about their lives many perspectives on race and gender emerge For the notion of the unitary black man Gates argues is as imaginary as the creature that the poet Wallace Stevens conjured in his poem Thirteen Ways of Looking at a Blackbird James Baldwin Colin Powell Harry Belafonte Bill T Jones Louis Farrakhan Anatole Broyard Albert Murray all these men came from modest circumstances and all achieved preeminence They are people Gates writes who have shaped the world as much as they were shaped by it who gave as good as they got Three are writers James Baldwin who was once regarded as the intellectual spokesman for the black community Anatole Broyard who chose to hide his black heritage so as to be seen as a writer on his own terms and Albert Murray who rose to the pinnacle of literary criticism There is the general turned political figure Colin Powell who discusses his interactions with three United States presidents there is Harry Belafonte the entertainer whose career has been distinct from his fervent activism there is Bill T Jones dancer and choreographer whose fierce courage and creativity have continued in the shadow of AIDS and there is Louis Farrakhan the controversial religious leader These men and others speak of their lives with candor and intimacy and what emerges from this portfolio of influential men is a strikingly varied and profound set of ideas about what it means to be a black man in America today We Can't Go Home Again Clarence E. Walker,2001-06-14 Afrocentrism has been a controversial but popular movement in schools and universities across America as well as in black communities But in We Can t Go Home Again historian Clarence E Walker puts Afrocentrism to the acid test in a thoughtful passionate and often blisteringly funny analysis that melts away the pretensions of this therapeutic mythology As expounded by Molefi Kete Asante Yosef Ben Jochannan and others Afrocentrism encourages black Americans to discard their recent history with its inescapable white presence and to embrace instead an empowering vision of their African specifically Egyptian ancestors as the source of western civilization Walker marshals a phalanx of serious scholarship to rout these ideas He shows for instance that ancient Egyptian society was not black but a melange of ethnic groups and questions whether in any case the pharaonic regime offers a model for blacks today asking if everybody was a King who built the pyramids But for Walker Afrocentrism is more than simply bad history it substitutes a feel good myth of the past for an attempt to grapple with the problems that still confront blacks in a racist society The modern American black identity is the product of centuries of real history as Africans and their descendants created new hybrid cultures mixing many African ethnic influences with native and European elements Afrocentrism replaces this complex history with a dubious claim to distant glory Afrocentrism offers not an empowering understanding of black

Americans past Walker concludes but a pastiche of alien traditions held together by simplistic fantasies More to the point this specious history denies to black Americans the dignity and power that springs from an honest understanding of their real history

A History of the Nation of Islam Dawn-Marie Gibson,2012-04-23 This book provides a fascinating unparalleled look at the Nation of Islam including its history the complexity of its views towards orthodox Muslims women and other minorities and the trajectory of the group after the 1995 Million Man March The release of the Federal Bureau of Investigation s extensive archive of surveillance files interviews and firsthand accounts has made it possible to reveal the truth behind the myths and misperceptions about the Nation of Islam This comprehensive resource catalogues the times places and people that shaped the philosophies from its formative years through to its present incarnation The definitive source on the subject A History of The Nation of Islam Race Islam and the Quest for Freedom draws on over a dozen interviews along with archival and rarely used sources The book departs from the usual Malcolm X centric treatment of the subject and instead examines the early leadership of Fard Muhammad challenges conventional views on Malcolm X and explores the present day internal politics of the movement post Louis Farrakhan s retirement

The Black Studies Reader Jacqueline Bobo,Cynthia Hudley,Claudine Michel,2004 First published in 2004 Routledge is an imprint of Taylor Francis an informa company

Conspiracy Nation Peter Knight,2002-02 An intriguing interrogation of America s long running obsession with conspiracy theories Why are Americans today so fascinated by Area 51 How did rumors that the AIDS virus originated as a weapon of biowarfare emerge Why does the Kennedy assassination provoke heated debate over fifty years after the fact and why did Donald Trump s birther theories only serve to increase his popularity with voters The origins of these ideas reveal important facets of American culture and politics Placing conspiracy thinking at the center of American history and challenging the knee jerk dismissal of conspiratorial thought as deluded and often dangerous Conspiracy Nation provides a wide ranging survey of conspiracy theories in contemporary America In the 19th century inflammatory rhetoric about slave revolts the well publicized specter of the black rapist and the formation of the Ku Klux Klan all worked as conspiracy theories to legitimate an emerging sense of national consciousness based on an ideology of white supremacy one that still persists today In our contemporary world panicked responses to increasing multiculturalism and globalization yield new notions of victimhood and new theories about conspiratorial plans for global domination Offering up a provocative array of examples ranging from alien abduction to the novels of DeLillo and Pynchon to Tupac Shakur s paranoid style Conspiracy Nation documents and unearths the workings of conspiracy in the contemporary moment Contributors Clare Birchall Jack Bratich Bridget Brown Jodi Dean Ingrid Walker Fields Douglas Kellner Peter Knight Fran Mason John A McClure Timothy Melley Eithne Quinn and Skip Willman

New Perspectives ,1985 *Civil Rights Digest* ,1985 *Air Force Engineering & Services Quarterly* ,1986

Methods of Argument Deborah H. Holdstein,Danielle Aquiline,2019 This reader is designed to support Composition II courses focused on methods and techniques of argument The selections will model an array of critical

thinking as well as argumentative writing techniques by which one can argue a single point of view and also more complex mixed forms of argumentation The goal will always be to model how a student may respond in writing and discussion with an accountable well supported viewpoint In a current climate of fake news and alternative facts this reader provides a timely and compelling context in which to offer students opportunities to craft reasoned arguments with evidence Selections will be framed by an introduction featuring a narrative on analyzing and writing arguments the importance of accountability including challenging others less than compelling arguments and information on the reading and writing process Selections themselves will comprise both classic and contemporary sources and be diverse in origin genre and topic **What Went**

Wrong? Murray Friedman,1995 From Selma to Crown Heights what happened to the Black Jewish civil rights alliance Murray Friedman recounts for the first time the whole history of the Black Jewish relationship in America from colonial times to the present and shows that this history is far more complex and conflicted than historians and revisionists admit

Pastoral Misconduct Janelle M. Eliasson-Nannini,2017-09-08 In the past clergy malfeasance was mentioned only in passing by group members or adherents The subject was invisible and those who studied it were often stigmatized as hostile to religion itself Today clergy misconduct is acknowledged as a social problem with growing conceptual and theoretical implications In Pastoral Misconduct Anson Shupe and Janelle M Eliasson Nannini argue that the history and traditions of black pastoral leadership coupled with the close identity of many black congregants with their pastor congregation and racial subculture creates opportunity structures that facilitate predatory behavior Familiarity and mutual identity frequently leads victims to drop their normal levels of wariness Major denominations and minor sects have been studied but this unique study by Shupe and Eliasson Nannini pursues nuances of pastoral bad behavior in a new context This book is not a tabloid treatment of the American black church In fact the black church becomes the vehicle for a major new sociological development a theory of clergy misconduct in any minority religion **Culture Wars** Roger Chapman,2010 Although

openness and inclusion are cornerstones of life in the United States intolerance and reactionary politics are also very real As the nation prepares to elect a new president The Culture Wars addresses the key defining issues of contemporar *Religion and Politics in the United States* Kenneth D. Wald,Allison Calhoun-Brown,2007 Religion and Politics in the United States Fifth Edition offers a comprehensive account of the role of religious ideas institutions and communities in American public life While maintaining that religion is too politically potent to be left out or consigned to the margins in accounts of American politics Wald and Calhoun Brown also argue against the common tendency to treat religion as the dominant force in politics today Early topics include the nature and persistence of religion in the United States its contribution to the Founding and the continuing debate over the role of religion in government and law Following a discussion of how religious factors encourage political action the book concludes by discussing basic political attitudes and behavior among members of mainstream American religious traditions and minority religious communities defined by ethnicity race gender and sexual orientation The

new edition greatly expands coverage of various religious minorities with a new chapter on politics and religion among African Americans Latinos Muslim Americans Latter Day Saints Mormons and other faith traditions There is larger focus on how religion influences the politics of local communities
